

CAMPUS NOTES

J. G. Watson, extension lecturer in dairying, has returned from the Jackson County Cow Testing show at Kansas City. T. W. Reed, dairy instructor in the University, has returned from Kansas City, where he attended the American Royal Stock Show. C. H. Williams, secretary of the Extension Division of the University, is expected to return today from a trip to Clinton and Nevada. C. E. Carter, who was graduated from the College of Agriculture of the University last year, is here arranging for a course of extension lectures in Clay County. Mr. Carter is county agent of Clay County. Winter is coming. The dogs have begun to retire for the night around the steam-pipe vents at the campus

entrance near the foot of Lowry street. The steam heats the ground around these vents, and they serve as good sleeping quarters for tramp dogs.

The quadrangle is shrinking rapidly and soon there will not be room for the columns! This startling information was issued by a sophomore in the School of Engineering, who has been engaged in surveying the quad. He says that the measurements were much smaller than those of former years.

C. H. S. OPENS SEASON OCT. 15

Coach Todd's Light Team Will Meet Montgomery City Here.

Columbia High School will open the football season by playing Montgomery City at the fairgrounds here Friday afternoon, October 15. The game will be called at 3 o'clock. Coach Todd has about forty men running signals. He expects to use at least twenty-two men in the first game.

"The average weight of the team is just twenty-five pounds lighter this year than last," said Coach Todd. "Only four letter men are on the squad—Wayland, 174-pound tackle, the heaviest man on the squad; T. Shutt, 172-pound tackle; Rutledge, halfback, and Henderson, center and halfback. Challies, 196-pound tackle last year and the heaviest man in school, is ineligible on account of grades. Vannatta and Hardester, two other mainstays of the team last year, are ineligible for the same reason.

"The schedule is a hard one this year and it will take speed and hard work to overcome the disadvantage in weight. We expect our hardest games with the Kirksville High School. The first of these will be played at Kirksville, October 23. The second will be played here November 19. The other games are with Sedalia, October 29; Mexico Military Academy, November 8, and Shelbina, November 12. All of these will be played in Columbia."

First Game Will Be Next Saturday With Strong Mexico Team.

The hope of the Columbia team centers about H. Wilkinson and Paul Cheavens, the only men of last year's eleven on this year's team.
