TIGERS TO BATTLE UNDER CLEAR SKIES

Ideal Weather Forecast for Game Tomorrow—Mass Meeting Tonight.

C. L. BREWER TO TALK

Clyde Williams Also Will Make Speech—Music by Ames Quartet.

The weather man has promised practically all that could be desired of him for the Missouri-Ames game tomorrow. He has given his word that when the whistle blows at 3 o'clock tomorrow afternoon, the weather will be fair and warmer, but not too warm for the best efforts of the players. Officials will be: referee, J. C. Grover; umpire, E. C. Quigley; headlinesman, Dr. J. A. Reilly.

Rooters' quarters have been assigned; the upper freshmen to sections G to H, and freshmen to section F.

Neither team has been defeated or even scored on this season. In her two games, Missouri has defeated Central 46 to 0, and Washington 13 to 0. Ames has won from Teachers College 29 to 0, Highland Park 19 to 0 and Kansas 13 to 0.

Ames' defeat of Kansas last Saturday makes the game of tomorrow practically an elimination battle in the Missouri Valley race. If the Tigers can hold the Hawkeye men to a small score tomorrow, they have the long end of the chance in the Thanksgiving game.

The score of the Missouri-Ames game last year was: Ames 14, Missouri 6.

Director C. L. Brewer does not know when the Ames team will arrive but he says they were due in Centralia this morning.

The annual cross-country dual meet between Ames and Missouri will serve as a curtain-raiser to the football game tomorrow afternoon. The race will begin about thirty minutes before the game and will be over the new five-mile course, ending just before the game. In the past three years Ames has been victorious.

The Ames team, comprised of Captain Williams; Hawthorne, Husted, Fritzsche, Crane and Beanbloss arrived in Columbia this afternoon. Missouri will be represented by Captain Engler, S. K. Malcomson, C. E. Brown, and another member of the Varsity squad in place of Otis Joslyn, who is on the sick list.

What promises to be the biggest mass meeting of the year will be held at 7 o'clock tonight in the University Auditorium. Clyde Williams, the Ames coach, and C. L. Brewer, director of athletics in the University will speak, and the Ames quartet will render several selections. The entire Missouri football team will also be there and if possible some alumnus of the University will be secured to speak. The meeting will start at 7 o'clock instead of 7:15 as originally planned, so that the farmers can get away early and Williams can take the 8:20 train to Centralia where the Ames team is staying.

SHIPPEY SENDS GUILD NEWS

Autumn Outing of Writers Featured in October Issue.

The Missouri Writers Guild News, edited by Lee Shippey, who is also editor of the Higginsville Jeffersonian, has been received at the Missouri State Historical Library. The October issue features the autumn outing of the guild at Lake Tanum in the Ozarks and sparkles with the peculiar humor of the editor.

Considerable space was given to comment upon "The Bench and Bar of Boone County," by N. T. Gentry, a Columbia member of the guild. Mr. Gentry's book deals graphically with notable Boone County trials, slavery litigation, the war records of lawyers and judges, showing the prominent roles they played in the great wars of our country, and pictures and addresses of prominent Boone County barristers.

A detailed account of the progress of Missouri writers and the writings they have published recently or which will appear soon are also contained in the paper.

McDANIEL FEARS TRIAL DELAY

Accused Prosecutor Doubts Chance for Verdict Before Election.

By United Press
ST. JOSEPH, Mo., Oct. 20.—With his case on the charge of wife murder continued until Monday, Oscar McDaniel today continued his campaigning for re-election as county prosecutor.
McDaniel fears the adjournment until Monday may make it impossible to get a verdict before election. The court, however, feels that a jury can be obtained in three days and the case heard in a week. Judge Ryan promised, if necessary, to hold night sessions, so that the accused prosecutor may have a chance to clear himself before he seeks re-election November 7.

500 BELONG TO UNION

Smoker Tonight, After Mass Meeting, Is "Open House" For Everybody.

Rain and cold did not stop the membership campaign of the Student Union today and the number of student members will undoubtedly be well past the five hundred mark by tonight. More than 450 members had been secured by 2 o'clock today.

Tonight a smoker will be given at the Union building immediately after the mass meeting. Every student in the University, whether a member or not, is invited.

"We want every student to come and see the 'U' home," said H. H. Kinyon, secretary, today. "It doesn't matter whether you are a member or not—come and see the building, play pool or billiards and read the papers and magazines. Everyone is welcome now. We are holding 'open-house' every day and night and want the students to take advantage of these informal gatherings."

