

SERMON TO SENIORS BY NEW YORK PASTOR

The Rev. John MacIntosh of Ithaca Will Give Baccalaureate Address.

TO BE SUNDAY, JUNE 1

Coburn Players Will Open Exercises of Seventy-First Commencement.

The Rev. John Alexander MacIntosh, pastor of the First Presbyterian Church at Ithaca, N. Y., will preach the baccalaureate sermon at the seventy-first commencement of the University. The address will be at 11 o'clock Sunday morning, June 1, in the University Auditorium.

The production of "Othello" at 4 o'clock Saturday afternoon in the Auditorium by the Coburn players will open the commencement program. "King Henry V" will also be given by the Players that night before the Columns.

The remainder of the commencement program is:

Monday, June 2. 11 a. m.—Dress parade by the University Cadets. The campus.

2 p. m.—Entertainment by the students of the School of Engineering. Rollins Field.

7 p. m.—Concert by the University Cadet Band. The campus.

7:30 p. m.—Annual reunion and banquet of the School of Law.

8:15 p. m.—The Coburn Players in "Iphigenia." At the Columns.

Tuesday, June 3. 10 a. m.—Entertainment by the students of the School of Journalism. The University Auditorium.

12-6 p. m., 7-10 p. m.—The County Fair, presented by the students of the School of Agriculture. The State Farm.

Wednesday, June 4. 9 a. m.—Annual business meeting of the Alumni Association. The University Auditorium.

11 a. m.—Athletic events. Rollins Field.

1 p. m.—Phi Beta Kappa luncheon. The University Club.

2 p. m.—The June fete, presented by the University women. The campus.

3:30 p. m.—"The Piper," presented by the University Women. The campus.

8 p. m.—The Phi Beta Kappa address by Prof. Paul Shorey, LL. D., professor of Greek in the University of Chicago. The University Auditorium.

9 p. m.—The senior ball. Rothwell Gymnasium.

Thursday, June 4. 10 a. m.—The commencement exercises. Address by President William Oxley Thompson, LL. D., president of Ohio State University; announcement of prizes and honors; conferring of degrees. The tent.

12 m.—Class day exercises of the graduating class. At the Columns.

1 p. m.—The alumni luncheon. Lathrop Hall.

7:30 p. m.—Concert by the University Orchestra. The University Auditorium.

9 p. m.—Reception by President and Mrs. A. Ross Hill to the alumni, the graduating class, and the guests of the University. Rothwell Gymnasium.

TIGER TRACK TEAM JUBILANT

Victory Saturday Gives Hope of Conference Championship.

The Missouri track men are back and are feeling jubilant over their defeat of Kansas, 62 to 47. The men who saw the meet, to and there were about fifty rooters from Columbia and Kansas City, say that it was the best meet that Missouri ever won.

The events which decided the meet were the 200-yard dash, the 2-mile run and the half mile. These events had been conceded to Kansas by K. U. rooters and by the Kansas City papers.

Patterson, the Kansas captain, running his last intercollegiate race at Lawrence, was defeated by Murphy in the half mile. They ran neck and neck for the first 300 yards, then Murphy gained and came in winner by 15 yards. The time, 2:34, is good for the event, as the rain in the morning had made the track soft.

Crane, who won over Kirksey in the 120-yard dash, lost the 220-yard dash to him by 10 feet. Wickham in the 1-mile run took revenge on Edwards for the defeat he received at Convention Hall last winter. Wickham ran the first mile in 4:45, the best time made in an intercollegiate meet in the West this year. His time for the race was 10 minutes 4-5 seconds.

Floyd broke the Varsity pole vault record with a jump of 11 feet 4 inches. The record broken was made by Stevens in 1909 at 11 feet 2 inches.

Hutsell took second place in the quarter-mile after being out for three

weeks on account of an injury.

Missouri won 10 firsts out of a possible 14. It is admitted that this gives Missouri's chances a boost for the Missouri Valley championship.

The Missouri Valley Conference Meet will be held May 31 at St. Louis, Illinois, Northwestern, Purdue, Ohio State, Chicago, Western Reserve and Tulane Universities are planning to enter men in this meet.

WOOL MAGNATE FACES CHARGE

Dynamite Plot Said to Be Attempt to Discredit Textile Strikers.

BOSTON, May 19.—Charged with conspiracy to plant dynamite in an attempt to discredit the Lawrence textile strikers in 1912, William M. Wood, multi-millionaire president of the American Woolen Company, and alleged to have been a powerful factor in the writing of the Payne-Adrich tariff's schedule K, was placed on trial today in the Suffolk Superior Court.

Facing Judge John Crosby with Wood, were Frederick E. Atteaux, a Boston manufacturer of textile mill accessories, and Dennis Collins, a Cambridge dog fancier. The three men were indicted last August by a special grand jury called to investigate the matter shortly after John J. Green, an undertaker of Lawrence, Mass., and school commissioner at the time was found guilty of planting the dynamite and was fined \$500 after he refused to take the stand in his own behalf.

Special deputy sheriffs guarded the courtroom entrance. Only working newspaper men and the members of the bar were admitted, enough however to crowd the room. The sheriff declared he had been warned that woolworkers' leaders from Lawrence had planned a courtroom demonstration despite the importance of the trial.

The jury will be selected from a regular panel and it is believed it will be completed by tonight. Wood's attorneys insisted today his innocence would be quickly proved and intimated they might not make any defense declaring the evidence purely hearsay.

