

LEAGUE OF PACIFIC PEOPLES ADVOCATED

Prof. T. B. Veblen Addresses Social Science Institute in New York City.

FOR SECURE PEACE

Reconstruction Policy Should Include Provision for International Good Will.

Thorstein B. Veblen, professor of economics of the University of Missouri, speaking before the annual meeting of the National Institute of Social Sciences at the Hotel Astor in New York, said that any policy of reconstruction which did not include provision for international peace and goodwill in addition to domestic prosperity and content would not be secure, says the New York Times. The subject of Professor Veblen's address was "The General Principles of a Policy of Reconstruction."

"The underlying and controlling purpose of any reconstruction is peace," said Professor Veblen, turn to the status quo ante, out of "Therefore, the aim is to avoid a re-which the war has come. 'Reconstruction' means such a revision or correction of the existing system of law and order as will accomplish this purpose."

"I believe that international peace is to be secured by disallowance of such national rights and pretensions as habitually give rise to dissensions. The logical remedy would be international pooling of all issues of this kind, both patriotic and commercial, from which would result a league of the pacific peoples, within whose jurisdiction national political pretensions and commercial discrimination would fall away."

"Under such a plan the 'national integrity' would become chiefly an integrity of culture, whereas many questions of political integrity would fall into abeyance."

"The substantial meaning of 'reconstruction' is a revision of vested interests, in great part a disallowance of existing vested interests, with a view to avoid waste and confusion in the conduct of industry, and more particularly with a view to removing popular distrust and discontent. To accomplish any part of its purpose, this revision will have to be carried out substantially without regard to the present rights of ownership, on the simple principle that the total material resources of the country—funds, natural resources, and industrial plant—are to be dealt with as a common stock destined for the use of the community."

CITY AND CAMPUS

Mrs. Margaret Squires returned to her home at Carrollton today after visiting her daughter, Miss Jo Squires, a student in the University. Miss Jane Ringo, who finished her work for a degree this semester, went to her home at Ironton this morning.

UNIT EXPECTS TO LEAVE SOON

K. C. Base Hospital Organization Is Now Quartered in Union Station.

The Kansas City Base Hospital Unit No. 28, which has a number of students and former students of the University of Missouri among its enlisted men, has been mobilized. The men went into active service at noon Monday and have been quartered in the Union Station. Kansas City men are allowed to go home at night, but must report every morning.

The unit will remain in Kansas City only for a few days and then entrain for Camp McPherson, Atlanta, Ga., where the men will receive their uniforms and training.

Camp McPherson is one of the oldest military posts in the South, and has a good health record. It is six miles from Atlanta with which it is connected by a car line. Camp McPherson was until a few months ago the central point of the Seventeenth United States Infantry, but now only several small hospital units are quartered in the large base hospital, which is one of the biggest and best Army institutions in that section of the country. It is equipped in the most modern style.

University members of the hospital until will see a number of interned German sailors at the camp among whom will be the crew of the German vessel Kron Prinz Wilhelm.

Doctor Hill Speaks in St. Joseph. President A. Ross Hill addressed the St. Joseph Commercial Club at its luncheon today on "Education and the War."

Notice of Registration of German Alien Enemies.

Pursuant to a proclamation of the President of the United States, dated November 16, 1917, requiring the registration, as alien enemies, of all natives, citizens, debtors or subjects of the German Empire or of the Imperial German Government, being males of the age of 14 years and upward, who are not actually naturalized as American citizens, and pursuant to instructions from the Department of Justice of the United States, notice is hereby given that registration of all such persons who are within the limits of the city of Columbia will take place at Police Headquarters, in said city, beginning at six o'clock Monday morning, February 4, 1918, and continuing from day to day until eight o'clock Saturday evening, February 9th, 1918, and that the hours of registration will be from six o'clock each morning until eight o'clock each evening during said period.

Any German alien enemy required to register who fails to complete his registration within said time, or who violates or attempts to violate, or of whom there is reasonable ground to believe that he is about to violate any regulations duly promulgated by the President of the United States or the regulations issued thereon, in addition to all other penalties prescribed by law, is liable to restraint, imprisonment and detention for the duration of the war, or to give security, or to remove and depart from the United States in the manner prescribed by sections 4067, 4069 and 4070 of the United States Revised Statutes, and to all other penalties prescribed in the several proclamations of the President of the United States and in the regulations duly promulgated by or under the authority of the President.

Given under my hand this 23rd day of January, 1918.

J. L. WHITESIDES, Chief of Police, and chief registrar for the City of Columbia.

Want To Make Money?

If you want to make money, get in with men who have made good—men of broad experience who invest their own money on the same basis opportunity invites you—ILLINOIS REFINING CO.

The men who "made" the ILLINOIS OIL CO. have always enjoyed success. They are not promoters. Paid 80% dividends in last two years. Boone County and thousands of stockholders in other counties sing the praises of the men who returned to them much over 100% in dividends in recent years—never missing a good quarterly dividend.

These same men are now "making" the ILLINOIS REFINING CO. They are safe, honest and reliable business men of broad experience and capable of making Illinois Refining Co. stock very, very valuable.

Ask any BANKER OR BUSINESS MAN in ROCK ISLAND, DAVENPORT, MOLINE or elsewhere. A large per cent of them are investors in the stock in large amounts. That's good evidence of their confidence.

Nearly 5000 STOCKHOLDERS at present. Where is a corporation that is pledged to a reasonably safe business policy that has the promise of income and profit that ILLINOIS REFINING Co. has?

We will not sell a stock in which we would not likewise invest.

Full particulars regarding Illinois Refining Co. on request.

Send without cost to me reports from time to time.