Right now the officers of the Union are spending all their time planning the house-to-house campaign for next week and the campaign among the alumni. In addition to this, plans are being made for the homecoming celebration, when the Union building will be dedicated and a series of smokers and receptions given.

Hundreds of alumni are expected to come here for the homecoming game with Texas, November 4, and the Union expects to entertain every visitor. Circulars are being prepared now, explaining the plans of the Union and inviting visitors to make the Union building their headquarters while here. A circular will be mailed to every alumnus of the University.

Though the active campaign of the city by sections does not start until next week, many solicitors today did not confine themselves to their departments but were busy on street corners, in stores and practically everywhere students were found.

Roger Crittenden is closely pushing the leaders for individual honors in the campaign. Yesterday Crittenden secured nearly fifty members from the College of Agriculture, in addition to a large number obtained among the Agriculture students by other solicitors. Though no definite figures could be obtained today, it is thought Jerry Owen is still in the lead among the solicitors.

The Columbia campaign committee will meet at 9 o'clock tonight at the Union building to make plans for a city campaign. C. B. Rollins, Jr., is chairman of the committee and the members are Lee Walker, Harry Jacks, J. R. Somerville, Dr. C. M. Sneed, Wood Sapp, Ben Nowell, Victor Jones, E. Sidney Stephens, A. C. Bayless, Rex Magee, Percy Klass, and Robert E. L. Hill.

Dean Williams Attends Meeting.

Walter Williams, dean of the School of Journalism, left for St. Louis this afternoon, where he will meet with the general committee of the New Constitution Association of which he is chairman. The object of the association is to work for a new State Constitution.

SERBS PUSH NORTH AGAINST BULGARIANS

Village of Velesselo Now Occupied—Monastir Is Menaced.

FALKENHAYN HURT

Zurich Dispatch Says Field Marshal Is Wounded in Leg.

By United Press
LONDON, Oct. 20.—In the face of stubborn Bulgarian resistance, Serbian troops have pushed two miles northward in their advance on the Bulgarian base at Monastir, occupying the village of Velesselo, it was officially announced this evening.

The Twenty-eighth and Forty-fourth Serbian regiments, the official Serbian statement declares, have been defeated and four machine guns, three field guns and eighty prisoners taken.

The Serbian claims of further success are flatly contradicted by the German war office this afternoon. The Germans heavily rebuffed north of Thiepval last night, General Haig reports. British troops carried out two small raids on enemy trenches near Loos.

Artillery was active on the Somme front last night, particularly in the region of Sully and Belloy.

Von Falkenhayn Reported Wounded.

By United Press
ROME, Oct. 20.—Field Marshal Von Falkenhayn, former chief of the German general staff, has been wounded in the leg and compelled to relinquish command of the Austro-German army in Transylvania, said a dispatch from Zurich today. This report followed the announcement from Berlin of the retirement of General Von Kluck, famous in the early days of the war. Von Kluck retired because of shrapnel wounds he received more than a year ago.

Notes of the Delegates

Mrs. S. L. Garrard is one of those delegates who come to the State Federation meeting "just to see what good they could get out of it" according to her own statement. She is interested in everything that women's clubs do and she likes Columbia too well to stay away. She represents the Women's Midweek Club of Centralia.

Mrs. James C. Welch of Elsberry was in Columbia last Farmers' Week, as she is especially interested in home economics. She says that many Missouri women are working for the erection of a building for the home economics department at the University and for a Women's Building. One of the things which she hopes this federation meeting will accomplish is the crystallization of sentiment for better conditions for the women here, and incidentally for all Missouri women. She is a delegate from the Elsberry History Club.

Moberly sent many delegates to the convention, according to the usual Moberly spirit, as one woman said. Mrs. Nell Lynch is from the Round Table Club and Mrs. Will Sanderson is a representative of the Sorosis Club. They declared that they are interested in everything, and the enthusiasm with which they made the statement was worth a volume of comment on women's clubs.

One sentiment voiced by many of the visitors was, "I love Columbia." No one said it more emphatically than Mrs. W. H. Logan of the Fortnightly Club of Laddonia. Mrs. Logan has three daughters in the University and has visited Columbia many times, and likes it better each time. Mrs. A. L. Brutin is another delegate from the same club, and she, too, is visiting a daughter who is a University student.

Mrs. C. G. Daniel, president of the Cosmos Club, Mrs. R. L. Alford and Mrs. McCune are all delegates from Vandalia. Mrs. Alford is especially interested in child welfare work and has visited Columbia several times in the interest of "Better Babies" campaigns.

