

COLUMBIA TURNS OUT TO SEE SOLDIERS GO

Nearly 1,500 Persons, Headed by Band, Escort Gun Company to Train.

PARTING SONGS GIVEN

Strains of "Old Missouri" Are Heard as the Militia Leaves for Camp.

With cheers, good wishes and tears from nearly 1,500 persons as a farewell, 70 young men of the Columbia Machine Gun Company sang "Old Missouri" from the back of the train as they left last night for Nevada, Mo., where the National Guard of Missouri is being mobilized.

Eighteen years ago, Columbia sent a company of her young men to the Spanish-American war; before that the citizens of this community responded to the call when the States were divided against themselves, but no company has ever been given the send-off tendered the Columbia Machine Gun Company, N. G. M., last night.

Promptly at 7:30 o'clock last night the enlisted men gathered at the armory. The crowd had already begun to arrive, and all during the evening groups stood around the corners talking in low tones or mixed with the company, wishing the members good luck and telling them goodbye.

Band Leads Way to Station.

By 11 o'clock there were two lines down Broadway from Tenth street to the depot. When the boys started marching to the station, accompanied by a volunteer band, the crowd cheered. Many an old man silently lifted his hat and stood at attention as the colors went by. After a moment the cheering subsided and only the "left, right, left, right," the honk of automobiles and the low hum of conversation was heard.

The company reached the station. Lieutenant E. E. Major put his company through a short exhibition drill. An old man tottered up to the line, reached in and grasped his son by the arm. He started up the street, with the curious eyes of hundreds following him. He could not part from his son. Over on one side was an old white-bearded man, standing erect, gazing at the company.

"Jim," he called to the man who had taken his son from the ranks. Sends His Son to Front.

The three talked for a minute. What they said only they know, but when the conversation had ended "Jim" straightened up, shook hands with his son and sent him back to the ranks. Perhaps the old white-bearded man had told of the time when he enlisted. Perhaps he had recalled the days of '98 or '64. Perhaps—who knows?

Over on another side an old woman was trying bravely to hold back the tears. She succeeded, but her eyes seemed misty as she gazed at the little squad of men performing their maneuvers.

The company halted. The band struck up "Dixie." Hats came off, and the crowd broke into cheers. The company broke ranks, scattering here and there for last good-bys. One group sang. The songs were appropriate, and when they ended up with the "Varsity" cheers broke forth again.

It was time for the train to leave. The last farewells were taken, a few tears were shed, though most mothers bravely surrendered their sons. As the boys stepped on the train they sang "Old Missouri."

The bell rang, handkerchiefs were waved and the train pulled out.

SILK FLAG TO BE HERE SOON

Columbians Donate \$54 for Gift to Machine Gun Company.

The silk flag for the Machine Gun Company will be here in two days. The committee composed of N. T. Gentry, L. M. Defoe, J. N. Taylor, C. B. Rollins and D. A. Robnett collected \$54 for its purchase. The flag will be kept in Columbia for a few days for display, and will then be sent to Nevada.

Campfire Work to Be Discussed.

All women in the Summer Session interested in Campfire work are asked to see Miss Bertha Brandt, acting secretary of the Y. W. C. A., at the Y. W. C. A. desk in the northwest corner of the second floor corridor, Academic Hall. Miss Brandt's hours are from 1 to 2:30 a. m. daily, from 10 to 11 a. m. Tuesday and Thursday and from 11 a. m. to 12:30 p. m. daily.

DIPPOLD LEADS THE BROWNS

Outfielder Is Batting .500—Team Average Stands at .297.

Gustav Dippold, who led the Tigers in batting this season, is still knocking the cover off the ball, for the latest averages of the Columbia Browns show him as the pace-maker with a batting average of .500. Dippold has pounded out thirteen safe hits out of twenty-six times at bat. He has made four runs. George Taylor, manager-owner, is second with an average of .429, and Foster ranks third, his percentage being .313. The team average is .297.

The Browns are now tied for fourth in the league and have twelve more games to play. Six will be played here. Next Sunday they will play at Mexico and the following Sunday at Centralia. Then they come home for two games in as many Sundays, with Higbee and Paris.

