ALL M MEN TO WEAR OLD GOLD HAT BANDS

The M men will wear distinctive hat bands Homecoming Day. This was decided at a meeting of the M men last night. The band will be old gold in color, with a black, block-letter "M" on it. Only M men will wear these bands. This feature is being instituted as a custom to be followed at all future Homecomings.

The M men will give their annual dance at the Knights of Columbus Students' Home, December 10.

KEUPER TEAM PASSES THROUGH COLUMBIA

Twenty members of the football team of Keuper Military Academy, at Boonville, passed through Columbia this morning on their way to Mexico where they will play Mexico Military Academy this afternoon. The players transferred from an M. K. & T. train to an outbound Wash train.

SENIOR GIRLS DEFEAT JUNIORS

The senior girls of Columbia High School defeated the junior girls 13 to 11 in a close basketball game in the high school gymnasium yesterday afternoon. The juniors were leading their opponents 6 to 4 at the end of the first half, but the upper-classmen turned the tide in the last period. This was the first basketball game of the season.

COX'S PICTURE STILL UP

Democrats Will Start Closer Organization of Party at Once.

"Is the Democratic party beated?" "No," answered J. E. Boggs, formerly a member of the Democratic State Committee. "We have been defeated in the last election, but the Democratic party is not beated and it is absurd to think of breaking up. We are beginning on a closer organization of the Democratic party in Boone County at once," he continued. "We are going to build an organization that will reach every man and woman in the county and the campaign that will begin within the next thirty days will be carried on until the next election. This state is essentially Democratic," he said. "The Republicans can win only when dissensions arise among Democrats and when Republicans are able to mislead the people as to our purpose."

H. A. Collier, probate judge, says that, although the Democratic party has received a reverse in this election, he thinks fear as to the foundation of the party is groundless.

"In 1908 Taft carried Missouri by a large majority," said Mr. Collier, "as well as most of the other states except in the South, but in 1912 he only received the votes of two states. The Republican majority in the House of Representatives and Senate does not vary greatly from the Democratic majority in 1912. I believe these tidal waves in voting come and go and will not affect us seriously."

"We will all begin to make plans as soon as we have caught up with the work we have neglected during election," said Ruby Hulien.

Boone County has many staunch and firm Democrats. According to Mr. Boggs, some of the friends whom William Jennings Bryan made in his campaign of 1896 still have his picture on the wall.

Mr. Boggs glanced up at the picture of James Cox on the wall, and said "I'm not going to take it down. I'll let it hang there."

Harrison County Corn Show Dec. 15. BETHANY, MO., Nov. 19.—December 15 to 18 were decided on by the Farm Bureau executive committee as the tentative dates for the county corn show. It is the plan of the executive committee that at least one day of the show be devoted to a Farm Bureau rally, with the best agricultural talent to be obtained for the program.

STARVATION IN BUCHAREST

Relief Committee Gives Peasants Students Two Meals a Day.

"The American students look like millionaires compared to the students in Bucharest," said Doctor Oscar Leonard, head of the Jewish Social Community center at St. Louis, and president of the State Association of Social Workers, in describing the conditions in eastern and central Europe as he saw them there during his eight months in that country. Dr. Leonard addressed the Menorah Society last week in the Y. M. C. A. Auditorium on the condition of the Jews in Slavic Europe.

"Many of them have no money and often go days without food. The relief committee installed a canteen and gave the students two meals a day. Some of the students paid 2 cents for each of these meals but the majority were unable to pay for the food given them."

Doctor Leonard went to Europe several months ago as a member of the Joint Distribution Committee for the purpose of doing relief work among the Jewish war sufferers.

Arriving in Bucharest after a four-day journey from Paris across nothing but devastated battlefields and destroyed territory, Doctor Leonard said he was impressed by the abject poverty of the people in the Rumanian capital. The city has a population nearly three times what it had before the war, but the inhabitants are mostly fugitives from Bessarabia and Bukovina and have little or nothing on which to live. Bucharest was described as being like a rat trap, peopled with skeleton-like men and women who live in cellars, barns and even in caves.

The conditions under which people are forced to live make sanitation impossible and disease is spreading rapidly. Tuberculosis is prevalent throughout the country.

In spite of these conditions Doctor Leonard said that in comparison with Poland and Hungary, Rumania is a paradise.

Speaking of the feeling of European toward the United States, Doctor Leonard said that some were friendly while others were openly hostile. The American military uniform is given but little recognition. The feeling between the peoples of the belligerent countries is not as

biting as we in America are accustomed to think. In France, for example, German newspapers are sold on the streets and their circulation is as great if not greater than before the war.

MEXICO PLANS NATIONAL BANK

Test of Obregon's Government Likely to Come in Establishing System.

BY RALPH H. TURNER

(United Press Staff Correspondent.) MEXICO CITY, Nov. 17.—Of all the problems which will confront President Obregon when he assumes the leadership of the Mexican nation in December, none will demand more urgent solution than the rehabilitation of the country's banking system.

The question has two salient angles: First, a banking law must be enacted, establishing rules for the guidance of both native and foreign banks; second, a national bank of issue must be founded.

Around both features of the issue revolves the necessity of providing some form of reimbursement for the banks which suffered enormous losses during the revolution. Little progress has been made toward the drafting of a banking law and it is not likely any definite action will be taken until after Obregon's installation.

As for the establishment of a national bank, the Treasury Department has at least prepared a project on the subject which may be presented to Congress at an early date. In this connection, it is recognized that the institution must be a bank of emission. Mexico today is one of the few countries of the world—perhaps the only one—which is on so thoroughly a gold basis that not a single piece of paper is in circulation. One issue of paper after another during the revolutionary period, has either depreciated or been repudiated to such an extent that the public will have nothing to do with any money except that made of metal.

Establishing a national bank of issue, the government hopes to restore pub-

LARGE ENLISTMENT REPORTED

St. Louis District Ranked Third—Four in Columbia's Share. Headquarters of the St. Louis district of the United States recruiting service reports the enlistment of 189 men last week, establishing a new record. The district includes fifty-two counties in Missouri and four in Illinois. Four of the 189 men were enlisted in the Columbia. From November 1, to November 10, the number of men enlisted in the district was 268, or 103 over the quota. The St. Louis district, sixth in population in the whole country ranked third in the number of men recruited.

A party of the regional chiefs of the recruiting service may visit the local office.

10,000 Ears of Corn in Exhibit. LAFAYETTE, IND., Nov. 19.—A thousand ten-ear samples of corn will form a part of the big exhibit at the International Hay and Grain Show in Chicago, November 27 to December 4, at which prizes totaling \$10,000 will be awarded by the Chicago Board of Trade to encourage general crop improvement.
