

ON 30-DAY FURLOUGH SOLDIER ENTERS M. J.

Still in Government Service, Gibson Wolfe Takes Chance and Enrolls.

MAY GET EXTENSION

Former Drake Rooter Hopes That His Regiment May Be Mustered Out.

Still a soldier in the service of "Uncle Sam," yet a regularly enrolled student in the University of Missouri—this is the predicament in which Gibson G. Wolfe, 20 years old, 509 Hitt street, now finds himself as he waits for class work to start tomorrow morning.

Wolfe, up to September 14, was in the service of the United States on the Mexican border as sergeant in the supply company of the Second Missouri, National Guard of the United States stationed at Laredo. The departure of the first and third regiments of Missouri for Nevada, Mo., as the first step in mustering the national guard regiments out of border service prompted Wolfe to take steps to follow out his intentions to enter the University this fall, which it seemed circumstances would thwart.

"Upon the advice of a friend I applied for a thirty-days furlough," said Wolfe. "I received it on September 14 and came back to Missouri with the supply companies of the First and Third Missouri.

"I came to the University and am taking chances that my regiment will be mustered out within the thirty days that I am on leave. There are sufficient regulars in the region where we are located to take care of the situation, and I do not think I will have to return to my company," said Wolfe.

Notwithstanding the fact that he expects to be mustered out within the next thirty days, Wolfe today applied for an extension of his furlough for thirty days more. He is an appointed cadet to the University and enters the University as a sophomore, having completed one year's work at Drake University.

Rooters at the Drake-Missouri game last year will remember Wolfe as the rooster for the "Bulldogs," who, armed with a large megaphone, persisted in rooting for his champions long after all other supporters of the blue and white had lost all enthusiasm and pep. His home is in Joplin.

The supply companies are the busiest units on the border, according to Wolfe. It is their task to keep the regiments satisfied and in good condition by seeing that they never go hungry.

"The Second Missouri was scattered out over a distance of more than eighty miles doing river duty," said Wolfe. "It was our duty to take out provisions from Laredo along the line. A railroad line was used in one direction. The provisions were transferred the other direction in large auto trucks."

Bad roads make the moving of provisions by auto truck especially trying, according to Wolfe. Rivers must be forded and obstacles overcome that would make the tourist in this part of the country give up in dismay. One truck was held two days between two small streams which were suddenly turned into rivers by a cloudburst while the truck was covering the road between them.

W. C. T. U. TO GET MORE MEMBERS

Organization to Continue Campaign.

Mrs. Esrey is New President. Arrangements to continue the membership campaign of the Woman's Christian Temperance Union for several weeks were made at a meeting of that organization at the Methodist Church on Monday afternoon. It had been formerly planned to close the campaign in August.

Officers for the new fiscal year were chosen as follows: Mrs. John Esrey, president; Mrs. D. A. Robnett, vice-president; Mrs. J. M. Alexander, recording secretary; Mrs. Benton Botner, corresponding secretary; Mrs. John A. Taylor, treasurer. The department chairmen will be chosen at a meeting on the first Monday in October.

TO HAVE STATE CORN WEEK

College of Agriculture to Help Farmers in Selecting Seed.

The College of Agriculture in co-operation with the State Board of Agriculture is making arrangements to promote a seed corn week in Missouri this fall. The dates have not been finally selected but will probably be shortly after the middle of October, according to members of the agricultural faculty.

The college and state board hope to interest Governor Major to the extent of having him issue a proclamation

announcing such a week, thereby giving it official support.

The Missouri Bankers' Association through its agricultural committee has indicated its interest in helping to promote the work.

The plan will be to interest as many farmers as possible in field selection of seed corn. As a preliminary to the seed corn week the college and state board forces will devote their energies largely to creating an interest in seed corn and particularly in home-grown seed corn acclimated to Missouri.

In connection with the proposed seed corn week the agricultural extension service of the University will issue the third of its series of posters. The poster will be in three colors and the subject will be seed corn selection. Twenty-five thousand or more of these posters will be distributed in the state.

The first poster of the new series issued by the extension service was devoted to the Hessian Fly. The second poster was entitled, "Use Pure Bred Sires." The extension service expects to continue to get out these posters at intervals throughout the year when some special agricultural problem confronts the state. The posters are always timely and are issued to meet what may be regarded more or less as special emergencies.

ODD FELLOWS GO TO CENTRALIA

Members of Local Lodge Put Candidate Through Initiation.

About 75 Columbians returned late last evening from Centralia, where they attended the annual convention of the Odd Fellows of Boone County. Several auto loads made the trip from Columbia the rest going over by train during the day. A special train brought all delegates back after the evening session.

Sessions were held in the afternoon and evening. Members of the Columbia lodge put one candidate through the initiatory degree. The Centralia lodge conducted an exhibition of the first degree ritual.