The following are the statistics of the team:

The League Standing.			
Player	Won	Lost	P. C.
Moberly	5	2	.714
Mexico	4	3	.571
Centralia	3	3	.500
Browns	3	4	.429
Paris	2	4	.333
Higbee	2	4	.333

The Schedule.

June 25	Columbia at Mexico.
July 2	Columbia at Centralia.
July 9	Higbee at Columbia.
July 16	Paris at Columbia.
July 23	Columbia at Moberly.
July 30	Mexico at Columbia.
August 6	Centralia at Columbia.
August 13	Columbia at Higbee.
August 20	Columbia at Paris.
August 27	Moberly at Columbia.
September 3	Mexico at Columbia.
September 10	Columbia at Centralia.

The Batting Averages.

Player	AB.	R.	H.	AV.
Dippold	26	13	50	.500
Taylor	25	12	49	.429
Foster	16	5	31	.313
Voigt	31	4	9	.290
McClish	25	3	7	.280
Mason	8	1	2	.250
Bryant	12	2	3	.250
Davis	30	4	7	.233
Hill	16	1	2	.125
Total	192	27	60	.297

UNIVERSITY TEAM SCORES 365

Local Golfers Finish Well in Kansas City Tournament.

The University golf team, composed of C. L. Brewer, O. M. Barnett, DR. Scott and W. G. Manly, finished in the state tourney now in progress on the Blue Hills links at Kansas City with a team score of 365. This was considered a good count, in view of the rainy weather.

Brewer qualified and finished the second flight in 90; he then paired with Rand Jones, Kansas City champion, and was defeated by a count of 80 to 86. He considered this a good run, for bogey on the Blue Hills course is 83. Brewer was glad that he drew Rand Jones as his opponent, for Jones has held the city championship the last two years.

Barnett also qualified and came in with the same score as Brewer, but was outstripped in the third round by A. W. Warren of St. Joseph, 2 up and 1 to play. Scott stayed in the contest longest by finishing the third flight with 92, but he was defeated yesterday by G. W. Sambart, 5 up and 4 to play. He was the real hope of the University team.

Manly made the qualifying round and the special class with 93. Dr. R. M. Burgess, who went with the team, made Special B in 98. Burgess and Manly, however, did not stay for the matched play.

More than 350 entered the tournament. Brewer and Barnett finished in the first forty, while Scott went out with the next sixteen.

JOURNALISM ENROLLMENT IS 50

School Shows Increase of 12 Per Cent Over Figures of Last Year.

The enrollment in courses in journalism in the Summer Session of the University shows an increase of 12 per cent over the enrollment for the Summer Session of 1915. The number of journalism students has doubled since the Summer Session of 1913, three years ago, when the total was twenty-five.

This year fifty have already enrolled.

The growth has taken place despite the increased requirements for entrance to journalism and also despite the fact that several other universities have added courses in journalism in their summer sessions.

W. R. Jackson, '13, Now a Doctor.

William Reginald Jackson, a graduate of the University in 1914, completed his medical course in the Rush Medical School of Chicago in June and has been one of the first internes to the staff of the New Christian Church Hospital in Kansas City. The appointment is to be effective July 1.

Ralph Lester Has Typhoid Fever.

Ralph Lester was admitted to the Parker Memorial Hospital this morning. He has typhoid fever.

COUNCILMEN CENSOR METHODS OF POLICE

Lee Walker Tells Meeting That Third Degree Is Being Given Here.

WILL MARK CORNERS

Traffic Question Taken Up—John Silver Is Made City Engineer.

Columbia police cannot submit their prisoners to grilling third degree methods or chastise them in any way in order to cause a confession, for the City Council, after hearing a paper by Councilman Walker, in which he cited cases where prisoners had been unnecessarily abused, last night voted that these methods must not be continued. The case was put in the form of a motion and passed.

John Silver was appointed city engineer in the absence of J. Paul Price, who left the Machine Gun Company. It was unanimously voted to make his salary \$70 a month.

The attention of the Council was called to the pools of water that collect at Ninth and Elm streets after each rain. Councilman Walker suggested that the removal of the trash gathered there might remedy this.

Matter of Refuse Undecided.

The placing of refuse on the streets was brought up for discussion. Some of the councilmen were in favor of having big trash cans placed around town. It was finally decided to take up the matter with the Civic League.

