

A Sluggish Liver

Causes the Stomach and Bowels to become disordered, and the whole system to suffer from debility. In all such cases Ayer's Pills give prompt relief.

After much suffering from Liver and Stomach troubles, I have finally been cured by taking Ayer's Cathartic Pills. I always find them prompt and thorough in their action, and their occasional use keeps me in a perfectly healthy condition. — Ralph W. Wagoner, Annapolis, Md.

Twenty-five years ago I suffered from a torpid liver, which was restored to healthy action by taking Ayer's Pills. Since that time I have never been without them. They regulate the bowels, assist digestion, and increase the appetite, more surely than any other medicine. — Paul Churchill, Haverhill, Mass.

INVIGORATED.

I know of no remedy equal to Ayer's Pills for Stomach and Liver disorders. I suffered from a Torpid Liver, and Dyspepsia, for eighteen months. My skin was yellow, and my tongue coated. A few boxes of Ayer's Pills, taken in moderate doses, restored me to perfect health. — Waldo Miles, Oberlin, Ohio.

Ayer's Pills are a superior family medicine. They strengthen and invigorate the digestive organs, create an appetite, and remove the horrible depression and despondency resulting from Liver Complaint. I have used these Pills, in my family, for years, and they never fail to give entire satisfaction. — Otto Montgomery, Onkskoh, Wis.

ANOTHER KENTUCKY WONDER.

A New and Immense Cave Discovered— Bones and Money Found.

Louisville, Feb. 18.—The Courier-Journal's special from Sharpe, Marshall county, in the southwestern part of the state, relates the discovery of a large cave by two young men, while engaged in preparing a piece of new land for crop. The partial exploration developed the fact that the cave was made up of many rooms of great extent. A complete explanation will be impossible until certain large rocks are blasted or broken away. In one of the chambers there were found two human skeletons, about \$600 in gold and silver coin, and a quantity of silverware. This newly found cave is believed to have been the hiding place during the late war of a band of Guerillas known as "Bloody Bill Brady's gang." These marauders were attacked near Benton, Marshall county, in 1864, and all but two were killed. These two escaped, and going, it is thought, to this cave, quarreled over the spoils of the gang, and following their murderous bent, shot and killed each other. Steps will be taken for further investigation of the cave and its former occupants. It has been hinted that the cavern was more likely the headquarters, many years ago, of the notorious John A. Murrell, who robbed and murdered the people of this portion of Kentucky and the neighboring state of Tennessee.

If the sufferers from Consumption, Scrofula, and general Debility, will try Scott's Emulsion of Pure Cod Liver Oil with Hypophosphites, they will find immediate relief and a permanent benefit. Dr. B. H. Brodnox, Brodnox, La., says: "I gave Scott's Emulsion to Mrs. C., troubled with a very severe Bronchial affection. Added to this the birth of a child and subsequent illness, she was in a very bad condition. I ordered Scott's Emulsion, which she commenced taking, giving at the same time some to the baby, which was very poor (weight three and one-half pounds). Since taking the Emulsion, cough is gone, looks fresh, full in the face, flesh firm, good color; baby same, fat and in fine condition. 14 im.

The Best.

There is an advertisement in the Examiner this week of a remedy that is superior to all others, and as nearly all disease owes its origin to the impure condition of the blood, this is by far the best preparation ever offered to the trade. It purifies and enriches the blood, gives tone and energy to the system, builds up broken-down constitutions, and gives strength and energy to the feeble and debilitated. We refer to S. S. S., and will say that this notice is cheerfully given them, unsolicited on their part.—Abington (Va.) Examiner.

If the Bill Taylor of Goodell's ranch, Wyoming territory, can be believed, he is the champion hunter of the plains. One day recently, he says, he saw a herd of 3,000 antelope in a canyon. He walked around to the head of the canyon, and got a good shot at close quarters into the herd. Seven head dropped dead at the shot, and after a few more shots he killed eighteen.

AN EXTRAORDINARY OFFER.

To All Wanting Employment.

We want Live, Energetic and Capable Agents in every county in the United States and Canada, to sell a patent article of great merit, on its merits. An article having a large sale, paying over 100 per cent profit, having no competition, and on which the agent is protected in the exclusive sale by a deed given for each and every county he may secure from us. With all these advantages to our agents and the fact that it is an article that can be sold to every house-owner, it might not be necessary to make an "EXTRAORDINARY OFFER" to secure good agents at once, but we have concluded to make it to show, not only our confidence in the merits of our invention, but in its salubility by any agent that will handle it with energy. Our agents now at work are making from \$50 to \$500 a month clear and this fact makes it safe for us to make our offer to all who are out of employment. Any agent that will give our business a thirty days trial and fail to clear at least \$50 in this time, ABOVE ALL EXPENSES, can return all goods unsold to us and we will refund the money paid for them. Any agent or general agent who would like to see more copies, and work them through sub-agents for ninety days and fail to clear at least \$50 ABOVE ALL EXPENSES, can return all unsold and get their money back. No other employer of agents ever dared to make such offers, nor would we if we did not know that we have agents now making more than double the amount we guaranteed. We wish to send to everyone a price of over \$125 a month, and that one of our agents took eighteen orders in one day. Our large descriptive circulars explain our offer fully, and these we wish to send to everyone on a stamp of ten cents for postage. Send at once and secure the agency in time for the boom, and go to work on the terms named in our extraordinary offer. We would like to have the address of all the agents, sewing machine solicitors and carpenters in the country, and ask any reader of this paper who reads the name of our extraordinary offer to send us an address of all such they know. Address at once, or you will lose the best chance ever offered to those out of employment to make money. KANSAS MANUFACTURING CO., 115 Smithfield St., Pittsburg, Pa.

