The populist always carries Bates county in July and August, the democrats in November.

If you want big crops in this county and prosperous times, vote the democratic ticket.

Scott county sent six prisoners to the penitentiary Monday. They were given two years each.

Kellogg, of Kansas City, edited the Union last week. The paper contained nothing but stereotyped plates.

Washington City is having a small pox scare. The disease made its appearance first in one of the departments.

If the republicans are beat in New York they will lay the cause to Morton's English contracted coachman.

Mrs. Hattie Brown and son, David, of Rich Hill, who have been visiting friends in this city the past two weeks, returned home Tuesday.

A sneak thief by the name of Bert Moore, languishes in jail for stealing a number of articles from the room of J. M. Petty, at the Fisher House at Hume.

The populist leaders are trying to keep a stiff upper lip, but they know and realize their ticket will be snowed under out of sight.

DEWALL & PERCIVAL.
49-41. Butler Mo.

Democrats, see that every voter is out on election day.

The Globe Democrat has surrendered Missouri to the democrats.

Our staunch democratic friend, Carter Wallace, renews for another year.

The bloody shirt has not been mixed up in the campaign. Even the republicans have hung their favorite garment up for the time being.

Vote the democratic ticket.

Mrs. E. R. Ruckle, of Saline county and Mr. Alex. Hanley, Kansas City, are visiting the family of H. G. Walton in Lone Oak township.

Vote the democratic ticket.

Beat the brush this week, boys and get every vote out of it. Its the republicans we have got to beat the populists are not in it this time.

Vote the democratic ticket.

All differences between the city and country democracy of New York have been settled and the skies clear for the election of the democratic ticket.

Vote the democratic ticket.

The little 5 year-old daughter of Wm. Kuhn, of Rich Hill, was severely burned the other evening while playing about a bon fire of leaves and trash by her clothing catching fire.

No democrat ought to be placed in such an embarrassing position as would call for a public expression by letter that he is still a democrat and intends to support the ticket.

Vote the democratic ticket.

There was a splendid trade in town Saturday. Cheap goods and printers ink draws the people and they come to Butler from miles around to do their shopping.

Vote the democratic ticket.

W. O. Jackson, W. W. Graves, M. S. Horn, T. W. Silvers and A. W. Thurman and W. R. Morrison have done yeoman work for the democratic campaign committee, on the stump.

Vote the democratic ticket.

No scratching, no trading this time. Vote straight is the cry. Vote the democratic ticket.

Atkeson don't give a satisfactory explanation of that Lay vs. Wade fish, or rather, train story.

We are told that Capt. Donohue made a good democratic speech at the court house last Saturday night.

As between the republican and populist parties in this county the campaign has resolved itself down to a fight as to which will cast the greatest vote. The TIMES is betting on the republicans.

Vote the democratic ticket.

Remember Governor Stone will speak at Rich Hill next Monday. The Review says it will be the occasion of a grand rally. The campaign committee also making arrangements to have Mr. Bland present.

Vote the democratic ticket.

Our esteemed friend and faithful subscriber, A. R. Keiser, section foreman on the L & S gave us a pleasant call Saturday accompanied by his handsome little twin daughters, and renewed for another year.

Vote the democratic ticket.

That rally at Rich Hill on the occasion of Governor Stone's visit, the 5th, ought to be a ponderous one—a regular jumbo. The miners will all attend this rally because they think a great deal of Governor Stone.

Vote the democratic ticket.

Atkeson has kept his cannon securely housed during the campaign. The democrats will spike it for him Tuesday and then you will hear no more of the standing candidate or his calamity howl in Bates county.

Vote the democratic ticket.

W. M. Dalton, our candidate for probate Judge, gave us a pleasant call. He said he had visited all parts of the county and everywhere he had gone he found the democrats thick and ready for the fight.

Vote the democratic ticket.

Democrats go to the polls early and vote and then devote the rest of the day to working for the ticket. No democrat should stay away from the polls this year. Let's make the majority as big as possible by all turning out and voting.

Vote the democratic ticket.

Ex-Senator Barry G. Thurman, of Lamar, will address the voters of Howard township, at Hume Saturday afternoon and the voters of Walnut township at Foster at night Nov. 3rd 1894.

Vote the democratic ticket.

Pierce Hackett was in town Monday. Chronic office seeking is telling on the old man. He looks weather beaten and foot sore. Well we will give him a rest for two years after next Tuesday.

Vote the democratic ticket.

This is the last issue of the TIMES before the election, and we want to urge every democrat in the county to be on hand election day and give the republicans and populists a good thrashing. A solid vote will do the work.

Vote the democratic ticket.

One year in the state and sixty days in the county of legal age, constitutes a qualified voter; he has to be a bona-fide citizen of the township or precinct at which he offers to vote, but he does not have to live in the township any specified length of time to vote at a general election.

This year we would like to hear the good report that old Summit had restored her citizenship. Come, boys, get on your mettle and go on the war path and redeem grand old Summit, and we will kill the fattest calf and invite you all in.

Vote the democratic ticket.

We have reliable information that Pierce Hackett's neighbors won't vote for him and that the vote of his township is largely against him. Where he is best known there is where he will run the poorest. Pierce is a chronic office seeker and the people of his township are getting most terribly tired of him.