The building of a sidewalk on Court street was recommended by Councilman Reed. The matter was referred to the street committee to see if the property owners wanted the city to build it or put it in themselves subject to the city engineer's direction.

A signal service for the night police was discussed, but no action was taken.

The erection of a concrete bridge over Flat Branch on Walnut street, west of the City Hall, was brought up by Councilman Reed. The matter was referred to the street committee.

City to Have Traffic Posts.

The erection of traffic posts was brought up by Councilman McDonald. City Attorney Starrett, who was in Iowa City, Ia., recently, suggested that traffic posts similar to the ones used in that city be erected here. He said that they were made of a section of tile about four feet long and eighteen inches in diameter.

This tile was placed at the intersection of the streets, and on four sides "Safety First" was painted. The tile was hollow, which permitted a round wooden post to be placed in the center and held in place by packing dirt around it.

At the top of the post, which extends about four feet above the tile, cross bars are placed with the sign "Keep to the right," painted thereon. A motion to erect such posts on Eighth, Ninth, Tenth and Broadway was adopted.

To Care for Police Automobile.

The question of a place to keep the police automobile was discussed, and Councilman Klass made the motion that the police and street committee be authorized to provide for the car. The motion was adopted.

Councilman Walker recommended that the automobiles on Broadway be parked in the center of the street. The motion was made and adopted that the City Attorney draw an ordinance for the parking of automobiles on Broadway.

CITY TO HAVE NEW BUILDING

Structure Will House Sweeper, Motor Car, Tools and an Office.

A building, to house the new street sweeper and police automobile and furnish room for a tool house and water and light office will be built just north of the City Hall. It will be about 20 by 40 feet, just one story high, containing four rooms.

Councilmen Virgil Hawkins and F. D. Alton are on the committee to prepare plans for the structure. The work will begin immediately.

Women to Have Mass Meeting.

A mass meeting of women attending the Summer Session will be held in Read Hall at 4:30 o'clock next Tuesday afternoon. The purpose of the meeting will be to promote the better acquaintance of the students and to discuss informally matters of common benefit. A few brief speeches will be given.

ENTERTAIN STUDENTS, E. B. CAUTHORN URGES

Hospitality Is an Asset, Retiring Principal Tells the Commercial Club.

PRAISESTHEOFFICIALS

Resolution Passed to Send Greetings to Gun Company at Nevada.

To do the thing nearest at hand and thus grow into the larger duties of their organization was the advice E. B. Cauthorn, retiring principal of the Columbia High School, gave in his address to the members of the Commercial Club at the weekly luncheon at Harris' today. Mr. Cauthorn's talk gave a review of the past as well as suggestions for the future. His connection with the Commercial Club dates from the time of its organization, when he was secretary.

One of the first things in the way of immediate duties is, Mr. Cauthorn said, the entertainment of Summer Session students, a plan already being worked up by the club. He commended this not only because of the spirit of hospitality thus shown but because it will be a good thing for Columbia itself. Columbia, in Mr. Cauthorn's eyes, is a place which is to become more and more popular is a meeting place, and a reputation for hospitality, together with the new hotel and state highway will make many changes in Columbia in the next few years.

Views Co-Operation As Essential.

Co-operation in all city affairs, particularly the recent school-bond issue, was mentioned by the speaker as one of the excellent features of the Commercial Club. "The Club," he said, "is a clearing house for the good works of the community. It is not looked on, as it once was, as a dictator. Now it is the work of the organization to inform the business man of conditions in the town and, with the City Council and the School Board, to accomplish things for the town."

Getting together Mr. Cauthorn mentioned as another thing that the Commercial Club had learned to do. A much-to-be-desired work of the club would be, he said, to prevent the "knocking" of public officials. "Every one," he said, "needs some one to stand by and hold up his hands instead of making him feel that he is a grafter and a crook."

Public Officials Are Commended.

In this connection the purchase of the fire truck and the more recent acquisition of the police chief's car were mentioned by Mr. Cauthorn and commended. He expressed his belief that Columbia has public officials of more than usual ability and that the fire department, in particular, is highly efficient.

Turning to school affairs, Mr. Cauthorn spoke of the excellent record Columbia has as a school town which holds its students past the high school, graduating a senior class larger than the freshmen class entering. He quoted an investigator who said that Columbia children were having more done for them in proportion to the expenditures than in any other town in the country.

