

# UNION TO CAMPAIGN FOR NEW MEMBERS

Drive to Start Tuesday and  
End Saturday Night—  
Women to Help.

## REDS VERSUS BLUES

St. Louis Pledges \$1,500 to  
Organization — Kansas  
City to Give \$1,000.

A joint Campaign under the auspices of the Missouri Union and the Women's Student Government Association will be held next week for the purpose of building up the membership of the former organization. The drive which will begin Tuesday morning and close Saturday night will be carried to the furthest part of the University, plans having been made to solicit every student in school.

The machinery of the campaign will consist of two teams designated as the Red and Blue and each team will have a man captain in each of the eight schools of the University. The two teams will be under the direct supervision of H. H. Kinyon, secretary of the Union, Bertram Harry and Miss Mary E. McDaniel, president of the Women's Student Government Association. The women will have captains in the School of Journalism, School of Education, College of Agriculture, College of Arts and Science and the Graduate School.

Although the women will not meet until Tuesday afternoon to formulate plans for their part nevertheless the mens organization will start activities early Tuesday morning. Officers of the Union recently held a conference with Miss Eva Johnston, women's adviser, Miss Louise Hardin and Miss McDaniel and it was made known at that time that the women are heartily in favor of the movement and will enter into the work of the campaign with a lively interest.

In view of the fact that women cannot indulge in the day-to-day privileges of the Union the regular membership fee has been reduced from \$3 to \$2 in the case of new women members. This will entitle them to a year's subscription to the Alumnus, issued twice a month by the Union and also will include many social affairs held at the Union building in which women may participate. Owing to the inadequacy of the present building it is considerable impractical to include the women in the regular privileges of the Union, hence the special rate was made in order to deal fairly with the women. Plans for a separate building for women is now under consideration.

President A. Ross Hill in his opening address Wednesday emphasized the great work of the Missouri Union declaring that every student in the University should become identified with its many activities. The purpose of the Union as outlined yesterday afternoon by H. H. Kinyon is to afford a place where students of the University may get together for an exchange of ideas in regard to the up-building of the University of Missouri. New men are brought into line from year to year and inoculated with the spirit of the school and these men go out into the various marts of the world spreading this spirit and incidentally inducing other young men toward the University, he said.

The directors of the Union in Columbia and the schools they represent are Baxter Bond, School of Commerce; Norris Rider, College of Agriculture; Riley Waller, School of Medicine; Nathan Scarritt, College of Arts and Science; Lue C. Lozier, School of Law; Harry Rasmussen, School of Journalism; Raymond C. Lewis, School of Education and L. R. Fuller, the Graduate School.

To strengthen the Union financially the St. Louis Association has pledged itself to raise \$1,500 toward the organization's maintenance fund, considerable of which has been obtained. The handling of this proposition is under the supervision of Forest C. Donnell, a member of the board of directors from St. Louis. A similar movement is on in Kansas City where \$1,000 is being raised. T. T. Crittenden, former mayor of Kansas City and R. B. Caldwell have the matter in charge in that city. R. B. Caldwell is president of the Union.

### GLEE CLUB TRY-OUTS TUESDAY

All University Men Who Can Sing Urged to Come Out.

The annual try-outs for places on the University of Missouri Glee Club will be held in the Glee Club room in Rothwell Gymnasium next Tuesday from 4 to 6 o'clock in the afternoon and from 7:15 o'clock until all who apply have been heard. The try-outs will be conducted by Prof. Chester Murray of the Romance language department, who is director of the club, assisted by David Banks, president.

The club will consist of forty men as last year. In view of the fact that only fifteen of the men on last year's club have returned to school this fall, new men will have an excellent opportunity to secure a place in all the four parts, according to the officers. The try-outs are open to all University men students. "I hope that every man who has ever done any singing will come out next Tuesday," said Professor Murray.

Try-outs for places on the Mandolin Club, which co-operates with the Glee Club in all concerts, will be held later.
