MISS DORA BATTSON QUILTS

Resignation of Parker Hospital Nurse Accepted.

The resignation of Miss Dora Battson, superintendent of the training school for nurses at the Parker Memorial Hospital, was accepted by the Executive Board. She resigned on account of ill health. No successor has been chosen.

In the report of F. B. Mumford, dean of the College of Agriculture, attention was called to the fact that 648 students had been enrolled in the Branch Short courses given in nine towns this year. He also mentioned the honor to the stock judging team by winning the four Armour scholarships because of their work at the International Live Stock Show at Chicago. These scholarships call for \$250 each. The first was won because the team made the highest score among the other institutions for judging cattle. The second scholarship was won because they had the highest score in judging all kinds of live stock. The other two prizes were given because of the superior exhibit of the Missouri boys.

O. S. Raynor, student assistant in agronomy, tendered his resignation. It was accepted. Miss Maud Hyslop, a girl trained in library work at the University of Wisconsin, was appointed assistant cataloger at the University library. Martin D. COLUMBIA TO HEAR NEW STATE SONG

Four Tunes Approved by Committee to Be Sung by Glee Club.

CONCERT TO BE APRIL 11

A Kansas City Chorus Also Will Exhibit the Music.

A Columbia audience will have the first chance to vote for the choice of the four tunes which were recently chosen by the State Song Committee and Governor Hadley to be the music of the state song, at the second concert given this year by the Glee Club Thursday night, April 11.

A concert for this purpose was to have been given in St. Louis, but arrangements could not be made. The music will also be sung soon by Carl Busch's chorus in Kansas City and the class of G. R. Gebhart in Kirksville. If the public at large choose one certain song as being the best and most representative, then Missouri's trouble will be over and it will have a state song. The words, which were written by Mrs. Lizzie Chambers Hull of St. Louis, sung to any of the four tunes, will cause the "Houn Dawg Song" to be forgotten is the opinion of the Governor after hearing the songs sung over the telephone from Columbia. Gov. Hadley may attend the concert given by the Glee Club.

The concert will be in the University Auditorium and followed by a dance in the corridors of Academic Hall. The admission will be 50 cents. The rest of the program will consist of an assortment of songs. Seats will go on sale Saturday morning.

The club will have a trip this year, which will be about April 16. The date and the towns to be visited have not been determined.

A PIONEER DIES

Solomon Shobe Was a Descendant of Daniel Boone.

Solomon Shobe, a direct descendant of Daniel Boone, and a pioneer Boone County farmer, died at 6 o'clock this morning 11 miles east of Columbia. The immediate cause of his death was heart disease, following a ride on horseback of a couple of miles. Mr. Shobe's constitution had been weakened by old age and pleurisy.

Mr. Shobe was born at Loure Island, Montgomery County, Mo., 83 years ago April 16, and moved to Boone County about 50 years ago. For many years he was considered one of the most successful farmers of this section of the state. He has four children: L. D. Shobe of the Boone County Trust Company, Mrs. John Glenn of Two-Mile Prairie, Mrs. S. M. Stevinson of Columbia and George Shobe of St. Louis.

The funeral will be at 1 o'clock tomorrow at Prairie Grove. The Rev. W. S. St. Clair will officiate.

The Sedalia Special Road District commissioners have ordered an election April 20 to vote on a proposition to issue bonds to the amount of \$200,000 to complete the sixteen rock roads now leading out of the city to the district limits. It is believed the proposition will carry by a good majority.

DEATH OF A JUNIOR

Samuel Smith, who has been ill at Parker Memorial Hospital more than four weeks, died yesterday afternoon. The body was taken to the Parker undertaking rooms and taken to Centralia this morning. Burial will be at Gant, Mo., twelve miles from Centralia tomorrow.

Mr. Smith was opposed to going to the hospital at first, but he suffered such pain that he finally consented to go. He was admitted to the hospital March 6, and underwent an operation for appendicitis March 11. The direct cause of his death, according to Dr. Guy L. Noyes, was suppurating peritonitis.

BERMOND MAY RUN SHEPPARD

Nicholson, Also, May Compete With K. C. A. C. Meet.

Lester Bermond, captain of the Tiger track team, and J. P. Nicholson, winner of the championship in the high hurdle at the Big Eight meet last spring both of whom are candidates for the Olympic team, will probably have a chance to show what they can do at the K. C. A. C. meet in Convention Hall at Kansas City Saturday night. Melvin Sheppard of New York, who won many points in the last two Olympic meets, will probably run against Bermond, and Hazen, the high-hurdler from the University of Kansas, who defeated Nicholson at the Missouri-Kansas dual meet, will probably be matched with him again.

Bermond has a chance to win the half-mile race on the Convention Hall track and in any case he has nothing to lose, for a defeat by Sheppard would be no disgrace. On the other hand, if he won, his chances for the Olympic team would be strengthened.

