

## DISTRIBUTE 16,000 RED CROSS STAMPS

Campaign for Increased Sales Under Charge of Y. W. C. A.

## CHURCHES WILL SELL Ledges and School Children Will Canvass Columbia Homes.

Sixteen thousand Red Cross stamps were distributed yesterday at the University and to merchants on Broadway. Five thousand six hundred were sold to the business men in less than three hours. The actual sales on the 10,500 distributed by the Y. W. C. A., will not be definitely known until the latter part of the week, when the distributors make their final reports.

The sale of the stamps in Columbia, outside of the University, will be conducted by the churches and lodges of the city. The sales will be under the direction of the Associated Charities. The stamp sale about the University is under the direction of the Y. W. C. A. A committee of forty girls has been appointed to take charge of this campaign. Miss Marguerite Jackson of St. Joseph, Mo., is chairman of the committee.

The organization will rush the sale of stamps for the few days allowed. Each sorority, fraternity, dormitory and the larger rooming houses will be under the management of some one or two members of the committee. She is responsible to the extent that every student in her district is given a chance to buy all he wants at a cent a piece. At noon Monday all money and stamps must be turned in and the campaign is over. Miss A. M. Stokely, general secretary of the Y. W. C. A., says the girls are enthusiastic about the work.

This is the first year that the organization has had charge of the sale of stamps, and the first year that a thorough organization is possible. Toward the end of the campaign a general sale will be started to catch those who do not buy from the organization as it now exists. At that time the sale will be started in Academic Hall. The sale of stamps at the Missouri Store, Co-Op and The Palms is under the management of the Y. W. C. A. of the University.

Tomorrow morning the stamp sale will begin at the postoffice. The women of the Eastern Star will have charge of the sale Thursday. The King's Daughters will sell the stamps at the postoffice on Friday and the women of the Episcopal church will have charge of that stand on Saturday. Saturday is the only day that the school children will sell seals. Every person that buys a stamp is being requested to "seal their house" that is to place one of the stamps on the doorpost, or in a prominent place where the children will be able to see it. Wherever the houses are sealed the children will not attempt to sell other stamps.

## COLUMBIA GIRL WILL MARRY Miss Holloway to Become Bride of Colin W. Campbell, of Edina.

The engagement of Miss Lillian Irene Holloway to Colin W. Campbell was announced at a dinner party last night. They will be married during the Christmas holidays. Miss Holloway is the daughter of Mr. and Mrs. J. T. Holloway of this city. She was a former student in the University.

Mr. Campbell who is the son of Mr. and Mrs. John W. Campbell of Edina, Mo., also is a former student of the University.

Columbians Help the Dregs. W. S. St. Clair, and E. C. Clinkscapes, both ex-mayors of Columbia, and E. C. Anderson, prosecuting attorney of Boone County, made speeches favoring local option in Macon Friday night.

R. H. Emberson on Speaking Trip. R. H. Emberson will leave Wednesday for Laddonia to deliver an address on "The School as a Social Center." He will then go to Independence and St. Joseph, where he will address teachers' associations.

Mr. and Mrs. W. F. Sylvester Leave. Mr. and Mrs. W. F. Sylvester of Billings, Mont., who have been visiting Mrs. R. H. Gray will leave Wednesday morning for a brief visit with friends in Jefferson City and Mexico.

## WARMER WEATHER COMING

### Forecast for Tomorrow Says Clear Day and Rise of Mercury.

The weather forecast for Columbia is: "Fair and somewhat higher temperatures tonight and tomorrow." The temperatures today were:

7 a. m.	24	11 a. m.	35
8 a. m.	25	12 (noon)	38
9 a. m.	28	1 p. m.	42
10 a. m.	32	2 p. m.	42

## PASSED THE RHODES EXAM.

### Westminster College Student Passed Test Successfully.

Glenn R. Morrow, a student of Westminster College at Fulton, Mo., was the only candidate who took the examinations for the Rhodes scholarship here October 14 and 15, who passed.

