

**SCHOOL TO HONOR J. S. MYER**

St. Louis University Department of Medicine Plans Memorial.

A memorial in honor of the late Jesse S. Myer, who received an A. B. and a degree in pedagogy from the University of Missouri in 1893, is being planned by the St. Louis University School of Medicine, "with the tangible view of using the lessons of his life for the benefit of future students of this institution." The memorial is to be either a fellowship or a donation to the library.

After attending the University here Doctor Myer was graduated with the honors of his class from the Marion-Simms College of Medicine, which is now the St. Louis School of Medicine. He died October 29, 1913.

The St. Louis Globe-Democrat has this to say about the "first internist in St. Louis":

"His eminence in medicine, his scientific achievements, his devotion to duty, his charm of personality and his sacrificial and untimely end combine to make him a type of the ideal of his profession."

**NEW SHERLOCK HOLMES FOUND**

C. E. Allen, Student, Turns Detective and Recovers Missing Goods.

When C. E. Allen, a student rooming at 1108 Locust street, lost one by one from his room two baseball gloves, one ball, a valuable scarf pin, a pocket knife and some money, he began to do a little private detective work. He suspected a negro boy who came early in the morning once a week for his laundry.

After considerable trouble he found where the boy lived and talked the matter over with the boy's mother. She told him to come back after

school when the boy would be home and if the stolen articles were in the house she would return them.

At 4 o'clock Allen was again on the job. The boy was at home. As Allen called for the stolen goods, they were brought to view, even to a baseball glove that the boy had traded for "a guy down the street" for a roller skate.

**CHRISTIAN'S VALUABLE TABLE**

Treasured Piece Made From Piano Dr. James Shannon.

Christian College owns a rosewood library table which it values highly. It was made from a piano owned by the late Dr. James Shannon, who was president of the University of Missouri from 1849 to 1856.

President Shannon, in 1849, took the initiative in the movement to found Christian College. Women were not admitted to the University until 1869.

The table bears this inscription on a brass plate:

Made from a Piano owned by James Shannon, LL. D. Founder of Christian College. Presented by his granddaughter, Mrs. Eva Douglass Hodge.

**WAR AFFECTS YELLOW EXTRA**

Student Journalism Stunt Will Cost More This Year.

The war in Europe has indirectly struck a blow at the students in the School of Journalism, just as it has at the publishers of the smallest and largest papers all over the country. The Yellow Extra, published annually by these students, cost \$125 last year. It will cost \$160 this year.

The price of paper, ink and yellow dye has advanced so that the higher price must be paid for the same number of copies. The paper will be sold, however, at the same price.

**DR. LAWS IN GOOD HEALTH**

Former M. F. President in Washington, D. C., Enjoys Columbia News.

Dr. S. S. Laws, president of the University from 1876 to 1889, for whom Laws Observatory is named, was visited recently by a member of the University Alumni Association of Washington, D. C., and took a "lively interest in learning all he could about the University."

"Doctor Laws is enjoying good health," continues the letter to H. H. Kinyon, editor of the Missouri Alumnus, "but just at present his eyesight is not as he would like to have it."

**Polity Club to Limit Membership.**

The International Polity Club will have a definite number of members for next year, according to a resolution passed in its last meeting. A committee composed of George Charnowitz, Leland Hazard, Norton Lustig and Bernard Hurwitz was appointed to determine the actual membership of club. This committee will report this week. From this list of members, the officers for next year will be elected and delegates will be appointed to the Cleveland National Convention.

**IT'S SILK AND SILK FOR SUMMER BOYS**

Suit, Shirt, Tie, Collar and Hose Must Be Made of Worm's Product.

**PONGEE FOR PERCY**

Belted Coats in Serge and Light-Weight Tweeds Will Be Popular.

BY MARGARET MASON

(Written for the United Press)

If you want to be a model man, The simple, goodness knows— Just wear a lot of swaggy togs— And strut around and pose.

NEW YORK, May 13.—Yes 'tis true, the worm will turn, and this summer the silk worm has turned its efforts from the fair to the sterner sex. It is terribly busy spinning the wherewithal to clothe "me lord" in a stunning silken summer suit.

Last year the summer man seemed cool and content in palm beach suits of ordinary hempen weave, but this season he sniffs at anything short of silk.