THE CENTURY

For 1886-7.

THE CENTURY is an illustrated magazine, having a regular circulation of about two hundred thousand copies, often reaching sometimes exceeding two hundred and twenty-five thousand. Chief among its many attractions for the coming year is a serial which has been in active preparation for sixteen years. It is a history of our own country in its most critical time, as set forth in

THE LIFE OF LINCOLN, BY HIS CONFIDENTIAL SECRETARIES, JOHN G. NICOLAY AND COL. JOHN HAY.

This great work, begun with the sanction of President Lincoln, and continued under the authority of his son, the Hon. Robert T. Lincoln, is the only full and authoritative record of the life of Abraham Lincoln. Its authors were friends of Lincoln before his presidency; they were most intimately associated with him as private secretaries throughout his term of office, and to them were transferred upon Lincoln's death all his private papers. Here will be told the inside history of the civil war and of President Lincoln's administration—important details of which have hitherto remained unrevealed, that they might first appear in this authentic history. By reason of the publication of this work,

THE WAR SERIES, which has been followed with unflagging interest by a great audience, will occupy less space during the coming year. Gettysburg will be described by Gen. Hunt (Chief of the Union Artillery), General Longstreet by Gen. E. M. Law, and others; Chickamauga by Gen. D. H. Hill; Sherman's March to the Sea, by Generals Howard and Slocum. General Q. A. Gillmore, W. F. Smith, John Gibbon, Horace Porter, and John S. Mosby will describe special battles and incidents. Stories of naval engagements, prison life, etc., etc., will appear.

NOVELS AND STORIES.

"The Hundredth Man," a novel by Frank R. Stockton, author of "The Lady, or the Tiger?" etc., begins in November. Two novelettes by George W. Cable, stories by Mary Halleck Foote, "Uncle Remus," Julian Hawthorne, Edward Eggleston, and other prominent American authors will be printed during the year.

SPECIAL FEATURES

(with illustrations) include a series of articles on affairs in Russia and Siberia, by George Kennan, author of "Tent Life in Siberia," who has just returned from a most eventful visit to Siberian prisons; papers on the "Food Question," with reference to its bearing on the Labor Problem; English Cathedrals; Dr. Eggleston's Religious Life in the American Colonies; Men and Women of Queen Anne's Reign, by Mrs. Oliphant; Clairvoyance, Spiritualism, Astrology, etc., by the Rev. J. M. Buckley, D. D., editor of the Christian Advocate; astronomical papers; articles throwing light on Bible history, etc.

PRICES. A FREE COPY.

Subscription price \$4.00 a year, 35 cts. a number. Dealers, postmasters, and the publishers take subscriptions. Send for our beautifully illustrated 24-page catalogue (free), containing full prospectus, etc., including a special offer by which new readers can get back numbers to the beginning of the War Series at a low price. A specimen copy (back number) will be sent on request. Mention this paper.

B. A. FANNESTOCK'S

VERMIFUGE

Established 1847. It is now nearly sixty years since this medicine was offered as a remedy for Worms, and from that time to the present day it is almost universally acknowledged throughout nearly all parts of the world to be the best remedy. Worms, Constipation, and other ailments, especially in children, who are most susceptible to these diseases, have been manufactured all over the country, but their true value is not generally known, and B. A. Fannestock's Vermifuge continues to grow in favor daily. Children often look pale and sickly from other causes than worms, and parents are most frequently the result of these hidden ailments and suffer. When they are irritable and feverish, sometimes crying and eating insatiably, signs of worms are often to be seen. When the child is discharged and immediate relief afforded. Great caution must be used in every case, and the parent must be his own judge in one sense, and to examine every bottle he buys of it. The simple name of Fannestock's Vermifuge is not sufficient. He must look closely and carefully to see that the initials are B. A. FANNESTOCK, and that the name of the manufacturer is B. A. FANNESTOCK & CO., PITTSBURGH, PA.

Having used the original "B. A. Fannestock's Vermifuge" in my practice for many years, I can testify in recommending it as a remedy for worms, and efficient in all cases where a Vermifuge is needed.