Mrs. W. R. Chivvis of St. Louis, state president, and Mrs. Eugenia Rutherford of Moberly, district president, will be entertained at the home of President A. Ross Hill during their stay in Columbia.

Coming to Columbia seems very much like coming home to Mrs. J. D.

THE WEATHER

Columbia had its first snowfall of the season last night. A cold drizzle changed to a light sleet. At 9 o'clock in the evening only a light flurry of snow was in the air. This morning the temperature had dropped to 30 degrees, a little below the freezing point, and small white patches dotted the ground and ice had formed on the sidewalks.

For Columbia and vicinity: Generally fair tonight; freezing temperatures. Saturday fair and warmer.
For Missouri: Generally fair tonight slightly colder extreme east portion with killing frost, Saturday fair with rising temperature.

Weather Conditions.

The low pressure center moved from the Ohio valley to Lake Michigan since yesterday morning—much less than the normal rate of travel. This resulted in continued rain throughout sections east of the Mississippi River, and with rain and snow from Missouri northward.

The high pressure area over the northern Rockies, blocked to the east, made an abnormal extension into the southern plain and western Gulf sections, causing killing frosts and freezing temperatures from central Texas northward.

Temperatures in Missouri range from 26 degrees at Kansas City and Springfield to 32 degrees at St. Louis, at 7 a. m. In Columbia clearing conditions will set in late this afternoon or tonight, and temperatures will continue low. Saturday will be fair and warmer.

Local Data.

The highest temperature in Columbia yesterday was 54, and the lowest last night was 29; precipitation, 0.22; relative humidity 2 p. m. yesterday, 50 per cent. A year ago yesterday the highest temperature was 74, and the lowest 46; precipitation, .00.

TRIES WILSON ATTACK

Man Carrying Knife Arrested in Pittsburgh—Assault Feared.

By United Press
PITTSBURGH, Oct. 20.—An attempt to attack President Wilson as he was riding through the crowded downtown business district was made today by a deranged man, who carrying a black satchel containing a long knife, made determined efforts to jump on the running board of the President's motor car. The man was finally beaten off by policemen and secret service men and hustled to a station house.

At the police station the man gave the name of Richard Cullen. He is a Pittsburgher, 22 years old. When captured, he said he was dissatisfied with the present handling of foreign affairs but did not admit that he intended to attack the President. In the satchel the police say they found a long-bladed knife. The clasp of the satchel was unfastened.

After his arrest, Cullen conversed at first in a quiet tone but soon became bitter and denounced the President's policies.

The attack occurred in the heart of the city. The crowd there was so dense that the cars were forced to move slowly. Cullen leaped on the running board and tried to clamber over the door. He was grasped by secret service men and pushed into the street. Jumping quickly, he caught the step and attempted to repeat his efforts. Forced backward, into the crowd and pulled by persons in the street, he fell down.

Before several who jumped forward, could throw themselves on him, he was up and off like a shot. City detectives caught him after short chase.

The Cullen family physician, Dr. Barkley, later in the afternoon declared that Cullen is deranged.

The President, Mrs. Wilson, the Democratic chairman, Mr. J. F. Guffey, and two secret service men were in the President's car. While the President's bodyguard was scuffling with Cullen, the President remained calm, as did Mrs. Wilson.

VILLA NOW CONTROLS PARTS OF CHIHUAHUA

Bandit's Troops Hold City 25 Miles From Capital, Officials Say.

NEW RAID EXPECTED

Refugees Claim Government Soldiers Offer the Outlaws No Resistance.

By United Press

EL PASO, Tex., Oct. 20.—The entire western and southern portions of the state of Chihuahua are now under control of Pancho Villa, according to admissions made by Mexican de facto officials at Juarez as details of the bandit chief's bold raid last Tuesday on the town of Santo Andres began to reach the border today.

Santo Andres is only twenty-five miles west of Chihuahua City, on the Mexican Northwestern Railroad. Despite protestation about vigorous pursuit of the Villistas, refugees at Juarez declare that Carranzista troops are making no efforts to chase the bandits and are avoiding contact with them.

Thousands of Carranzistas brought from Southern Mexico are being held in Chihuahua. Military authorities there expect another attack by Villa.

Villa has ordered every detachment of his command operating in Chihuahua to inform the Mexican people he is personally with the band, in order to cause confusion as to his actual location.
