NOW ALL MAY CONTRIBUTE

ARMENIAN RELIEF FUND

Previously acknowledged....\$292.75
W. K. Bayless..... 5.00
Mary Guinn..... 1.00

Total \$298.75

An excellent suggestion is contained in the following letter to the Missourian from Mrs. Ann B. Veblen. Those in charge of the local Armenian Relief Fund are glad to have Mrs. Veblen's co-operation, and hope that persons desiring to make small contributions will avail themselves of the opportunity she offers. The letter explaining her plan is as follows:

Editor the Missourian: If this meets with the approval of your committee on the Armenian Relief Fund, I should like to collect a fund of nickels, dimes and quarters from those who would be glad to contribute in such small amounts but who feel that they cannot bother the Missourian with anything less than a dollar or so.

I should like to do this because I feel that the Armenians are a race that we cannot afford to lose. From all I am able to learn of the Armenians, they are a people of unusually strong character; they have convictions, and the courage to live up to them, or the courage to die for them if necessary. They do not compromise with their ideas of right and wrong, and they have ideas on that subject.

In this age of commercialism, when there are so many nations and individuals who seem to have no convictions of right or wrong or, if they have any, are unable to live up to them for one reason and another, it seems to me that we should all wish to help preserve those small but courageous races who stand out against the current for a cause that they believe in. Also, as they are perhaps the oldest of the Christian races, their particular line of convictions should accord with those of most of us.

Mrs. Longwell, who lives next door to me, has consented to help me by accepting contributions from any who wish to leave money with her. And it occurs to me that there might be others officially sanctioned who could collect small sums in this way, without going about to solicit.

THE WEATHER.

For Columbia and vicinity: Generally fair tonight and Wednesday; warmer Wednesday.

For Missouri: Generally fair tonight and Wednesday; warmer west portion tonight and east portion Wednesday.

Weather Conditions.

Fine weather continues from and including Kansas and Missouri southward to the Rio Grande, and eastward to the Atlantic, but northward the weather is unsettled, and in the Northern Rocky Mountain states it is particularly stormy. The high pressure wave, drifting south-eastward, has caused freezing temperatures almost to the Florida line, while, on the other hand, the low pressure wave in the Northwest is resulting in a rapid rise in temperature throughout the Missouri drainage area and western Canada. The temperature conditions associated with the different pressure waves are strikingly brought out, for, notwithstanding the great difference in latitude, it is as cold in Alabama as it is in Alberta.

In Columbia fair skies with moderate temperatures will prevail for the next thirty-six hours, but with more wind than during the last day or two.

Local Data.

The highest temperature in Columbia yesterday was 46 and the lowest last night was 35; precipitation, .00; relative humidity 2 p. m. yesterday, 28 per cent. A year ago yesterday the highest temperature was 58 and the lowest 30; precipitation, .00.

TO APPOINT EXTRA POLICEMEN

Mayor Makes Plans For Handling Visitors Thanksgiving Day.

Like other Columbians, Mayor J. M. Batterton is making plans for Thanksgiving day.

"The town will be well supplied with policemen for the big day," said Mayor Batterton. "I believe fifteen extra men on the police force will be enough to handle the crowd, but if it is not, I will appoint more. Everything in my power will be done toward making a well organized working force."

Mayor Batterton said he would like to see students volunteer to help take care of the strangers. "This would be a great help," he said. "Hundreds could be put into service the morning of the game in hunting rooms and places to eat for the visitors. A bureau of information at the depot with twenty men to answer questions and give directions would be a help to the visitors. In this way I believe we could handle the crowd. We want to give every convenience possible to the visitors; we want to make them like our town and come back again."

MARAUDERS ATTACK HIS HOME

Night Riders Have Made Two Attempts on Property of E. J. Deal, Jr.

Night riders have made two attempts to destroy the residence of E. J. Deal, Jr., on his farm near Charleston, Mo. Mr. Deal is a former student in the College of Agriculture of the University and a member of the Alpha Tau Omega fraternity. His wife was Miss Martha Troxell, the daughter of Mr. and Mrs. G. F. Troxell of Columbia.

The first attempt occurred at night about two weeks ago while Mr. and Mrs. Deal were in Charleston. A basket of kindling soaked with oil was lighted and placed against the building. It was discovered by a farm hand before the flames had spread, and little damage was done. The second attempt was made Sunday night when the visitors broke into the milk house, poured all the milk and butter on the floor and then mixed it with paint.