Mr. Morrow will appear before the committee of selection as soon as that committee can decide on a date to meet. It is possible that some changes will have to be made in the committee because of the fact that David F. Houston, formerly chancellor of Washington University, now Secretary of Agriculture, is a member of it. Other members are: A. Ross Hill, chairman, W. H. Black, president of Missouri Valley College, Archbishop J. J. Glennon and Bishop D. S. Tuttle, both of St. Louis.

From Harvard comes the news that R. W. Chubb took the examinations this fall as a citizen of Missouri. He passed and will appear before the committee. Three other men have already signified their intention of appearing.

## A POLL OF ALUMNI

### Magazine Invites Vote on Proposed Removal of Kansas Game.

The Missouri Alumnus, the monthly magazine of the Alumni Association, is taking a poll of its readers in the December issue to determine their sentiment regarding the proposal to take the Missouri-Kansas game back to Kansas City.

The result of the poll will be submitted to the curators of the University before the meeting of the Missouri Valley Conference at Lincoln, Neb., January 19. At that meeting the conference will vote on a proposed amendment to the rules to permit the playing of conference games on other than college grounds.

Both sides of the question are discussed in the December number of the magazine. Arguments in favor of taking the game to Kansas City are advanced by three Kansas City alumni—Ed S. North, president of the alumni in that city; R. B. Caldwell and O. H. Swearingen. Equal space is given to an article by Dr. Isidor Loeb, writing as an alumnus, in defense of the college-grounds plan.

Alumni are invited to express their preference on a coupon provided in the magazine for that purpose.

The magazine will be out in about a week. Another feature will be an article by Dr. R. H. Jesse, former president of the University, telling some of the "high lights" in his administration of seventeen years.

## FOOTBALL BANQUET TUESDAY!

### Committee Expected to Select That Date at Meeting Today.

The football banquet will probably be held next Tuesday night. The committee consisting of J. W. Sapp, J. L. Stephens, H. A. Collier, and W. W. Garth, Jr., is meeting this afternoon and will select that date. It was originally planned to have the banquet this week, but circumstances prevented.

One hundred tickets must be sold before the banquet will be given. The committee anticipates no trouble in this matter. More than thirty have already been asked for, and no soliciting has been started yet.

The football banquet is usually given after victorious seasons. The team will be invited.

## RATES TO OKLAHOMA CHRISTMAS

### Student Finds That Homeseekers Excursion Ticket Will Lower Fare.

An Oklahoma student has found a way for Oklahomans to save one-third of their fare home. It is to take advantage of the homeseekers' excursion on the M. K. & T. railroad, December 16.

All that they have to do is to buy their tickets December 16 and then pay their fare to McBaine with cash. They can then leave December 19, and the three days intervening will be regarded as a stop-over in McBaine. To get the reduced rates the tickets must be bought December 16.

## MAIL GIFTS EARLY, POSTMASTER ASKS

### Expected 80 Per Cent Increase May Cause Delay—Extra Clerks Added.

## RECORD LAST MONTH University Mail Makes Post-office Rank Seventh In State—Monday Biggest Day.

The Columbia postoffice handles twice as much mail as most other towns of its size. It stands seventh among the nine first-class offices in the state. This showing is due largely to the University, according to Postmaster J. H. Guitar. The University sends out an immense quantity of circulars and letters.

In the fall there is a great increase in business. In two weeks of October this fall, the office received \$5,700 packages. During November a record was made in special delivery matter, 1,200 pieces being handled. This is an above normal.

The busiest days in the postoffice are Monday, Friday and Saturday. Monday has by far the most business. The postoffice is now making preparations for the holiday mail. According to Mr. Guitar, there will probably be an increase of 80 per cent in the business of the office during the four days preceding Christmas. The office will have extra help and the regular clerks will work over-time.

People could greatly help the postmaster by mailing their packages early, said Mr. Guitar. Then the work in the office would not be so hard and mail would not be delayed so much. Packages may be marked, "Do not open until Christmas."