Sends Greetings to Gun Company.

A motion to the effect that the visiting officials of the M. K. & T. Railway be made honorary members of the club, in view of their appreciation of their entertainment here, was passed. A second motion that greetings be sent to the Columbia Gun Company at Nevada was also passed.

In accordance with the motion that a committee be appointed to see what the club might do with regard to the improvement of the Mineola Hills, L. M. Defoe, president of the club, appointed the following committee: J. A. Hudson, chairman, S. F. Conley, W. T. Anderson, John N. Taylor and Mayor J. M. Batterton. The committee on resolutions with respect to the leaving of Mr. Cauthorn, is composed of the Rev. M. A. Hart, chairman, N. T. Gentry and Mayor J. M. Batterton.

Pittsburgh Has Safety-First Congress.

PITTSBURGH, June 22.—Dr. Van H. Manning, director of the United States Bureau of Mines, and Arthur Hammerschlag, director of the Carnegie Institute of Technology, gave the principal addresses at the Safety First Congress that opened here Wednesday.

THE WEATHER

For Columbia and Vicinity: Unsettled weather tonight and Friday, probably thunderstorm showers; warmer tonight; cooler Friday afternoon or night.

For Missouri: Unsettled weather tonight and Friday with probably thunderstorms; warmer east portion tonight; cooler Friday. Increasing southerly winds becoming variable.

Weather Conditions.

The high pressure wave drifted southward, covering the most of the territory east of the Mississippi, while a low of moderate development covers the Plains. This shift in the pressure arrangement has resulted in a marked rise in temperature, to approximate its seasonal normal, in the Plains; and in the West and East Gulf states.

Local showers fell in Southwest Missouri and East Oklahoma and in the Missouri drainage area from Iowa and Nebraska to Montana; showers also occurred locally in Louisiana, Alabama, Tennessee and thence northeast to Massachusetts.

Temperatures are near the freezing value in Southern Utah and Nevada, and frost formed in Idaho, Eastern Washington and Alberta.

The weather is unsettled in Missouri, and showers and thunderstorms are likely tonight or tomorrow.

Local Data.

The highest temperature in Columbia yesterday was 71, and the lowest last night was 41; precipitation, .00; relative humidity 2 p. m. yesterday, 70 per cent.

A year ago yesterday the highest temperature was 82, and the lowest 65; precipitation, .53.

The Almanac.

Sun rose today, 4:43 a. m. Sun sets, 7:28 p. m.

The Temperatures Today.

7 a. m.	68	11 a. m.	84
8 a. m.	70	12 m.	86
9 a. m.	75	1 p. m.	88
10 a. m.	81	2 p. m.	90

PROGRAM TO BE MORE MODERN

Change Is Made in Plan for Second Friday Musical Evening.

The program to be presented tomorrow night in the University Auditorium at the second concert of the Friday Musical Evenings by Basil Gauntlett is slightly more modern in style than the one given last week.

In accordance with his idea of playing at least one sonata at each concert, Mr. Gauntlett will present tomorrow night the "Beethoven Sonata in C major, Opus 2, No. 3." This number is in four movements—Allegro con brio, Adagio, Scherzo, and Allegro assai (Rondo). It is perhaps one of the best known of Beethoven's sonatas.

A set of variations and fugue on a theme by Handel, a composition by J. Brahms, a composer new to the summer audiences, will be played. Brahms is a writer of a comparatively late period.

Probably the most interesting part of tomorrow night's program—to many, at least—will be the "Phantasietuecke" ("Moods and Fancies") by Robert Schumann, the noted German composer. This number or set of numbers consists of eight little pieces: "At Eventide," "Exultation," "Questions," "Whims," "In the Night," "A Tale," "Dream Tangles," and finally "The End of It," each one self-explanatory and descriptive of the main title.

The last numbers will be two selections by Franz Liszt. The first of these is "Harmonies du Soir" ("Evening Harmonies"), and the second, concluding the program, "The Mephisto Waltz."

JURY DECIDES FOR F. L. STEVENS

\$10,000 Suit Against Wabash Also Being Tried This Afternoon.

In the case of Fred L. Stevens of Iowa City, Ia., who was suing J. H. Coats of Riggs, Mo., for the payment of a note of \$100, a jury of six decided in the Circuit Court this afternoon, in favor of the plaintiff.

