

TWO ZEPPELINS LOST IN LAST LONDON RAID

British Repulsed Attack Last Saturday Night—Second in Three Weeks.

REPORT ALLIED GAINS

Have Won Battles on Every Sector of Macedonia Front.

LONDON, Sept. 25.—The destruction in England of three of Germany's largest and latest types of super-Zeppelins within the last three weeks, has convinced English military authorities that London's air defenses have withstood the supreme test in repulsing air raiders on the night of September 2 and again on Saturday night. The admiralty at Berlin today admitted the loss of two Zeppelins in Saturday night's raid. Fourteen or fifteen airships took part in the big raid Saturday night. The latest estimate of casualties resulting from this last attack puts the number of men, women and children killed at 30 and 110 injured. Of this number, twenty-eight were killed and ninety-nine injured in the metropolitan district of London.

Zeppelin Bombs Bucharest.

BERLIN, Sept. 25.—The admiralty announced today that a German Zeppelin had again bombarded the fortified city of Bucharest, capital of Rumania.

Fighting between the Russo-Rumanian and Teutonic forces continues in the Dobrudja on the line reaching to Top Raiser. In Transylvania, Rumanian attacks in the region of Vulkan Pass failed.

Allies Win On Macedonian Front.

PARIS, Sept. 23.—Allied troops won victories on practically every sector of the Macedonian front, the war office announced today.

British troops continuing their successes on the east bank of the River Struma made a successful attack on Janinah. The French captured a trench on the west bank.

Rumanians Halt Teuton Invasion.

ROME, Sept. 25.—Re-enforced by Russian detachments the Rumanians have halted the attempted Teutonic invasion of their northwest frontier and have taken the offensive at Vulkan Pass. Russian troops are now fighting in southern Transylvania for the first time since Rumania declared war.

In the Dobrudja the battle is growing less violent but the Rumanians retain the initiative.

The Allies have suffered a reverse in the fighting east of the Vardar in Macedonia but on both wings are pressing forward. A furious battle is raging south of Kenali, where the Serbians are attacking strong systems of Bulgarian defenses barring the road to Monastir.

Insurgents Control Crete.

ATHENS, Sept. 25.—Thirty thousand insurgents now control the island of Crete, following the occupation of Canea. Only eleven of King Constantine's Cretan bodyguard remained loyal, the rest surrendering to the insurgents without a struggle.

The capture of Canea, capital of Crete, was accomplished without bloodshed. Several thousand insurgents surrounded the city, and the soldiers in the garrison, with few exceptions, joined the revolutionists.

Work on 70 Agricultural Projects.

There are seventy projects or experiments now under way in the College of Agriculture. Five were completed prior to July 1. The experiments were: feeding wheat to fattening swine, preparation of corn for fattening cattle, chemical and physiological relations of the pigments of egg yolk to carotin and kanthophylls of green plants, farm management surveys and spraying fruits for insects and fungus diseases.

Collector B. W. Jacobs Much Better.

City Collector B. W. Jacobs, who is recovering from typhoid fever, visited his office today for the first time in the past eight weeks. Although still too weak to transact business, Mr. Jacobs expects to be ready to receive tax payments by Monday of next week.

WILL DEVELOP TRADE

Daily Missourian Joins Columbia Merchants in Refund Week Plan.

The Daily Missourian has practically completed arrangements to inaugurate a Big Co-Operative Fare-Refunding Sale in Columbia, to begin Monday, Oct. 9 and end Saturday, Oct. 14. During these six days the merchants of Columbia are going to make it an object to the buying public in the way of prices and assortment of goods, and in addition to this they are going to refund the fares of all out-of-town customers who do their trading in this city during this sale.

The occasion is to be known as "Special Bargain Week."

This will be the greatest occasion possible in these days of high cost of living, because shoppers will be able to buy anything and everything they may want for some time to come.

Practically every merchant in Columbia will make special inducements in the way of goods and styles for the sale.

Columbia has the best stores of any town of its size in the Middle West. The people of Columbia know this, and the merchants know it, and the Missourian knows it. The Missourian and Columbia merchants want all the people within a radius of fifty to seventy-five miles of Columbia to know it. Every merchant in the city is being requested to make some special inducements in the way of goods or prices for one week, and at the same time agree to pay their proportion of the fares refunded to all out-of-town customers during the week of the sale.

The plan is meeting with a hearty approval of practically every leading merchant of Columbia, and as a result it will be the biggest trading event ever known here.

Further announcements will be made of this big Co-Operative Fare-Refunding Sale from day to day in The Missourian.

WANTS FIFTY LIFE MEMBERS

Committee From Student-Alumni Union to Meet in St. Louis.

