ELECTRIC TRAINS ARE SAFER

They Also Have More Power, Says Westinghouse Engineer.

"The electrification of our railways will be one of the greater accomplishments of the present age," according to N. W. Storer, consulting engineer for the Westinghouse Electric & Manufacturing Co., one of the most prominent railway engineers in the country, in a lecture to the Engineering Club in the physics lecture room Monday night.

Mr. Storer emphasized the great capacity and safety of the electric locomotive. In the New York terminals of the Pennsylvania and New York Central Lines, electric locomotives are used exclusively.

The electric locomotive is capable of supplying more direct power, and more

MARKETING GRAIN DISCUSSED

C. H. Gustafson Addresses Missouri Farm Bureau Federation.

"Give the farmer a square deal and he is big enough to work-out his salvation," said C. H. Gustafson, president of the U. S. Grain Growers, Inc., in an address before the Missouri Farm Bureau Federation yesterday afternoon in the University Auditorium. Mr. Gustafson spoke on "The Grain Marketing Problem of the American Farmer."

"The average farmer today," said Mr. Gustafson, "is dissatisfied with the present system of marketing. That is the reason for the existence of the U. S. Grain Growers, Inc. Co-operative marketing in Europe has been practiced for years. The case of Denmark is probably the most notable. Its farms and its marketing were among the worst in the civilized world, until it decided upon the co-operative method. Fifty years were necessary to perfect this. It is just as necessary for farmers to market their grain as it is for the Standard Oil Company to market personally its oil."

"Stocks, bonds and the farmer's wheat are made the footballs on the stock exchanges," continued Mr. Gustafson. "Only the farmer's product is treated in this fashion. The U. S. Grain Growers, Inc., hopes to do away with such a condition. It is a self-help plan, for of and by the farmers."

Mr. Gustafson also discussed the marketing of other farm products and the importance of the farmer's organization.

The U. S. Grain Growers, Inc., is a national organization of farmers who are interested in the marketing of their products.

The organization has a central plant in Columbia, Mo., where the grain is marketed.

The organization also has a branch in each of the major grain-producing states.

SECRETARY MAKES REPORT

\$24,533.17 Is Cleared by Water and Light Department.

The total cash receipts over expenses of the water and light department of Columbia for 1921 was \$24,533.17. The collections made by the department for the year totaled \$215,970.32 and the expenditures amounted to \$191,437.15. These figures are shown in the annual report of Joseph F. Barnett, secretary of the local municipal department, to the city council.

The collections made were as follows: collections for water, light and power, \$202,461.53; collections for bank interest, \$2,318.28; collections for rent, refund security warrants, securities collected, merchandise, \$11,190.51. The expenses were: payroll at plant, \$26,277.17; coal, \$43,419.89; new equipment, \$48,066.16; freight on coal \$36,492.40; miscellaneous, \$37,181.53 making a total of \$191,437.15.

The report submitted by Mr. Barnett shows a decided increase over 1921 both in the volume of business and the cash surplus. In 1920 the receipts of the plant totaled \$183,191.09 while in 1921 the collections amounted to \$215,970.32 or a gain of \$32,779.23. The expenses for 1921 exceeded those of 1920 by \$20,299.03 due to the purchasing of new equipment for the plant.

Y. W. C. A. Adopts Slogan. "Eat an apple a day at the Y. W. C. A." is the slogan that has been adopted by the social committee of the organization. Posters bearing this and other information as to the advantages to be gained from eating apples in Jesse Hall are to be pasted all over the campus. The committee has the apples for sale in the Y. W. C. A. office, Room 219, Jesse Hall. Receipts for the cores will also be put in the Y. W. C. A. room.

Bulletin Distribution Is Changed. Hereafter, distribution of University publications will be made through the publisher's office instead of through the library, as has been the custom for fourteen years. This change is made to secure greater convenience and less delay in the mailing of bulletins, since requests for publications have, in the past, come to the publisher's office and been sent from there to the library.

GINNATI, Ohio. (By Mail.) Twenty-four years ago, at the age of 16, a saloon porter; today, at 40, retired with a fortune of more than half a million dollars. This is a bit of the interesting life history of Julius Payton, who has just disposed of his chain of several restaurants to "take life easy." Four brothers who worked for him as waiters have acquired the eating houses.

"Trouble with a lot of people is that they never know when they have enough," Payton says. "They work and accumulate until long past middle age," he argues. "Then when they are ready to quit they are too old to enjoy the harvest."

Miss Bra Smith Takes Position. Miss Bra Smith of Tipton has taken a position with the Missouri Farmers' Association in the Guitard Building. Miss Smith was a bookkeeper with the Producers' Poultry Co. in Sedalia before she came to Columbia. The Producers' Poultry Co. is a central plant of the Missouri Farmers' Association.

Local Loan Office Opened. A. J. Braden, general agent for the National Loan and Savings Trust Co., of Kansas City, has appointed V. C. Petty as the local agent for Columbia

and Boone County. Mr. Petty has opened an office in Room 302 of the Guitard Building where he will write applications for loan contracts to buy or build homes or pay off mortgages. There are several 3 per cent loan companies in this state but the National Loan and Savings Trust Co. was the first of them to receive a permit from the Missouri Department of Finance.

Sandwich Sales to Aid Y. W. C. A. The Freshman Commission had the first of a series of sandwich sales that it has planned for the benefit of the Y. W. C. A. last night. One hundred and twenty sandwiches were sold at two houses. The sandwiches were sold for 10 cents each. Next week the girls intend to make a greater number and sell them at some of the fraternity houses as well as at the sororities. The Commission has pledged \$150 to the Y. W. C. A.

COUNTIES ARE EAGER TO AID

Odon Guitard, Jr., Returns From Campaign Tour Over State.

Odon Guitard, Jr., assistant director of the Memorial Union Building Campaign, has recently returned from a trip in which he visited Booneville, Sedalia, Nevada, Carthage, Joplin and Springfield in the interest of the county campaign. Within the next week or ten days, each of the counties will appoint a committee for the campaign, and the names of all former soldier alumni and former students of the University will be obtained, Mr. Guitard said.

"Every town I visited was enthusiastic and deeply interested in the building to be erected in memory and honor of the Missouri boys who died on the battlefields," Mr. Guitard said.

He added that every county in the state no doubt would willingly respond to the duty placed on it.
