MANY NEW MEN FOR KANSAS MEET

Jones Predicts Close Score—Some Events are Conceded to K. U.

HURT KEEPS CATRON OUT

M. U. Will Also Enter Team in K. C. A. C. Invitation Meet a Week Later.

Practically all of the seventeen men who will go to Kansas City to compete in the annual indoor Kansas-Missouri track meet, March 29, have been chosen. Two men for the relay team are yet to be decided upon.

Prospects for this event are hard to judge, according to T. E. Jones, in charge of the track team. One or two events are practically conceded to Kansas and the others will be close, judging from information he has concerning the Kansas team. The loss of Catron through an injury to his leg at the athletic carnival weakens the team somewhat. As a result of his injury the men who compete in the 50-yard dash will be new men in that event. Kansas is also running new men, however. In the two-mile race Missouri's men are also new, while Kansas has a good man in Murray.

The 880 and 440-yard races will in all probability be won by Missouri. There are several others also that the Tigers should take.

Ammons, who won the Missouri Valley championship in the shot-put last year, is still with the Kansas team.

The men who have been picked for the events are as follows: 50-yard dash, Kirksey and Walton; mile run, Shockley, Smith; two-mile, Wick-

ham, Moss; 440-yard run, Bermond, Hutsell; high hurdles, Nicholson, Thatcher; low hurdles, Kirksey, Nicholson; half mile, Bermond, Shockley; high jump, Nicholson, Thatcher; pole vault, Talbot, Hailey; shot put, Elmer Anderson, Thatcher; relay, Bermond, Hutsell. The remaining two men for the relay will be chosen after a try-out next Saturday afternoon. Knoble, Butler, Estes, Robinson, Breckner and Lake will compete in the try-out.

In addition to the events between Kansas and Missouri there will be a number of high school and grammar school contests. There will probably also be one or two invitation events under the auspices of the Kansas City Athletic Club.

The K. C. A. C. invitation meet will be held in Kansas City a week later, April 6. Ten men from Missouri will be entered and it is hoped that Catron will be in shape to run again by that time.

Brief Local News

Mrs. E. M. Price left this morning for a visit in St. Louis.

J. W. Ridgeway left this morning to visit his mother, Mrs. M. J. Ridgeway of Hallsville.

Miss Francis Hooe, who has been visiting Mr. and Mrs. J. E. Hooe the last month, left this morning for her home in Frankford, Mo.

Mrs. J. M. Ford who has been visiting Mrs. Harry Broadhead's mother the last week left this morning for her home in St. Joseph.

Miss Lucile Hunt, a student in Christian College, left this morning for Liberty to visit her parents. Miss Hunt will return to Columbia Monday night.

Miss Grace Keith, who teaches school in Fulton, returned to that place this morning. Miss Keith came to Columbia last Friday for a visit to her parents, but became ill and had to remain longer than she intended.

Mrs. S. B. Gullar of South Bend, Ind., who has been spending the winter with W. W. Chenoweth of Bass avenue left this morning for Macon where she will visit her brother, N. B. Warner.

B. F. Day and wife left this morning for Moberly. Mr. Day came to Columbia Tuesday looking for an opening in the grocery business but decided that this business was over done here.

Mrs. W. H. Slaughter left this morning for Sturgeon to visit her father, J. H. White. Mrs. Slaughter was accompanied by her sister, Miss Ollie White, who has been visiting her the last week. Mrs. Slaughter will be gone about two weeks.

Mrs. L. W. St. Clair Moss left this morning for Kansas City where she will attend the luncheon at the Baltimore Hotel given by the Kansas City Christian College Alumnae Association tomorrow. Mrs. Moss will be the guest of Mrs. T. T. Crittenden while she is in that city.

ROBIN LOSES MOVING WORM

Returns Home for Official Spring Festival and Finds Ground Frozen.

He is late, but he came last night. He breakfasted this morning on the campus, on the golf links, and on the farmers' meadows. Perhaps he did not get the worm for it was too cold for the worm to be out. In fact it was almost too cold for Mr. Robin's new red waistcoat, but he did not seem to mind. Perhaps he would have waited until a better day for his coming if he could have chosen, but he had to come yesterday for the sun officially presented spring to the northern hemisphere by crossing the vernal equinox.