The central committee of the Missouri Student-Alumni Union will meet in St. Louis this week. At this meeting the committee will work out the best method by which as many as fifty life members can be secured at once. This will raise \$5000 for the broader purposes of the Union. The money for the building will be raised later. The committee will also take up the matter of annual memberships.

H. H. Kinyon, secretary of the Union, said this morning that he had just sent B. R. Caldwell, president of the Union, 100 names that were good possibilities for life memberships. Four life memberships have already been secured and six are promised at the meeting, Saturday. The four life members are Dr. A. Ross Hill, J. S. Brown, Gardiner Lathrop, and B. R. Caldwell. The six promised are T. T. Crittenden, E. W. Stephens, C. B. Rollins, Judge C. B. Faris, Forrest Donnell and Samuel Sparrows.

The committee on temporary headquarters, composed of Dr. A. Ross Hill, E. W. Stephens, and S. F. Conley, were given full power to arrange for the taking over of the Columbia Club by the Missouri Student-Alumni Union and it is thought it will get into its new headquarters by October 1.

Retail Merchants To Meet.

A special meeting of the Retail Merchants' Association will be held at the Commercial Club rooms at 7 o'clock this evening.

LAMM AND GARDNER FOR PRISON REFORM

Candidates for Governor at Kansas City Pledge Investigation.

RALLY TO BE HERE

University Republican Club Meets Tonight to Plan Reception.

KANSAS CITY, Mo., Sept. 25.—Prison reform at Jefferson City is promised by both candidates for governor of Missouri in statements today. Judge Henry Lamm, Republican, and Frederick Gardner, Democrat, both promised the people of Missouri that, if elected, they would call a conference before the legislature met to investigate prison needs, and this is to be followed by definite action. Gardner stated that his counsel would be non-partisan. Lamm and Gardner both stated that the penitentiary conditions were bad. Lamm stated that the state was a century behind in its treatment of convicts.

The Republican Club of the University will meet tonight in the Y. M. C. A. Auditorium to make plans for the Republican rally tomorrow night. The meeting will be called at 7 o'clock. All Republican students in the University are members of the club.

Three speakers are on the program for the rally at the courthouse tomorrow night—Judge Henry Lamm, Republican candidate for governor, George Hackman, candidate for state auditor, and John C. McKinley, former lieutenant-governor. The speaking will begin at 7:30 o'clock. The student Republicans will welcome the orators.

Judge Lamm and Mr. McKinley will come to Columbia by motor car tomorrow afternoon from Centralia. They will be the guests of N. T. Gentry while here, but probably will leave for Jefferson City after the meeting. A. E. Remley will preside at the mass meeting.

STATE WON'T TRANSPORT TROOPS

Third Missouri Regiment Disbanded in Nevada—Must Pay Way Home.

NEVADA, Sept. 25.—Denied transportation to Kansas City by Missouri state officials the Third Missouri Regiment disbanded here today.

"To cap the climax, this is the rottenest deal any regiment ever got," one officer said.

The men insist that they will not walk home. The sentiment has been expressed that a train may be seized by the abandoned troops. Uncle Sam paid their transportation to Nevada from the border but the state officials refused to furnish funds for transportation the rest of the way.

First Forum Mass Meeting Tonight.

The first of the student forum mass meetings for University men, which were held last year by the Y. M. C. A., will be at 7 o'clock tonight in the University Auditorium. Dr. J. W. Hudson, professor of philosophy, will talk on "The University Man and His Ideals." G. D. Edwards, dean of the Bible College, will represent the alumni. Dr. Walter Miller will preside.

New Record in Exports.

WASHINGTON, Sept. 25.—A world record for exports was set during August, according to a statement issued by the Department of Commerce today. Exports totaled \$510,000,000, which is \$35,000,000 higher than the previous record established in May and \$45,000,000 higher than the June total. Imports decreased \$47,000,000.

Issue 2 Marriage Licenses Saturday.

Marriage licenses were granted Saturday to John W. Maxwell, 38 years old and Mrs. Perry Nienaber, 36 years old, both of near Columbia and to Harvey Rader, 21 years old of McBaine and Miss Ruth Hughes, 20 years old, of Fulton.

Reception For Men Students.

The annual reception for the new men students of the University, given by President A. Ross Hill and the deans of the University, will be next Saturday night at 8 o'clock at the Y. M. C. A. building.

STUDENT IS HURT IN FALL FROM CLIFF

M. S. Lattimore, M. U. Freshman, Injured Spine Sunday Afternoon.

HAD GONE ON HIKE

Brought to Hospital in Dray—Condition May Be Serious.

