Prin. W. H. Harrison, of Jefferson City, is to be congratulated on having secured the erection of a new \$8,000 school building, which is now nearing completion.
An educational meeting, or what is better known as endowment day, was held at the A. M. E. Church of Jefferson City, last Sunday evening, conducted by Prof. J. S. Moten of Lincoln Institute, the subject for the evening being "Christian Education." Remarks were made by Prof. W. H. Harrison, of Washington School of Jefferson City, A. L. Reynolds and J. H. Garnett of Lincoln Institute, and R. L. Logan of Huntsville.
Lincoln Institute has an enrollment of 340 students and this number is being increased by the arrival of new students daily. Everything points to a most successful year for the institution. One of the new additions to the course of study is domestic science for young ladies, which will doubtless prove a valuable addition to the curriculum. Miss Sprague, the young lady in charge of this work, is a granddaughter of the late Frederick Douglass.

J. F. VENABLE.

Died.

DUNLAP.—Annie Maria Dunlap, daughter of Mr. and Mrs. Willis Dunlap, aged 19 years and five months. She leaves a father, mother, two sisters and a host of relatives and friends to mourn her death. She was a sweet girl and loved by all who knew her. Her parting words were not to weep for her as she was ready to go saying she would meet her loved ones on the other shore.
"Dearest Annie, thou hast left us, Thy loss we deeply feel But 'tis God that has bereft us; He can all their sorrows heal."

National Baptist Convention.

Our national Baptist Convention was a glorious success in the Quaker City. The east for skill and money, the west for nerve and backbone; but the west will be what the east is now, and the east will be a relic in the great museum of the west. Though our people are subjected to many disadvantages yet they are pressing to the front in all kinds of business. I went through the business streets of Philadelphia, New York City, Buffalo, New York, Baltimore, Md., Washington, D. C., Windsor, Canada, Detroit, Mich., and many other cities and our people are not in the back ground but are abreast with the push in business life. From the garden spade to the college chair, true religion and christianity is thrusting down the great wall between religious bodies.

A Simple Water Test.

All mothers of families are aware of the need for purity in the water supply. A simple test, easily tried by anyone, is given in a scientific paper as safe and efficient. Draw a tumblerful of water from the uncertain well or tap, put in it a piece of lump sugar, and let it stand over night in a room where the temperature will not be under 60 degrees Fahrenheit. In the morning the water, if pure, will be perfectly clear; if contaminated by sewage or other impurities the water will be milky.

Rev. Mark Thompson, of Lawrence, Kan., preached at the 2nd Baptist church Sunday morning and evening. Rev. Thompson is an able speaker and was for seven years pastor of Vine street church, Macon City. The church gave him \$500.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
Address, F. J. CHENEY & CO., Sold by Druggists 75c. Toledo, O. Hall's family Pills are the best.
