SILVER WINS A BIG VICTORY

The Senate Passes the Stewart Free Coinage Bill.

The Democrats With the Aid of Western Silver Republicans Obtain a Signal Triumph—The bill Provides for all Silver Bullion in the Treasury.

Washington, D. C., July 1.—The friends of the free coinage of silver won a great victory in the senate today. When the bill came before that body at 2 o'clock it was weighted down with the refusal made the day before by Mr. McPherson to be bound by the agreement to have a vote taken to-day and it looked as though the end was still in the dim distance. But the senator from New Jersey (possibly having slept on the matter) announced that he was prepared to withdraw his objections and that he would interpose no obstacle or delay to the action of the senate. Even after that it looked for a hour or more as if there was to be a postponement of the subject for at least another week, but finally after a good deal of discussion all preliminary obstacles were swept away and the vote was taken on Mr. Dolph's motion to recommit the bill to the senate committee on finance.

Friends and enemies of the measure were willing to make that vote a test of their relative strength and the decision was in favor of the friends of silver. On all other votes that came after victory was still on the same side and finally the bill was passed by a majority of four votes.

Mr. Morgan offered an amendment directing the coinage of all silver bullion in the treasury and it was agreed to without a division.

The bill was then passed—yeas 29, nays 25. It read as follows:

"That the owner of silver bullion may deposit the same at any mint in the United States to be coined for his benefit, and it shall be the duty of the proper officers, upon the terms and conditions which are provided by law for the deposit and coinage of gold, to coin such bullion into the standard dollars authorized by the act of February 28, 1878, entitled 'An act to authorize the coinage of the silver dollar and to restore its legal tender character,' and such coins shall be a legal tender for all debts and dues, public and private.

"The act of July 14, 1890, entitled 'An act directing the purchase of silver bullion and the issue of treasury notes thereon, and for other purposes' is hereby repealed.

"Provided, that the secretary of the treasury shall proceed to have coined all the silver bullion in the treasury purchased with silver or coin certificates."

The following is the vote in detail:

Yeas—Allen, Bate, Berry, Blackburn, Blodgett, Butler, Cameron, Cockrell, Dubois, Faulkner, George, Harris, Hill, Jones of Nevada, Kenna, Kyle, Mills, Mitchell, Morgan, Peffer, Ransom, Sanders, Shoup, Squires, Stewart, Teller, Turpie, Vest, Wolcott.—29.

Nays—Allison, Brice, Carey, Carlisle, Cullom, Davis, Dawes, Dixon, Dolph, Felton, Gallinger, Gorman, Gray, Hale, Hawley, McPherson, Manderson, Palmer, Perkins, Proctor, Sawyer, Stockbridge, Warren, Washburn, White.—25.

Stand Up For Missouri.

The republican trap is set to catch certain classes of democrats this fall. It is baited with the scripture, Ingersolism, prohibition, free whisky, hard money, soft money, tariff, anti-tariff, anything, everything to catch the weary and the weak, to catch some democrats who have met with financial reverses, some who are always looking for something to turn us, some who dislike one democratic administration or another for this or that personal cause, some who are always ready for a revolution-free fighting, ever looking for a head to hit, and some who live under the delusion that if Warner is elected Missouri lands will go up \$20 per acre; that mana will fall from heaven again; that death and the grave will be banished, and that hard times will never come knocking at the door again. What foolishness is all this! Republicanism was tried for ten years in Missouri. What were its fruits? Imprisonment of priests and ministers, ruthlessly taken from the pulpit; disfranchisement of the intelligence of the state; disbarring of superior lawyers; persecution of the people at all times by all who had personal spite: robberies, arson, churches stolen or burned, court records mutilated or stolen, land office records changed, farms stolen from old citizens, railroads stolen, county bonds issued without the vote of the people by the millions by bribed judges, supreme court judges of high character removed at the point of the bayonet and fools as gross as ever ignorance made drunk placed on circuit court benches for wrongful purposes, and now these same fellows come back after twenty years' retirement, unctuous as a well trained confidence man, cleaving the general ear with honeyed speech, asking to be returned to power.—[Ex Governor T. T. Crittenden.

A PUT UP JOB.

That Worked Like a Charm! Thoughtful and Loving Wife Cures Her Husband of the Drink Habit.

