## LIBERTY BONDS TAKEN AT PAR

### OUR REASON

Due to the death of our President, Mr. D. A. Robnett, who died October 24, we find ourselves facing a necessary internal reorganization. This firm will continue under its present management and without change of policy, but between now and January 1 we must convert a large part of our big stock of furniture into cash in order to make the necessary adjustments. This is an unheard of time of the year to offer big general reductions on a complete line of home furnishings, but there is no choice in this case.