The lodges in the following cities were represented at the convention: Fulton, Stephens, Moberly, Columbia, Hinton, Ashland and Woodlandville.

PROGRESSIVE VOTE DIVIDED

Sixty Per Cent Goes to Republican Candidate in N. Y. Primaries.

By United Press. NEW YORK, Sept. 20.—Sixty per cent of the twenty thousand Progressives who voted in yesterday's primaries, cast their ballots for Charles S. Whitman, Republican candidate for governor, who won the gubernatorial nomination. Forty per cent supported Samuel Seabury, Democrat.

This much was indicated in the still incomplete reports this afternoon. It is also indicated that the defeat of Robert Bacon, former ambassador to France and supported by Roosevelt for Republican nomination for the Senate, is probable.

THREATENS WILSON; ARRESTED

Morris Diamond of Bay City to Be Examined for Alienism.

By United Press. PITTSBURGH, Pa., Sept. 20.—Morris Diamond, 62, of Bay City, Mich., will be examined for alienism, following his arrest this afternoon for threatening President Wilson.

When he was brought before Magistrate Sweeney he testified that he wrote several letters in which he told the President that he intended to kill him.

"I didn't want to do it," he said, "but mysterious voices from the air, and the weather bureaus at Washington and Columbus sent me spirit messages that it was my duty."

"The Law Decides" at the Columbia.

"The Law Decides," a gripping seven real drama, will feature the program, tonight and Thursday, at the Columbia Theatre. This picture features Dorothy Kelley and Bobby Connelly, both well known screen performers.

NOTICE

Wall Papering, Painting and Decorating work guaranteed first class. You will do well to call 1243 Black or see me at 626 North 4th Street.

BUSINESS MEN COMMENT ON "ONE WAY" TRAFFIC

A difference of opinion exists among the adjoining business men on Hitt street and Broadway in regard to the merits and demerits of the proposed traffic regulation ordinance prohibiting people from driving vehicles from Hitt street into Broadway, which was introduced in the city council last night by Alderman Lee Walker.

A Missourian reporter made a personal visit of the different business men adjoining these streets to get their opinions regarding the proposed ordinance.

"I object to the proposed ordinance," said R. H. Hall of the Columbia Theater. "I do not think it will help matters any. If drivers were made to enforce the speed laws that are now on the statute books there would be no accidents on this corner."

A. Buchroeder, jeweler, said that he was heartily in favor of the ordinance from a safety first standpoint. "I think it will be a good thing," he said. Not one machine out of ten slows up or blows its horn when it passes Hitt street going up or down Broadway. I have seen many near accidents on the corner because of this. I believe the ordinance would do much good in lessening accidents."

Mr. Buchroeder then asked the Missourian reporter to watch the cars as they passed Hitt street on Broadway. Five cars passed, all exceeding a ten mile an hour speed. Not one driver sounded a horn as the machine traveled toward Hitt street, and two cars that turned into Hitt street failed to blow their horn, slow up or make motion that they were going to turn into Hitt street.

G. R. Selby, owner of the Old Trail Garage, said that he is opposed to the ordinance because it would not do any good. He said that Saturday's accident in which two cars collided was the first accident he had heard of on Hitt and Broadway streets. "The corner at Hitt and Broadway streets is no more dangerous than any other street in Columbia. If the speed limit is not violated, there would not be any accidents."

The exact wording of the ordinance as proposed by Alderman Walker says, "No person shall drive any vehicle from Hitt street into Broadway street in the city of Columbia." A pen-

alty of a fine of \$1 to \$100 for violators of ordinance is also provided for in the bill.

Alderman Walker was much in favor of the ordinance at the council meeting last night, but could do nothing but talk in favor of it for only five aldermen, James H. Reid, E. B. McDonnel, W. D. Shaw, Lee Walker and O. D. Kellogg were present. Four voted in favor of the bill but it lost because of the council ruling that five votes are needed to make a majority. Mr. Walker said the proposed ordinance will come up at the next regular meeting of the city council.

J. B. POWELL IS ON COMMITTEE

M. U. Instructor Chairman of Ad Clubs' Program Board.

J. B. Powell, instructor in advertising in the School of Journalism, has been appointed chairman of the Club Program Committee of the Associated Advertising Clubs of the World. Mr. Powell will have associated with him, Frank Stockdale, formerly of System Magazine and now official lecturer on educational subjects for the Associated Clubs.

It is the duty of the program committee to assist in arranging programs for about three hundred advertising clubs in the United States and Canada.

A. J. Meyer to Attend Farmers' Club. A. J. Meyer, secretary of the agricultural extension division of the University, will attend a meeting of a farmers' club near Pattonsburg next Friday. This club was organized some

time ago but has been unable to the present to get on a real working basis, Mr. Meyer said. He expects to get the club started in doing some organized constructive work in an organized way.