M. S. Lattimore, a freshman in the School of Engineering, whose home is in Ferguson, Mo., was seriously injured yesterday afternoon when he fell from a cliff near Balanced Rock on the Hinkson. Lattimore went alone for a walk yesterday afternoon, after asking the other students at 605 South Fifth street, where he is rooming, to accompany him. He found kindred spirits in two unknown freshmen who were likewise on a hike, and the three went to Balanced Rock. In order to make a short cut to town, the boys attempted to descend one of the steep cliffs on the Hinkson, and Lattimore, who was the last to descend, lost his footing and fell about ten feet and was knocked unconscious. He was removed to a nearby road and his companions started for help when Dr. Thornton, who was passing in his car noticed them and gave Lattimore temporary treatment. Lattimore was placed on a passing dray and taken to Parker Memorial Hospital where it was found that the spine had been injured. Lattimore is resting easily today, but his injuries will keep him confined for some time for his condition is serious. Doctor Thornton refused to tell anything about the accident this morning.

MURRAY RAN LOWER STICKS

Simpson Beaten in Three-Foot Hurdle Event—No Record.

The record time of 14 2-5 seconds for the 120-yard hurdles made by Fred Murray in Saturday's race was over three-foot sticks. Word to this effect was received today by the University athletic department. The three-foot hurdles for the shorter distance were in general use twenty years ago, but the standard height is now three feet and six inches.

"I want to do away with the impression that Simpson was beaten by Murray in a regulation hurdle race," Coach Schulte said. "The three-foot hurdle race at Traver's Island Saturday has not been used for twenty years. It is known as the mongrel race. Simpson with a little rest and special training for the event could make it in 14 or 14 1-5 seconds, I am sure."

"The train ride of thirty-six hours and the short rest Simpson had before the race Saturday put him in poor condition to compete with Murray in any event. There is no reason for students to become alarmed. The critics in the East knew the race it was and will make due allowances. Bob will show them all up when he gets in Europe."

FULTON STUDENTS INJURED

Automobile Hit Hinkson Bridge Railing Late Saturday Night.

Four college students from Fulton narrowly escaped serious injury about 11 o'clock Saturday night when the automobile in which they were returning to Fulton ran off the approach to the bridge over Hinkson east of Columbia.

The occupants of the machine, Thomas Baker and William Glass, students in Westminster College, and Miss Louise Tutt and Miss Marjorie Herndon, students at William Woods College were brought to Columbia and slight bruises and cuts were treated. The party returned to Fulton Saturday night.

Tennis Tournament is Under Way.

The men's singles tennis tournament opened today with thirty-two entries. The drawings were made yesterday by Fred Williams, who has charge of the tournament, and have been posted in Rothwell Gymnasium. First-round matches must be played off by Wednesday evening. The entry list for the men's doubles tournament will be closed Tuesday evening. The two Varsity courts have been reserved for tournament play.

THE WEATHER

Columbia and Vicinity: Unsettled weather tonight and Tuesday, probably showers; slightly warmer tonight.

For Missouri: Unsettled weather probably with showers tonight or Tuesday; warmer east portion tonight; cooler west portion Tuesday.

Weather Conditions.
The weather map this morning shows two well-formed high pressure waves and two low pressure waves on their journey eastward—always eastward. A low of somewhat somber appearance is departing from the North Atlantic coast; a high, true to its type is giving fine weather in the Mississippi Valley and in most of the territory east of the Mississippi River; the second low with its influence extending well southward into the United States, is central in Manitoba, and the second high is just appearing over the North Pacific coast.

Rain has fallen from Seattle eastward in the border states to Winnipeg; in western Missouri and eastern Kansas, and in southern Texas. Summer continues on the Gulf Coast, but elsewhere temperatures are pleasant.

The indications are that in Missouri the latter part of the next thirty-six hours will be more or less unsettled and probably showery.

Local Data.
The highest temperature in Columbia yesterday was 80, and the lowest last night was 60; precipitation, .00; relative humidity 2 p. m. yesterday, 45 per cent. A year ago yesterday the highest temperature was 78, and the lowest 60; precipitation, .00.

The Almanac.
Sun rose today, 5:50 a. m. Sun sets, 6:52 p. m.
Moon rises 4:19 a. m.

The Temperatures Today.

7 a. m.	61	11 a. m.	80

\$50 FOR SPEEDING

Ora Mann, Taxi Driver Fined in Police Court Today.

More warnings by Mayor Batteredton and the police have failed to put a stop to speeding in Columbia and Police Judge Edwards took matters into his hands this morning when he assessed a \$50 fine and costs against Ora Mann, driver for the Bowser Brothers taxi service, for careless driving.

Mann was arrested by Chief of Police J. L. Whitesides between Sixth and Seventh streets on Walnut street about 10 o'clock Sunday morning.