## CLAIMED TO BE M. U. MAN

### War Veteran, Suicide, Not Found in Registrar's Records.

By United Press. PAWNEE, Okla., Dec. 9.—Charles Eifner, of German descent, shot and killed himself about 8 o'clock this morning. He had resided here about ten years. It is said he ran away from the University of Missouri to join the army.

Before killing himself, Eifner wrote letters saying family troubles were the cause of his deed. He requested a simple burial, and asked that no notices be sent out concerning his death. He stated that no one knew him as "Eifner," as he had used the assumed name for 42 years.

All his letters bore the initials "D. E. C." Eifner claimed to have been a confederate veteran. It is thought that he formerly lived either in Howard or Cooper county, Missouri, and may have relatives in St. Joseph or Liberty, Mo.

Records of the registrar's office do not show that there ever was such a student in the University.

## TSANG TELLS OF CONFUCIUS

### Gives Second of Series of Talks by Members of Cosmopolitan Club.

O. H. Tsang, a member of the Cosmopolitan Club of the University of Missouri, spoke on "Confucius" at a meeting of the club last night. Mr. Tsang characterized Confucianism as a negative religion. The Christian religion differs from it, he said, in that its teachings are of a positive nature.

The meeting last night is the first of a series of open meetings in which members of the club will give talks on their country.

Rodolfo Petrucci was elected by the club as a delegate to the National Convention of the Associated Cosmopolitan Clubs of America which will be held in Iowa City during the holidays.

## Elliff Delegate to New York.

Joseph D. Elliff, professor of high school administration and high school visitor for the University, is one of the two delegates selected from the state to attend a conference of those interested in agricultural and industrial education. This conference will be in New York City, December 12, 13, and 14. Mr. Elliff will go to New York City tomorrow night.

## To Abolish Vivisection?

By United Press. WASHINGTON, Dec. 9.—Gross motion pictures showing the agonies of animals undergoing vivisection were shown today at the anti-vivisection congress. It was decided to ask Congress to abolish the practice or to give publicity as registration would be required.

## WILSON WAS RIGHT ON LOBBY CHARGE

### Committee Reports Today Its Result of Inquiry on Subject.

## IT CENSURES MANY BUT NO PUNISHMENT IS RECOMMENDED—What Report Says.

## TWO—LOBBY

WASHINGTON, Dec. 9.—The President's charge of "insidious lobbying" in Congress has been sustained. The final reports of the lobby committee were reported to the House today. It says in the findings that it has found that the President's charges were true. The committee holds representative accountable guilty of acts of grave impropriety, unbecoming the dignity and distinction which he occupies. A recommendation of punishment was omitted by the committee. Six representative house employees who were implicated were exonerated. The committee raps former representatives Watson, Cannon and other former Republican congressmen. Representative MacDonald filed a report laying congressional red tape and recommended that McDermott be "unsparingly disciplined."

## BISHOP TUTTLE AT ASSEMBLY

### Talk by the St. Louis Episcopalian to M. U. Students.

Greek and Latin conjunctions, the binomial theorem and other easily forgotten rules are the bacon and eggs of the mind, said Bishop Daniel S. Tuttle in his address at the Assembly this morning. "Noblesse Oblige" was the subject of his speech.

America grants more opportunity for material, intellectual and spiritual growth than any other country, he said.

To take "Noblesse Oblige" as his maxim the student must develop his three-fold nature, the body, the mind and the soul.

"A healthy body is the biggest asset to happiness," said the bishop. "Christ set the example of perfect health and he paid especial attention to the body in His teachings." In addition to a developed body and mind, the spiritual life of the student must not be omitted, he said. One should be loyal to his Bible. The bishop urged that the habit of short prayer twice a day be formed. Such a habit gives strength or future need.