If Judge DeArmond is not elected by an increased majority over two years ago it will not be because he has not made a thorough and strong campaign. No congressional nominee in this state has worked harder. Since his return from congress he has been on the go canvassing his district night and day and in this county the democratic ticket and candidates owe him much for the telling speeches he has made.

Vote the democratic ticket.

It is not encouraging to other candidates on the republican ticket who are making an honest canvass to know that the party or certain members of it are willing to sacrifice them on the altar of defeat for the election of their candidate for representative. Whether Mr. Wix endorses this trading business or not we are not aware, but one thing is true he is making no effort to put a stop to it and thus far he is an aider and abettor.

Vote the democratic ticket.

Judges of Election.

We wish to call the attention of judges of election and especially the democratic judges, that there is two men one on the republican and the other on the prohibition ticket by the same name, ROBINSON. They are candidates for supreme judge and you will observe that their names head the ticket. We do not know that any attempt at fraud will be practiced in counting but it will be well for democratic judges to be on their guard and see that a mistake is not made in transferring the prohibition Robinson to the republican tally sheet. Guard the ballot, a fair count is all we ask.

Vote the democratic ticket.

We are told that some of the populist leaders hate the TIMES and its editor cordially. This is gratifying to us, for it shows that our efforts have not pleased them and consequently were not in vain. We repeat if we had the approval of Atkeson Hackett et al. we would feel that we had been remiss in our duty to the democratic party.

Vote the democratic ticket.

The populists two and four years ago were all sugar and pie to the republicans, they were nice gentle men then, they were helping the pops out. How time has changed all things and the feelings of the candidates on the populist ticket for their once beloved brothers, the republicans. No more kind words now. All is vanity, all is vanity.

Vote the democratic ticket.

The Record was mum on sugar last week. Those advertisements of Williams' and Womack's offering 20 pounds of granulated sugar for \$1 knocked Aus of the perch. To be honest with his readers he ought to come out this week and say he was only joking about the new tariff bill raising the price of sugar and that he only wanted to deceive the people for campaign purposes.

Vote the democratic ticket.

Atkeson says he intends to fight the road amendments giving the county courts the authority to levy an additional 5 per cent tax for road purposes. Of course he will, he always fights everything that benefits the farmer. Good roads make fat horses and prosperous farmers and Atkeson is opposed to both. His mission on this earth is to fight improvements, abuse banks and business men, be a standing candidate for office and howl calamity.

Vote the Democratic ticket.

The Bates county Populist has got very nervous over the coming of Governor Stone. Yes, William will be there, and the boys will hear one of the best speeches of the campaign, delivered by the most eloquent speaker in the west. Whatever Governor Stone's enemies may say of him, none can deny that he is a true, old time democrat, and he is one of the most gallant fighters that ever took the stump in Missouri. We wish every democrat in the county could hear him at Rich Hill on Nov. 5th.

Vote the democratic ticket.

As an indication of the general revival of business the Pullman car company of Chicago have just declared a dividend of \$2 per share on the stock of the company. Also last week George M. Pullman, president of the company was able to donate to the republican campaign fund of Illinois, the handsome gift of two hundred and fifty thousand dollars and reserved the right to dictate how the money be used. You remember about six months ago the Pullman company was so hard up they had to reduce the wages of their workmen to such a degree that the men rebelled and one of the greatest labor strikes ever occurring in this country was the result.

Vote the democratic ticket.

A prominent leader in the prohibition party informs us that the populist leaders in the past few days have made every overture their brains could conjure and pulled on every string known to the political pirates, to induce the prohibition vote to come to their aid. "They feel that without the support of the prohibition party they are gone and the leaders have been to me," said he, "with all kinds of propositions which I have spurned with contempt, and I can assure you the populists will not get a prohibition vote in this county, and I have notified the voters in the county to stand firm and vote their prohibition ticket." The prohibition party has not a very heavy vote in this county, but what few there is are true grit.

When Others Fail

Hood's Sarsaparilla builds up the shattered system by giving vigorous action to the digestive organs, creating an appetite and purifying the blood. It is prepared by modern methods, possesses the greatest curative powers, and has the most wonderful record of actual cures of any medicine in existence. Take only Hood's.

Hood's Pills are purely vegetable, and do not purge, pain or gripe. 25c.

One of the sublimest things is plain truth. If we say a piece of goods is all wool it is all wool. If we say a pair of gloves or a pair of hose is fast black they are fast black.

We are showing a line of Dress Goods, all wool, 25c to \$1.00. Then our Blankets at 75c, \$1.00 are all cotton, but there are hummers for these prices. The all wool coat some more—but you ought to see 'em. The Hosiery we sell in blacks from 10c to \$1 is all absolutely fast in color and are perfect goods for the prices. In cashmere gloves we display grades from 25c to 50c in which the qualities are unapproachable for the prices we ask. Have you seen that double mitten we quote at 25c. Ready made skirts are moving fast this weather, 50c to \$1.00. Our cotton flannel 5 to 15c can not be duplicated in this county at such low prices. And for yarns you could do no better at a factory 60c to \$1.00 per pound.

Stylish cloaks \$2.50 to \$20.00 perfect fitting.