Mr. Deal is unable to account for the attacks against his property.

NINE SENIORS FAIL IN TEST

58 Out of 67 Pass the Examination in English.

Announcement was made today that nine seniors in the University failed to pass the junior English examination given October 16. The total number taking the examination was sixty-seven, of whom twenty-four were women. Four of the women failed.

Some of the students who failed did so for the second time. Of the nine who failed, Dean J. C. Jones said that six of them came here with advanced standing from other schools. The three Missouri students failing showed a general lack of scholarship in other work.

A passing grade in the junior English examination is now one of the requirements for the A. B. degree.

Directory to Be Issued Soon.

The student directory of the University will be issued this week. It will contain in addition to the University student and faculty directory, lists of students of Christian and Stephens colleges.

GUIDE BOOK TO HELP COLUMBIA'S VISITORS

Commercial Club Will Act, After Kansas Game Talk by C. L. Brewer.

MEALS BIG PROBLEM

Committees on Arrangements Will Report on Work at Thursday Luncheon.

The athletic department of the University will take care of the Thanksgiving Day crowd at Rollins Field, but it is up to the people of Columbia to provide for the visitors before and after the Kansas game, C. L. Brewer, director of the athletics, told the Commercial Club at its smoker last night.

Providing meals for the town's guests, it was agreed, will be the greatest problem.

A big crowd of visitors will reach Columbia the day of the game, on special trains from Kansas City, St. Louis and Maryville, according to Mr. Brewer. This will tax the restaurants and boarding houses to capacity for one or two meals, he said.

Town Map to Be Issued.

C. O. Hanes, secretary of the club, will issue a directory of eating houses and a plot of the town, showing Rollins Field and the principal streets of Columbia. J. C. Abbott, local agent for the Wabash said he could arrange to have this directory distributed by Wabash agents at towns where tickets to Columbia are sold on Thanksgiving Day. The information thus will be in the hands of every visitor when he gets to town and he will know where to get his meals.

Ticket Sale Increases.

The ticket sale this year is far ahead of that two years ago. Between 7,700 and 7,800 tickets had been engaged when count was made last night. That is 2,500 more than were sold four or five days before the game in 1913, Mr. Brewer said.

"Seats will be provided to satisfy any demand," he explained. "We want it understood there will be seats for all who can come."

Governor Elliott W. Major and a hundred state officers and employees will come to Columbia on a special train from Jefferson City. More than 400 tickets have been sold in Fayette, Rocheport, Isadore Barth told the merchants, will turn out with a larger per cent of its population than any other town in Missouri. Mr. Barth said he had personally engaged tickets for forty persons from Rocheport.

Extra Policemen for Motors.

To avoid congestion of automobile traffic at the game, no cars will be allowed to go into the field or on Rollins street between Maryland place and the gymnasium. Extra policemen will direct automobile traffic south on Maryland place to the field, and cars may park on the new Maryland place extension. When the game is over, automobiles will go out by way of Providence road to town. Other streets will also be made available for parking cars.

A committee, consisting of B. W. Jacobs, Frank Conley, J. P. Hetzler, C. L. Brewer and L. M. Defoe, will ask the City Council tonight to commission the necessary extra police for Thanksgiving Day and will ask the mayor to urge Columbia business men and citizens to decorate their houses with Missouri and Kansas colors.

Another committee was appointed to compile information and a map of the town for the visitors. The members are W. B. Nowell, Jr., C. G. Ross, Odon Guitler and Secretary C. O. Hanes. Both committees will report at the Thursday luncheon of the club.

M. U. Cows Sold to Laddonia Man.

Registrar's Ramaposs, Prince's University Dazie, Stella's Princess and Fairy's Campus Girl, four Jersey cows of the University dairy herd, were recently purchased by W. R. Thompson of Laddonia, Mo. These cows were sold by the dairy department in order to give more room for the young animals. They will be shipped to Mr. Thompson today.

Juniors to Play Freshmen Saturday.

The class football championship will be decided Saturday by a game between the juniors and freshmen. The juniors have won one game from the freshmen, 1 to 0. The freshmen contested the game, claiming that two of the junior players were ineligible.