The true story runs this way: Disgusted with the late hours and continued drunken sprees of her husband, after good resolutions and pledges, advice, failed, a wife secured an infallible remedy for drunkenness, known as Haines' Golden Specific, put it into her husband's coffee several times unknown to him and it made a sober man out of him who for six years had hardly known a sober day. Three doses settled him, and now he blesses his wife and loves his children. Commenting upon this incident, an acquaintance remarks: "I have been afraid to drink a cup of tea or coffee at home ever since for fear my wife would spring it on me and I would get up some morning and not be able to take my rations. Look into the matter for the fun of the thing."

A Cincinnati, O., paper says: "The Golden Specific is a simple, harmless remedy, can be administered without the knowledge or consent of the subject to be treated, and has yet to have chronicled against it the first failure to cure." Its efficiency is attested by leading physicians and druggists the world over. It is absolutely harmless and effective. It will not discommode the person who takes it, and one package for three dollars often does the work. There is no reasonable excuse for any man addicted to the use of alcoholic drinks, who wishes healing and health, to continue a slave to drink when this peerless remedy, that has the highest endorsements both abroad and at home, is within the reach of even the most limited means. It is certainly worth your while to inquire about the Specific, and why not start it now by securing a 48-page pamphlet, free, of Golden Specific Co., Cincinnati, O., which contains unanswerable argument in its favor?

NOLAND'S LAST HOPE.

He Appeals to the United States Supreme Court—Twenty Days Stay Granted.

Jefferson City, Mo., July 1.—The Noland case was finally disposed of to-day in division No. 2 of the state supreme court when a motion for rehearing and a motion to transfer to the court in banc were both overruled.

The defense at once asked for a stay of execution until application can be made to the supreme court of the United States for an appeal to that tribunal. After some consultation the court granted a stay of twenty days.

It is understood that the ground on which the appeal to the federal court will be based is that the indictments under which Mr. Noland was tried and convicted contained counts covering forgeries committed elsewhere than in the county where he was prosecuted. Unless the United States supreme court grants the application and allows a supersedeas the ex-treasurer will be forced to face the prison bars, as this is his last hope.

RESIGNS THE PRESIDENCY.

Candidate Leonard no Longer the Head of the Missouri Farmers' Alliance.

Marshall, Mo., June 20.—Leverett Leonard, the people's parry nominee for governor, has resigned the office of president of the state farmers' alliance. The democratic News says: "Leverett Leonard has resigned the state presidency of the farmers' alliance. He recognized the inconsistency of being president of a non-partisan organization and running for governor as a partisan nominee of a political party."

How Our Deficit Looks Abroad.

It has taken trouble and thought, but the United States government has almost succeeded in its grand object of creating a deficit. The total receipts for eleven months of the fiscal year were, according to the Philadelphia correspondent of the Times, less than the total expenditure by £1,340,000. The difference is a bagatelle, but the government at Washington must have been hard put to it to waste on a sufficiently colossal scale. Indeed, it could not have succeeded but that it has contrived to raise its expenditure on pensions up to the astounding amount of £2,448,000 a month, or £29,296,000 a year, a figure which would have made Louis XV. blush for shame at such plunder of his people. The whole of this vast sum, equal to twice the present interest on the British national debt, is paid to the actual or reputed survivors of the army raised for the civil war, though that army was not promised pensions and had no legal claim whatever. The pension list, before it is cleared, will have cost the United States eighty-nine times the capital value of the sum spent on the British monarchy; and we are told that democracy is cheap! The sole object of this huge political fraud is to deplete the treasury to protect the system of protection. Verily Carlisle had reason when he described the human race as "mostly fools."—London Spectator.

ONE MASS OF SCALES

Afflicted 3 Years by Dreadful Skin and Blood Disease, with Intense Pain and Loss of Hair.

All Other Remedies Fail. Relieved Instantly and Cured in Four Weeks by the Cuticura Remedies.

I have a few words to say regarding the CUTICURA REMEDIES. They have cured me in four weeks' time from a Skin and Blood Disease which I have had for over three years. At certain times my skin would be very sore, and always left cracking and itching off in white scales. In cold weather my face was one mass of scales. When in the cold air the pain was intense; it would almost bring tears to my eyes, and my blood also being in a poor condition, with a loss of hair, I have tried every known remedy that was recommended to me, but it was of no use, and gave me very little benefit. So, hearing of your CUTICURA REMEDIES, I concluded to give them a trial. The first application gave almost instant relief. In a few weeks' time I found myself cured, and I am thankful for what they have done for me. Your CUTICURA REMEDIES are a blessing to those who may have the opportunity to use them. I can recommend them to any one. EDWARD KEELAS, 2704 Union Ave., Chicago, Ill.