MISS BOB LINDSAY IN LEAD FOR QUEEN

Eleven Candidates in Primary Conducted by the Savitar.

TO BE NAMED AT CARNIVAL

Ad Club Busy Arranging for Annual Stunt and Dance.

Miss Bob Lindsay's leading in the Savitar queen primary being carried on by the Ad Club. The voting to date has been light. Eleven candidates have been nominated.

The object of the primary is to nominate candidates to be voted upon at the Ad Club Carnival. The rules permit anyone to name a candidate by dropping the name in the Savitar box in Academic Hall. All ballots must be signed. This is done to prevent repeating, those in charge of the contest say.

The six girls having the highest number of votes when the primary closes next Monday afternoon at 1 o'clock will be voted upon by tickets at the carnival. No candidates will be considered after the primary closes and all votes other than for those nominated will be thrown out.

The eleven girls who have been nominated up to the present are Bob Lindsay, Margaret Corbin, Josephine Hale, Marjorie Potts, Carmelita Anderson, Juanita Pink, Ann Shaw, Doria Jackson, Arretta Watts, Marjorie MacArthur and Bess Phillips.

The queen will as usual have a page in the Savitar, leading the section devoted to University Women. Nalty, a photographer, has offered a dozen of his best pictures, the Missouri Store \$5 in coupons, and The Palms six pounds of candy.

Tickets for the carnival are now on sale at the Missouri Store, The Palms, Penn's Pharmacy and by members of the club. Reserved seats will be put on sale Monday.

The committee in charge of the entertainment has six main stunts planned and a number of features. The stunts will begin at 8 o'clock and will last until 10. Following this there will be a dance. An eight-piece orchestra will furnish music. There will be twelve dances.

The University Cadet Band will play throughout the evening. Returns from the various events at the Missouri-Kansas track meet will be given at the carnival.

Disposition of the funds will be decided on at a meeting of the Ad Club this afternoon. The money raised will be used to advertise the University in some manner.

ROAD-MAKING BULLETIN ISSUED

W. S. Williams and R. Warren Roberts Write of Missouri Materials.

"Realizing the popular interest that has been awakened for good roads," W. S. Williams, assistant professor of topographic engineering, and R. Warren Roberts, assistant in civil engineering, have published a bulletin, "An Investigation of the Road Making Properties of Missouri Stone and Gravel." It is the purpose of the bulletin, according to the introduction, to show what are the best materials and combination of materials, as determined by laboratory experiments, available for road building in Missouri.

Three graduates in civil engineering were sent out to obtain from assigned territories in the states samples of stone and gravel that might be used in building roads. In this way, samples of promising road material were obtained from most of the counties. The stone and gravel collected was submitted to laboratory tests explained in detail in the bulletin "to enable the highway engineer to ascertain in advance if a stone is satisfactory for road building purposes or, if there are several kinds of materials available, which is the best or what combination of available materials is likely to give the best results."

In regard to the road building material of Boone County the bulletin says that the limestone samples examined from this county do not possess good wearing qualities but are valuable for their cementing properties. The gravel from Hinkson Creek shows a high resistance to wear, but owing to its hardness and rounded shape, the gravel would not bind well unless some material were added.

"With a finely crushed softer rock, such as the blue limestone, for a binder, it is believed that a good road can be constructed from this gravel," the bulletin says.

Call 55 for the University Missourian business office.

Ad Club Carnival Friday, March 29; tickets here.

All Sweater-coats AT 20 Per Cent Off

On the golf links these spring afternoons, a Sweater-coat keeps out the damp or chilly air, yet fits snugly and gives you entire freedom to drive.

(This is only one of a lot of uses everyone finds for sweater-coats.)

The rest of this week, beginning tonight, \$2.50 Sweater-coats may be had for \$2.00; \$5.00 ones for \$4.00. The reduction applies to all.

Ours is a trade that Service made.

 Just off the Campus on Ninth.