Prof. C. L. Brewer and T. E. Jones are both out of town and it is not known what men will enter the meet for Missouri.

JUDGE WAS LENIENT

"A Little Bet on the Side" Almost Sent a Man Back to Jail.

A wait, none had seemed sure for what in the Circuit Court today was interrupted by the appearance of a boy, edging his way into the inclosure and up to the judge's desk. A mere boy he was, although the judge called him a man, (with the psychology of a judge's insight), a boy in face, form and youthfulness of step, white, scared, and almost hunted he looked, as the prosecuting attorney said accusingly: "Your Honor, Thomas Mahaney has been reported as being in a crap game since last term of court."

"Only bet a little on the side," gulped the boy. Closer leaned the judge over his bench and right down into the boy's face he talked. For him and the boy, the drowsy, lazy, droning court room was empty.

"Tom, I'm sorry," and no one doubted he meant it. "You are a man grown, physically well-made, able to be in every sense a man, a decent part of the community. Why, Tom, you have a wife. Do you think she is proud to walk down the street with a husband who is pointed out as a lawbreaker, and with a sentence maybe to fall over his head. Think now, suppose it was the other way round, would you be proud of her?"

"No, Sir."

Leaning still closer the judge continued: "I am going to give you one more chance. Quit loafing around. You can be a man. I'll be sorry if you don't."

The wheels of legal procedure were almost clogged for a time this morning by two small vowels. The difficulty arose over whether a man's name was Homer or Hamer.

It was in the case against Edward Pauley, who is charged with having stolen a horse from Hamer Fistus, a farmer living south of Columbia, last February. A plea of not guilty was entered by the counsel for the defense yesterday. This morning the jury was selected and several witnesses were examined.

When Hamer Fistus was being examined he said that his name was Hamer and not Homer, as many persons seemed to think. J. L. Stephens, counsel for the defense filed a demurrer. He claimed that there was no such a person as the Homer Fistus, named in the information filed against Pauley. Judge Harris overruled him.

The jury sentenced Pauley to two years in the penitentiary this afternoon.

PAY DAY YESTERDAY FOR CITY COUNCILMEN

Each Man Got \$100 for Year's Salary and Mayor Got \$400.

MORE SIDEWALKS SOON

Tile for Pope and Fairview to Drain Water Standing in Houses.

Only one day each year is pay day for the City Council. Last night at the regular meeting of the council \$2,752.75 was ordered paid to the different city officials. The mayor receives \$400 a year and the members of the council receive \$100 each, for a year's work. The other city officials receive a monthly salary.

This is the one meeting of the year when the members of the council are in no hurry to adjourn. When the motion for adjournment was made last night it was several minutes before a second was heard. When it was finally made and carried no one left. The mayor was busy signing checks for the members and all waited for their money. One councilman was asked what he intended to do with his money and replied that it was not worrying him because he had already spent it.

A bill appropriating \$52.70 from the Conley poor fund was passed.

The contracts for constructing sidewalks on the north side of Monroe street from Paris Road to Bowling street and on the east side of Taft street from Monroe to Gordon were awarded to Garth Clinkscales. A petition for a sidewalk on the west side of McBaine avenue from Ash to Sexton Road was granted. The walk will be made on a grade to be established by an ordinance. There was also a petition for assessing the property owners on McBaine avenue for funds to grade the street. The matter was referred to the engineer and the attorney.

The city engineer was ordered to put in tile to drain the water from the intersection of Pope street and Fairview avenue. The water is standing in some of the houses there. A sidewalk was ordered constructed on the east side of Second street from Broadway to Walnut.

PROTEST BUILDING SIDEWALKS

Walnut Street Citizens Quote Constitution in Petition to Council.

Because the constitution of the United States insures to every citizen "life, liberty and the pursuit of happiness," the people of West Walnut street petitioned the City Council last night against the construction of sidewalks on that street. The petition goes further to state that they would be forced to leave the city because of the expense of making the walks.

"Such action," says the petition, "would be undemocratic and un-American."

The council laid the matter over for the present. The sidewalks if built will be from Guitard street to the end of Walnut.

STILL SOME WAR DEBT MONEY

Boone County Has Not Used All of State Allotment.

Boone County still has \$28.65 of the war debt money which was received from the state treasury in 1907. In that year legislature appropriated equal portions of \$475,198.13, received from the United States as "reimbursement of interest war debt." Each county, including the city of St. Louis as such, was to get an equal share and should use it for the sole purpose of building or improving roads provided each township was allotted its share.

By 1908 all except the \$26.65 cents of the \$4,132.15 given Boone had been spent by the county on good roads. In a recent report of John L. Henry, county clerk, the amount was listed as money on hand from the war debt. He says that this amount ought to be transferred to the revenue fund.