The case of Columbus Waterfield against the Wabash for the recovery of \$10,000 damages for injuries was being tried this afternoon.

The Bank of New Franklin was granted this morning its petition to revive judgment against John L. McGavock.

SCHULTE LINES UP 1916 TIGERS

Cach Pursues Guidance Policy With Prospective Football Men.

It is rather early to talk about football, but there is at least one who is thinking of the 1916 Tigers. He is H. F. Schulte, football coach.

Schulte is spending the summer at Marcellus, Mich., but he has already begun to line up his prospects. He sent a postcard to each candidate, urging him to keep in condition and requesting a "newsy" letter in return.

About July 1 Schulte will send out a "big news letter," giving instructions to his men.

E. B. Cauthorn Here a Week.

E. B. Cauthorn, who has just resigned the principalship of the Columbia High School, will leave for Dallas, Tex., next Friday.

Y. W. C. A. Plans Tea for Women.

The Y. W. C. A. will give an informal tea for all women students of the Summer Session at Read Hall, from 4 to 6 o'clock tomorrow afternoon.

MEXICO IS ON VERGE OF GENERAL INVASION

Definite Reports Are Awaited Before U. S. Troops Make Further Advances.

SEEKS BATTLE NEWS

Washington Anxious to Learn the Details of the Latest Clash at Carrizal.

BULLETIN

By United Press.

WASHINGTON, June 22.—Orders were issued this afternoon for the militia of Missouri, Kansas and California to leave for the border as soon as ready. The announcement was officially made by Secretary Baker.

By United Press.

WASHINGTON, June 22.—A general invasion of Mexico by the United States troops appears imminent this afternoon, but until definite reports are received to indicate that there is an organized Carranza opposition to the American soldiers there will be no change in Wilson's policy, callers at the White House learned this afternoon.

All officialdom awaits a report from General Pershing of the battle of Carrizal, where forty Americans are reported killed, many wounded and seventeen captured. Mexican reports said that the advance of the Americans contrary to Carranza's orders caused the battle. The reports say that the battle occurred June 15.

Reports this side of the border claim that the fight was Wednesday morning. Secretary of War Baker announces that the militia will be moved as soon as mobilization is complete. What states will lead is not known, but those that are ready will get the first call.

By United Press.

SAN ANTONIO, June 22.—General Funston received a message late this afternoon from General Pershing saying that Pershing had heard no report of the Carrizal battle except one wired him by General Bell from El Paso. General Pershing has dispatched a squadron of the Tenth Cavalry to investigate and will make a report as soon as he learns anything definite. It is believed here that Troop H of the Tenth Cavalry, commanded by Captain Boyd, was engaged in the Carrizal fight.

U. S. LOST 12 MEN AT CARRIZAL

17 Wounded and Many Captured—Reports Are From Mexican Sources.

WASHINGTON, June 22.—Reports received late this afternoon say that twelve Americans were killed, seventeen wounded and a large number captured in the Carrizal clash yesterday. The reports, which came from Mexican sources, are hampered by a lack of facts.

The United States is rushing preparations and taking the actions made necessary by the latest crisis.

MILITIA IS ALMOST MOBILIZED

All State Troops to Be at Nevada by Tonight at Latest.

By United Press.

NEVADA, Mo., June 22.—When it was announced that the War Department would probably call the Missouri militia first among the states to go to the border, three-quarters of the troops were mobilized. All troops will arrive here tonight at the latest. Battery A, the famous St. Louis regiment, is now en route.

CARRANZISTAS LEAVING JUAREZ

Out of 4,000 There Yesterday, Only Several Hundred Remain.

By United Press.

EL PASO, Tex., June 22.—Carranza's military force this afternoon began evacuating Juarez. Out of these 4,000 yesterday, only several hundred remain today.

HOUSE PASSES DEFENSE BILL

Appropriation of \$35,875,120 Is Made for Coast Artillery Service.

By United Press.

WASHINGTON, June 22.—A fortifications bill carrying \$35,875,120 for coast defense field artillery passed the House this afternoon.

Dr. Trenholme Speaks at Assembly.

Dr. N. M. Trenholme of the history department of the University gave the Assembly talk at the University Auditorium this morning. His subject was "Shakespeare and His Historical Place."