District Attorney Joseph C. Pelletier and his assistant, A. C. Webber appeared for the government. Attorneys Samuel L. Powers, Daniel H. Coakley and Henry T. Hurlbut appeared for the defendants. Since his indictment Wood has been at liberty on \$5,000 cash bail. The same bail was set for the other two defendants.

Breen, who was found guilty of planting the dynamite on May 15, was expected to be chief witness for the prosecution. He willingly testified before the grand jury which indicted Wood, Atteaux and Collins. Earnest W. Pitman, an East Milton quarryman, and prominent in other business enterprises, was to have been another government witness. He committed suicide, however, on August 27th, the day before he was to have testified before the grand jury. Pelletier is understood to have talked informally with Pitman about twelve hours before the latter killed himself and at that time is said to have gotten enough information to compel others to testify at the grand jury investigation.

IMPROVE MARYVILLE GROUNDS

240 Acres Around Normal School to Be Developed.

The 240 acres of ground around the Maryville Normal School will be developed by H. F. Major, landscape gardener of the University. President Blagg of the Board of Regents and President Richardson, head of the school, have sent him a commission to do the work.

Mr. Major will go to Maryville June 9 to make plans for the work, part of which will be done in the fall. The development probably will cover a period of several years. Work around the building and entrance will be finished first. An artificial lake is included in the plans.

M. U. TOURNAMENT WEDNESDAY

All Student Tennis Players Are Eligible to Compete.

The University tennis tournament will begin Wednesday afternoon. This tournament will include single, doubles and consolation singles. Any student in the University is eligible.

The Varsity team composed of Swarts and Wood will depart Wednesday night to compete in the Missouri Valley meet Thursday, Friday and Saturday at Lawrence. Five schools are entered this year. They are: Drake, Washington, Ames, Kansas and Missouri.

LOST—Friday night, a gold necklace with five amethysts and one pearl. Finder return to this office and receive reward. (d3t)

RODE A FREIGHT TO ATTEND UNVEILING

E. W. Stephens Did Not Fail to Make Speech at New Franklin.

30 WENT FROM HERE

Rain Kept Many Columbians Away From Santa Fe Dedication.

The rain last Saturday disappointed one hundred persons in Columbia who had planned to go to New Franklin in motor cars to attend the unveiling of the Santa Fe Trail marker. Only thirty persons went from here. A party of ten cars started, but the heavy rains at Rocheport stopped them. Only two cars got there. E. W. Stephens, and his party, rode on a freight train from Rocheport to New Franklin.

The monument marking the ending of Boon's Lick Road and the beginning of the Santa Fe Trail was unveiled. The dedication ceremonies were in charge of Mrs. George B. Macfarlane of Columbia, state regent of the D. A. R. After an invocation state songs were sung by school children representing the Santa Fe Trail states, Missouri, Kansas, Colorado, and New Mexico.

Governor Major Speaks.

The governor made a speech. John Van Brunt of Kansas City, chairman of the Santa Fe Trail committee and chaplain of the D. A. R. The speech of presentation was followed by an address of Governor Elliott W. Major on "Missouri—Mother of Empires." At the close of the governor's talk the monument was unveiled by

Misses Lillian Davis and Harriet Jenner Fort, descendants of pioneers who lived in the fort at Old Franklin.

Following this was a speech made by E. W. Stephens of Columbia, who told of the pioneer days of the Santa Fe Trail and the early history of New Franklin.

Mayor W. W. Carpenter made the speech of acceptance in behalf of New Franklin, and Miss Alice Kinney, honorary president of the Women's Old Trail Association of New Franklin, in behalf of that organization.

Monument Like Boulder.

Mrs. Donald McLean of New York, honorary president of the D. A. R., made a talk in which she complimented the hospitality of Missouri and of Howard County in particular.

At noon the Howard County residents were hosts at a basket dinner served on the high school grounds.

The monument, in the form of a boulder, was erected by the state of Missouri and the D. A. R. It was designed by John Van Brunt, an architect and Miss Elizabeth Butler Gentry, both of Kansas City.

Within a few months a Santa Fe Trail arch will be erected at Boonville.

STUDENTS VIEW CONVICT LIFE

Criminology Class Makes Trip to State Penitentiary.

The class in criminology in company with other students and several professors of the University, all numbering 145, made a visit to the state penitentiary at Jefferson City Saturday. In the morning the eating halls and the cell houses were visited. The convict orchestra played in the chapel hall. In the afternoon the factories and women's department were visited.

Many of the visitors were surprised that the convicts did not wear stripes nor have their heads shaved. The better accommodations for the women convicts were also noticeable. The party was under the direction of Prof. Maurice Parmelee.

TO GET 2 DEGREES IN 6 YEARS

Engineers Can Combine Academic Work with Professional Now.

It is now possible for students to get both the A. B. degree and a professional degree in engineering in six years. This has been made possible by the increase in credit given in the College of Arts and Science for work done in the School of Engineering. This credit has been only nine hours. Beginning with the session of 1913-14 it will be twenty hours. The added engineering courses for which academic

credit will be given are in mathematics, mechanical drawing and surveying.

Those who wish to take both degrees will complete the requirements for the A. B. degree before entering the School of Engineering. During the four years spent in the College of Arts and Science, however, the student will complete enough of the engineering work to receive a degree in engineering with two more years of work. A similar system is in force in the schools of law, journalism and medicine.