Arrayed in tussore or pongee, he will lay siege to frail hearts and press his suit after it has been well tubbed. He will undoubtedly owe as much to his laundry man as to his tailor, for his success sartorially this season—gratitude, I mean of course, not moneys, although perhaps it may be a little of both.

**Both Attractive and Cool.**

The tussore and pongee suits are tremendously attractive and also delightfully cool. Many of the best models show coats with pleated backs and half belts.

All the boys will vie with belted earls nowadays, for the belted coat is quite the thing. Not only in the summer silk models, but on coats of serge and light-weight tweeds. The belted coats of navy serge will be smart for country and outing wear, with trousers of striped white flannel, and will cause many a female heart to surge with admiration.

But after all before, below and above everything, the silk's the thing. Silk shirts of heavy tub silk, striped and designed in the newest yellow, orchid, green and porcelain blue shades, are smart, worn with the soft collars of plain or corded white silk.

**Socks to Be of White Silk.**

Among the newest silken scarfs those of small patterned foulard and pastel tinted silk crepe are numbered first in favor. Chastely pure and white are the chosen socks of silk that will adorn the too-off clayey feet of our masculine idols.

The white silk sock will show on the best foot forward in either work or play. In other words, it will be worn to meet both business and social ends, although for very dressy occasions a fast black clock keeps it more up with festal times. A very smart imported model even goes so far as to show three black clocks, one on each side and one right up the center of the instep. Needless to say, this pair is decidedly striking.

**Gloves, of Course, Will Be Silk.**

Plenty of silk will be on manly hand also, for the silk glove, pearl, gray or rhamois colored, stitched in black, will be much worn as well as the glace kid gloves that have been made to wash as beautifully as the long worn chamoisette ones. Verily it seems to portend a busy season indeed for the silk worm and the laundress. Everything being silk and washable, Sylvester may almost safely take his tub attired in full silken regalia. Anyway, there will be as little good excuse for soiled masculine garments this summer as for soiled masculine reputations.

**OHIO U. CO-EDS PLAY BASEBALL**

Forty Girls Practice Twice a Week on Varsity Diamond.

By United Press. COLUMBUS, Ohio, May 13.—Co-eds at Ohio State University have taken up baseball. Today the co-eds are in the midst of spring training, and a league is being formed.

Twice a week the co-ed squad of forty girls crowds the varsity ball team off the school diamond for a batting bee and run 'round the bases.

"The tomboys show up best," said Miss Margaret Hammett, coach. "They can throw straight and aren't afraid to stand up to the plate. The average girl, however, badly as she may bat or throw, knows how to coach."

**Hall Sees Victory in Valley Meet.**

Eugene C. Hall, B. S. in Agr. '12, former Tiger baseball and football player, writes that he will be in Columbia May 27 "to see Missouri cop another Missouri Valley championship." Mr. Hall is with the United States Department of Agriculture, Bureau of Soils, Washington, D. C.

Missourian Business office, Phone 55.

**C. H. S. Wireless Almost Completed.**

The Wireless Club of the Columbia High School is installing the apparatus for receiving messages and expects to have it completed by Monday.

**To Aid Prospective Students.**

John S. Moore, secretary of the Y. M. C. A., has sent letters to the principals of the high schools of Missouri, offering the services of the Y. M. C. A. employment and information bu-

reau to prospective students in the University.

Phone 55 to have the Missourian delivered to you. 25c a month.

**What Kind of Bread Does Mother Like? Mother's Bread**

Why? Because it slices clean without crumbs and butters without breaking.

Father eats bread—what kind does he like? Again, GENTSCH'S MOTHERS BREAD.

Why? Because it makes delicious toast, crisp, golden brown and appetizing enough to add zest to his coffee and eggs and make him enjoy his breakfast.

Do the youngsters like MOTHERS BREAD?

Do they!

Just watch them at breakfast, dinner and supper and hear them ask for "some more MOTHERS BREAD, mama, please."

Notice, too, how they can "put away" a couple of generous slices after school hours.

Do the youngsters like MOTHERS BREAD? They do—so does mother—so does father—so does every family that tries it.

Another good reason why mother in particular likes it is she knows it's CLEAN and PURE. Father knows it's "there" with the taste and flavor and the kiddies just naturally "take" to it.
