

## BROWNS LOSE 10T 0 5 TO MOBERLY TEAM

Caldwell Holds Locals to Five Hits and Strikes Out Seven.

### TAYLOR IN THE BOX

Dippold Relieves Manager in the Eighth and Fans Six Batters.

The Browns, or one might almost say Dippold, started out and finished up like winners yesterday afternoon at Moberly, but in between they couldn't hold their advantage and lost, 10 to 5. The big Tiger slugger drove in four of the five runs in the first two innings and, as relief pitcher in the last two innings, whiffed six of the Moberlyites and would have held them scoreless but for his own haste in pitching to Blake in the eighth inning.

Dippold had set three Moberly sluggers down in the seventh without their even getting a glimpse of the ball and in the eighth had another scalp to his credit when Caldwell cracked out a two-bagger. With two strikes on Blake, Dippold tried to sneak another across the pan while at the same time Ligon had thought to catch Caldwell off second base. Both plays failed to come off as expected and Blake shot one through the shortstop position, scoring Caldwell and putting himself on second. He scored a moment later when Davis let Winegar's throw get away from him.

With men on second and third in the first inning as the result of an error, an out, a hit and a steal, Dippold's bingle brought both men across. Almost the same thing happened in the second, except that Davis had previously hit and scored on Rutledge's second hit. The Browns never even threatened after these five runs, and meanwhile Moberly was collecting enough runs to more than overcome this lead.

Two hits scored one in the third, just as a starter. A hit, a fielder's choice and error brought another across in the fourth, and in the fifth, four bingles, two errors and a wild pitch almost completed the damage. A pass and R. Blake's double, however, added one more in the sixth. The other two in the eighth brought the total up to ten.

The figures tell the rest of the story.

### ENGLAND NOT BLOCKING PEACE

#### Premier Asquith Says Germany's Terms Are Dishonorable.

By United Press.

LONDON, Aug. 21.—Germany has shown no disposition toward peace, except on terms dishonorable and humiliating to some of the Allies, Premier Asquith told the House of Commons this afternoon.

The prime minister's statement was made in answer to assertions by the German foreign office, which recently stated in a Hungarian newspaper that it was England that was blocking peace.

The foreign office statement was that England prevented her allies showing a disposition toward peace. Asquith said this was untrue and reminded that the German foreign office had never submitted official terms of peace.

### DOCTOR LOEB TALKS AT MEXICO

#### M. U. Dean Tells of the Need of a New State Constitution.

Dr. Isidor Loeb, dean of the School of Commerce of the University, told of Missouri's needs of a new constitution, at a meeting of the Audrain County School Boards at Mexico Saturday. The dean is a recognized authority on constitutional law and has made a special study of the constitution of this state.

Doctor Loeb's talk Saturday was made with especial reference to the educational needs of the state. He pointed out that, of the two methods of improving the constitution, amendment and revision, the latter was the only method possible with so many changes needed.

### Making Live Stock Inspection.

A party of Louisiana livestock men under the leadership of Dean Dodson of the Louisiana agricultural college are making an inspection of livestock conditions in Illinois, Wisconsin and Iowa. It is possible they will stop off at Columbia to see the agricultural college and the livestock here on their way home from Des Moines.

## SPOKANE MAN WANTS A REVISED CALENDAR

The Rev. M. P. Haines Asks That World Adopt His Plan January 1, 1922.

### TO HAVE 13 MONTHS

Twenty-Eight Days in Month—One Extra Day at the Start of Each Year.

"Why not adopt a new calendar?" asks the Rev. H. P. Haines, a Spokane minister.

And to show that it is not an idle question Mr. Haines has figured it out carefully, and proposes that on January 1, 1922, the world (by common consent of the inhabitants) adopt the one he has made up. His unique proposal calls for 13 months of 28 days each; the unlucky one to be termed "Holiday" and to be sandwiched in between June and July. That would accommodate 364 days of the year. The extra or 365th day is not counted in any month, but precedes the first day of January as New Year's day.

He also has arranged to take care of the extra day on leap year. He would have this fall in the new month of Holiday, between Saturday, Holiday 14th, and Sunday, Holiday 16th, and he proposes to call it Leap Year day and treat it just as New Year's is treated. Under the Haines perpetual calendar system each month would begin on Sunday and end on Saturday.

Some of the advantages which he ascribes to the system are:

Each month has the same number of days—like a school month.

The same date in each month falls on the same day of the week.

A printed civil calendar for each month will not be necessary, as the days of each month are identical with those of the first month.

The calendar is good for all time to come, and, like Bill Nye's Railway Guide, "will be just as good two years ago as it was next spring."

Holidays, anniversaries, etc., are easily fixed or transferred.

It will facilitate business calculations. A month will mean 28 and not 29, 30 or 31 days. Wages by the week, fortnight and month are readily adjusted without even referring to the calendar, which is easily committed to memory.

This calendar could, by general consent, be adopted Sunday, January 1st, 1922, without disturbing in the least the present calendar.

### 6 NEGROES ARE FINED \$15 EACH

Bill Hunt Is Given Orders to Leave Columbia at Once.

Six negroes who were arrested Saturday night following a raid by the police on a crap game, appeared before Police Judge M. L. Edwards today and were fined \$25 and costs each. This is the minimum fine provided by the law for this offense.

Bill Hunt who was also arrested Saturday night after a period of three months in which he has evaded the police paid his fine and was released on condition that he absent himself from Columbia. Hunt was arrested last May on a charge of gambling and was locked up. He escaped from jail shortly after and could not be located by the officers until Saturday night. Officers here say that if he returns to Columbia he will be arrested on the charge of jail breaking.

The fine was reduced to \$15.

## FORMER M.U. INSTRUCTOR WRITES FROM BATTLEFIELD

Cecil A. Webster, who was connected with the poultry department of the University, is now fighting "somewhere in France." A letter was received from him by J. Warshaw, of the romance language department, who is now in Quincy, Mass.

Mr. Webster writes: "I am lucky to be sitting here on a green sunshiny slope at ease. The last two weeks have been hell for us. My escapes from death and wounds have been almost miraculous. Men dropped around me like flies."

Every imaginable kind of shell is being used against us, but despite that we are steadily pushing the enemy back.

During the whole period I was in command of a machine-gun section and part of the time in command of three sections because the other officers were wounded.

As a result of the fighting we have had heavy casualties. There are many woods and villages in this region and there is nothing harder to win and hold than either of these. In both you meet a great deal of sniping, and