## HOUSTON MAKES HIS REPORT

### Secretary of Agriculture Discusses Economic Conditions.

By United Press. WASHINGTON, D. C., Dec. 9.—David F. Houston, Secretary of Agriculture, has published his annual report for the year 1913. The report, which contains only fifty-eight pages, differs from previous reports in that, instead of merely reviewing the agricultural situation, it presents in summary many broad economic questions.

Throughout the report strong emphasis is placed upon cooperation between the Department of Agriculture and other federal departments and the state agricultural agencies to promote coordination and eliminate duplication of effort. The keynote is getting the department's information in all fields more directly and in more valuable form to the people.

## NO CLUB LUNCHEON THIS WEEK

### Regular Thursday Meeting May Be Discontinued.

The regular Thursday luncheon of the Commercial Club will not be held this week, as a result of the closing of the Virginia Grill.

According to J. P. Heltzer, president of the club, it is a question whether the luncheons will be continued. The board of directors will meet in a few days and will decide this question. If it is decided to continue the luncheons, they will choose a new eating place.

## S. T. Simpson to Corn Show.

S. T. Simpson, instructor in animal husbandry, will go to St. Joseph Wednesday, where he will have charge of the University exhibit at the Buchanan County Corn Show.

## New Book by Dr. Davenport.

Dr. H. J. Davenport, professor of economics, is author of a new book "The Economics of Enterprise." It is published by the Macmillan Company.

## THE CITY'S EXPENSES.

The amount allowed by the City Council for payment of the city expenses for September was \$1,587.93. After paying this amount \$13,275.51 remained in the treasury.

The expenses of the city by departments for September was:

Fire Department Fund	\$274.54
Police Department Fund	428.52
Postage and Stationery	76.55
Salaries and Commissions	145.00
City Hall Fund	91.02
Engineering Fund	198.29
Street Fund	361.05
Contingent Fund	12.95
	\$1,587.93

## MACON VOTED FOR PROHIBITION

### "Dries" Won Election by Majority of 35 Votes.

Macon, Mo., voted dry yesterday by 35 majority. This was the first time in more than a quarter of a century that the town has voted so. In 1887 Macon voted for prohibition, but owing to a technicality, the election was declared illegal.

In the early part of the day, the voting was in favor of the wets. In the afternoon, the dries had control of most of the votes.

Women took an important part in the election. It is said if it had not been for the systematic work of the women and their keen judgment in persuading many of the voters to vote for no saloons the wets would have won. There are now five saloons in Macon. The last license will expire next May.

## TRIP FOR GLEE CLUB

### Contest by More Than Thirty Organizations for Offer of Railroad.

A three weeks trip to the Pacific coast, with concerts in all the principal cities on the main line of the Atchison, Topeka and Santa Fe Railroad, is being arranged for the University of Missouri Glee Club. The present plans may not materialize.

The Santa Fe Railroad will pay all the expenses of some singer's club on such a trip. Although more than thirty applications have been received, including many eastern schools, Missouri seems to be the favored one at present.

The organization that is to take the trip will travel in a special Pullman, giving concerts nearly every evening in all the larger cities on the Santa Fe. A special stop is to be made at Grand Canon of Arizona to enable the members of the glee club to get some idea of the scenic beauties of the West. Three or four days will be spent in Los Angeles before the return trip commences. A concert will be given in that city for the alumni of the University whose glee club is chosen.

School work is not to be neglected however. The whole of each morning is to be given to studies, which will be under the direction of a student adviser who will take the trip with the glee club. The trip will commence the first week of February.

For the last few years it has been the custom of the Santa Fe Railroad to invite college glee clubs, musicians and lecturers to all the larger cities along their route. These furnish entertainment to the employees of the company who are given tickets free of charge. S. W. Bussler has had charge of this work since it was started. Taking such large organizations as glee clubs has for its secondary object the introduction of the West and the Santa Fe Railroad to college men. This railroad recently inaugurated the policy of employing only college men whenever that is possible.