According to the police, Mann has been a source of much annoyance on account of his careless driving through the business section of the city. He has appeared in police courts four times for this in the past three months. "Maybe the fine I pronounced this time will convince him that we mean to stop this careless driving," said Judge Edwards this afternoon.

Mann is held at the city jail pending payment of his fine.

McDANIELS ASKS EARLY TRIAL

State to Try to Show Prosecutor Planned Wife's Murder.

ST. JOSEPH, Mo., Sept. 25.—Premeditated murder is the theory upon which the state will base its prosecution of Oscar McDaniels, prosecutor, it developed today. The state will attempt to show that the murder of his wife July 14 last, was planned weeks in advance and that the alleged quarrel on the night of the killing served merely to bring the plan to a climax.

Working on this theory, Special Prosecutor Bart Lockwood will try to show that the threats upon McDaniels' life and the anonymous letters received weeks before the killing were inventions of McDaniels as part of an alibi.

At the time of the murder McDaniels laid much stress upon a threatening letter he received. Handwriting experts will be called to say whether McDaniels wrote the threatening letter to himself. The state will contend that McDaniels as county prosecutor arranged a set of circumstances and planned details which he considered would throw suspicion upon criminals he had successfully prosecuted.

McDaniels declared this afternoon he would ask for an early trial. He is a candidate for re-election as county prosecutor on the Democratic ticket, and insisted the people have a right to know before election whether he is innocent or guilty. McDaniels said he would furnish any amount of bond.

TODAY'S BASEBALL RESULTS.

F. S. REGAN EXPECTS STATE TO VOTE DRY

Dry Association Speaker Talks at Christian Church Last Night.

WET REVENUE SMALL

Says Breweries Are Owned and Operated by Foreign Capital.

"The action of Secretary of State Roach in refusing to add the dry amendment to the ballot has already been repudiated by the attorney-general. The courts will soon have an opportunity to say whether or not you shall vote on the question. I expect to see Missouri become a dry state November 7."

So said Frank S. Regan of Rockford, Ill., the first man to be elected to a state legislature on the straight prohibition ticket in the United States, while in Columbia yesterday. He is on a twenty-day speaking tour of Missouri under the auspices of the Missouri Dry Federation in the campaign to make Missouri a dry state at the November election. He spoke at the Christian Church last evening.

"The Fool Taxpayer" was the subject of Mr. Regan's speech, which was accompanied by illustrations and figures on a large easel. The speaker cited figures to show that the amount of revenue received from saloons and breweries is small on account of tax exemptions and the fact that many breweries are owned by foreign capital and operated under charters granted in other states. The Anheuser-Busch Brewing Association operates under a charter granted in Illinois, according to Mr. Regan. He also said that the St. Louis Brewing Association was owned by English capitalists. The fact that practically all large corporations in the state are exempt from taxation by special legislative permission was cited by the speaker as a means whereby the state can secure more revenue than is now received from the liquor industry. The law under which the exemptions are made has been declared illegal in Illinois.

Mr. Regan has traveled over the United States as an advocate of prohibition since he served in the Illinois legislature in 1899 and 1900, having made extensive lecture tours over many states in campaigns that resulted in the states becoming dry. He left this morning for Centralia, whence he will go to Boonville.

First Dry Hearing Friday.

JEFFERSON CITY, Sept. 25.—Judges of the supreme court announced today that they would hear oral arguments in the application for a mandamus to compel the Secretary of State to place the prohibition amendment upon the official ballot Friday of the present week.

The court will no doubt file a ruling in the premises by Saturday of the same week, as the time is growing short when this and other propositions must be settled if they are to comply with the law, which requires four weeks of publication before the election.

Morton Jourdan of St. Louis is helping the Attorney General in preparation of a defense of the action of the Secretary of State. The drys will be represented by Judge John Lucas and Frank P. Walsh of Kansas City.

EARL OF ESSEX DIES IN ENGLAND

Owner of 15,000 Acres Won Distinction in African Wars.

NEWMARKET, England, Sept. 25.—The Earl of Essex was found dead here today. He was 58 years old and owner of about 15,000 acres. His second wife was the daughter of Beach Grant of New York.

The Earl was born October 24, 1857. He entered the Grenadier Yeomanry in South Africa in 1877 and retired in 1882 with the rank of Colonel. He later served in the Imperial Yeomanry in South Africa in 1900.

The Capell family, of which he was the head, was descended from Sir William Capell, the Lord Mayor of London in 1503.

Meeting of A. C. A. Tomorrow.

Members of the Association of Collegiate Alumnae and all others interested in the association will meet in Room 119, Academic Hall, at 4:30 o'clock tomorrow noon, to discuss plans for the year's work.
