Ingalis on Bimetetalism.
This extract is from the Kansas City Journal's report of a speech delivered by John J. Ingalis, in Kansas City, Kan., Oct. 6, 1894:

"I am a bimetetalist; the republican platform is in favor of bimetetalism, too, no other party in the country is in favor of the free use of gold and silver for money at the ratio of 16 to 1. This is not a question of phraseology or definition. I am a bimetetalist, and there is no need to wait for an international agreement. (Applause)"

Mr. Ingalis said so then but he has taken it all back since. He now stands on the gold platform with John Sherman.

Old People.
Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of its functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents and \$1 per bottle at H. L. Tucker's drug store 42 44

A romantic story is told of the wife of Thomas E. Watson, populist nominee for vice president. After one of the battles of our civil war a richly dressed baby was found among the dead and wounded. No parents came to claim the child. They say that father and mother had perished in the strife. It is not known whether they were on the northern or southern side. But a Southern soldier and his wife took the child and cared for her as their own. The years passed and the little girl grew to be a handsome and cultivated young lady. Then young Tom Watson, farmer and lawyer, married her—Ex.

Ship Sunk.
New York, Sept. 3.—The steamer Rosedale with 150 passengers on board was struck off Broome street. East River by a Twenty-third street ferryboat and sank in about five minutes.

The Rosedale was on her way to Bridgeport at the time. All of the passengers, it is said were picked up by a passing craft. They saved none of the effects, however.

There was a panic on board the vessel when the collision came, and it is a miracle that many were not lost.

GRAIN RATES CUT AGAIN.
Santa Fe and Missouri Pacific Railroads Open Up the Old Fight.
Kansas City, Mo., Sept. 5.—Another outbreak of rate cutting on grain from western points for shipment to the east is in effect already in Kansas and involves the same fight that marred the last spell of rate cutting, the contest between the eastern and southern ports. The Missouri Pacific a few days ago reduced the rates on corn and wheat from Wichita and other points in Kansas to St. Louis from 1 cent to 2 cents per 100 pounds below rates then in effect. Notice has been given by the Santa Fe that it would meet the Missouri Pacific's rates with correspondingly low rates to Chicago. The new tariff from the principal Kansas points is as follows: Wichita, wheat 16 cents, corn 12 cents; Arkansas City, 16 cents and 12 cents; Belle Plaine, 16 cents and 12 cents; McPherson, 18 cents and 14 cents; Geneseo, 21 cents and 17 cents. There are corresponding reductions of from 1 cent to 3 cents from all other points.

NEW ERA FOR CHINA.
Earl Li's European Visit May Result in the Opening of China to Foreign Trade.
SHANGHAI, Sept. 5.—There are reports in circulation here among people of the highest authority which, if correct, show that the travels of Li Hung Chang in Europe are likely to have in the immediate future a most important effect upon the policy of the Chinese government, and that the Chinese empire will shortly be open to free trade with the rest of the world. The emperor of China is known to be favorably disposed toward the extension of the railroad service of China and, with free trade, the abolishment of all transit dues and an improved system of railroads, the travels of Li Hung Chang may be the means of awakening China into new life and prosperity and open to the commerce of the world markets which have hitherto been unlesly closed.

Corn Carnival at Leonardville.
LEONARDVILLE, Kan., Sept. 5.—The second and last day of the Leonardville corn carnival here passed off successfully. The crowd was nearly as large yesterday as Thursday, being estimated at 3,000. It was gold day and all the republicans who attended were decorated with yellow and the corn display was also yellow while the decorations of Thursday were of white. The principal speakers of the day were United States Senator Lucien Baker, of Leavenworth, and Prof. Swenson, of Lindsborg.

PERRY DECLARES HIMSELF.
No Campaign Contributions or Aid for the Silver Democrats.
TOPEKA, Kan., Sept. 5.—United States District Attorney W. C. Perry, replying to a communication from J. Mack Love, chairman of the democratic state committee, requesting a contribution to the campaign fund, declined to comply, and gave his reasons. He repudiates the Chicago platform as undemocratic and as a departure from the principles of the party, and declares that he cannot conscientiously support its nominees. He concludes by saying that he and the men in control of the party machinery have come to a "parting of the ways." The letter came as a surprise to Love and his associates. They had been led to believe by Perry's absence from the gold standard democratic convention last week that he had weakened in his purpose to bolt Bryan and Sewall.

He asks that contributions be forwarded in the most complete manner and announces that an official receipt will be promptly sent all contributors.

The Free Seed Distribution.
WASHINGTON, Sept. 5.—In a statement from the department of agriculture regarding the appropriation at its command for the purchase and distribution of valuable seeds, the assertion is given that it is safe to say that each senator, representative and territorial delegate in congress during the present fiscal year will have at his disposal (after deducting the one-third allotted by law to the secretary of agriculture) about 30,000 packets of seeds, or about twice as many as last year.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. DEPRECATED BY BUKINLEY.
The Abuse of Free Silver Men By Republicans.

Cincinnati, O., Sept. 2.—Former Representative Butterworth arrived to day from Canton.
"Bryan is a fine fellow," said he would make a good President, for power makes a man conservative. I think his way is the wrong way, but I would not call his supporters Anarchists nor half witted. There is nothing more by such talk. I spent Sunday with McKinley and he deprecatated it in the strongest terms.
"He said to me that he wanted the silver men treated as men of sense, for the only effect of abuse is to close their ears to argument."

Senator Teller has tendered his services to the national democratic committee to speak for Bryan.

Now at this day comes the plaintiff herein by her attorney before the undersigned clerk of the circuit court of Bates county, Missouri, in vacation and files her petition and affidavit, alleging among other things that defendant, James H. McGinnis is not a resident of the state of Missouri. Whereupon it is ordered by the clerk in vacation that said defendant be notified by publication that plaintiff has commenced a suit against him in this court by petition and affidavit the object and general nature of which is to obtain a decree of divorce from defendant upon the grounds that defendant without any reasonable cause abandoned the plaintiff and has failed to support plaintiff or their children, and has thus assaulted and endangered the life of said plaintiff, heretofore and hereunto as above described real estate sold to satisfy the same.
And it is further ordered that a copy hereof be published, according to law, in the BUTLER WEEKLY TIMES, a weekly newspaper printed and published in Bates county, Mo., for four weeks successively, the last insertion to be at least fifteen days before the first day of the next term of the circuit court. A true copy of the record. Witness my hand and the seal of the circuit court of Bates county, this 25th day of August, 1894.
STEWART ATHESON, Circuit Clerk.