## TRACK MEN MEET TONIGHT

### Fall Games Will Be Played Saturday Afternoon.

There will be a special meeting of all track men in Rothwell Gymnasium tonight at 7 o'clock. All candidates for Varsity and freshman track are urged to be there.

Saturday afternoon on Rollins Field the annual fall games will be played. Prizes will be given for the first three places. Freshmen are eligible to compete in these games.

## Mrs. Pankhurst to Paris.

By United Press. LONDON, Dec. 9.—Mrs. Pankhurst left here today to visit her daughter in Paris. British authorities watched to see that she left the country.

## Virginia Grill Closes.

The Virginia Grill closed its doors yesterday. Turner S. Gordon the proprietor is now in St. Louis and will return tomorrow.

## JOYCE ON TRIAL AGAIN FOR VOTE LAST MAY

### Jury Unable to Agree in M. U. Law Student's Hearing Before.

## IN CALLAWAY COUNTY

### Four Other Cases Probably Will Depend on Outcome of Present One.

E. J. Joyce, a student in the School of Law, is being tried in the Callaway County Circuit Court again on the charge of illegal voting. Mr. Joyce was tried on this charge last summer, but the jury was unable to reach a verdict. The case was continued to the present term of court.

Charges of illegal voting at the election of councilmen last spring were made against several students. Four of these cases were dismissed for various reasons. The cases against G. C. Fortune, George Taaffe, A. W. Zimmerman and C. B. Titus were continued to the present term of court. The action of these cases will probably depend on the result of the case against Mr. Joyce.

The law in Missouri says that a voter must be 21 years old. He must also have been a resident of the state twelve months previous to the election, and a resident of the place where he votes sixty days before election. He must also have bona-fide intentions of making that place his home.

The case against Joyce presented peculiar features. Joyce became of age six days before the election. The question in the case was whether his residence in Columbia while a minor would fulfill the requirement that a voter must reside in the place where he votes sixty days previous to the election.

## Prep Taaffe Case Today.

The case against G. R. Taaffe, a student in the School of Engineering, who was accused of illegal voting last year, was to be dismissed today in Judge Harris' court in Fulton, according to Harris & Finley, his attorneys. That was the agreement made with E. C. Anderson, prosecuting attorney, after the acquittal of several other students tried on the same charge.

## PUBLIC SCHOOLS COST MORE

### Incidental Expenses Were \$1628.46 for November.

The incidental expenses of the public schools of Columbia for November amounted to \$1,628.46, according to the report which J. E. McPherson, superintendent of schools, made to the school board last night. More than one-fourth of that amount was spent for coal. The incidental expenses of the schools since July 1 have been \$3,328.18. This is about eight hundred dollars more than for the same period last year.

The total enrollment of all the public schools for November was 1,923, and the average attendance 94 per cent. There were eighty cases of tardiness. Fifty-seven of them were reported from the Douglas school. Out of fifteen cases of corporal punishment, ten were from the Douglas school. There are sixty-nine enrolled in the commercial department of the high school.

Miss Sallie Flood was elected principal of the Benton School. Other vacancies made were: Miss Harriet Wright, teacher of fourth grade in Benton school; Miss Josephine Hickman, secretary to the principal of the high school, and Henry Robnett, teacher of manual training in the Douglas school. The superintendent was also authorized to select a teacher to fill a vacancy in the Douglas High School.

## ACQUITTAL IN KNABE CASE

### Dr. William Craig Freed of Murder Charge Today.

By United Press. SHELBYVILLE, Ind., Dec. 9.—Dr. William Craig was acquitted today of the charge of murdering Dr. Helen Knabe when Judge Blair granted a motion of the defense to take the case from the jury.

The case was dismissed with only the state's side presented. It was alleged that Doctor Craig had murdered Doctor Knabe in her flat in Shelbyville.

## Wilson Takes Up Trust Question.

By United Press. WASHINGTON, D. C., Dec. 9.—President Wilson began a serious consideration of his anti-trust policy today. He plans to confer with all party leaders by Saturday.
