FOR AN OLD CRIME.

Young Man Charged With a Murder Committed Two Years Ago.

Lexington, Mo., April 7.—Robert J. Lee, a young man about 21 or 22 years old, was arrested at Richmond Mo., to day by Sheriff R. K. Green, charged with a murder committed in Linn County, Kansas, November 1894. The arrest was made at the instigation of Ben Bunch, of Mound City, Kansas, who claims to be a deputy sheriff of that county. He says that Lee and two other men, on that date killed a Swede by the name of Chris Kristendom, and then fled from the country. Bunch tracked Lee to Streator, Ill. and back to Richmond, where Lee's father resides. Lee admitted to the Times correspondent when seen at the jail to night that he was in Linn county, Kan., in the early part of the winter of 1894, but denies knowing anything of the killing. Bunch identifies him as the right man, and telegraphed this afternoon to the sheriff of Linn county, Kansas, to come with the proper papers. He is expected at Richmond to morrow.

Chicago, Ill., April 8.—Four thousand men were forced out of employment by the closing of the works of the Illinois Steel company at south Chicago last night. This action was taken by the officials to head off a strike. Employees declare they will resist the lockout. Officials assert that the works will be reopened next Monday. The officials of the company claim that the workmen broke their yearly contract which was made a few months ago. As a result of the strained relations it is said the Amalgamated Association of Iron and Steel Workers is in great danger of being disbanded. Vice President Davis thinks nothing of this kind will happen. All the men are said to be willing to work, except the rail straighteners.

She Prefers Men's Clothing.

Perry, Ok., April 8.—Miss Bue trop was arrested here this evening by the police. She was dressed in men's apparel and claimed to be from St. Louis. She says she is a physician, and is traveling around the country curing the ills of the people. She says she has tramped all the way from St. Louis, and is bound for Oklahoma City. She says she prefers men's to women's clothing. The officers turned her free to night, and she has gone on her way.

Removal.

We take pleasure in announcing that after this date Parks Sure cure will remove all traces of rheumatism, kidney troubles and liver complaint from the user. It is the only medicine that is guaranteed to cure these diseases or no day. Parks sure cure is sold by H. L. Tucker.

Tramp Terrors.

Webster, City, Ia., April 8.—Last night three tramps entered Duncomb a small town six miles west. They were given shelter and when released and ordered to leave town they demolished the jail door and several windows. Passing up the main street in a body, armed with clubs, they terrified the citizens and defied them to stop their parade. Citizens assisted the marshal and they were driven from town. A posse formed and went in pursuit and, overtaking the tramps, the leader was brought back to Duncomb and horsewhipped until he was glad to leave town.

Arrested on a Serious Charge.

Ft. Scott, Kan., April 6.—August Schubert was brought here from Galena this afternoon, charged with assault on his wife's 15 year-old sister, who lived with him here and at Galena. Farmer Burned by Chemicals.

Newton, Kansas, April 8.—J. Z. Schmidt, a farmer near Goessel, 14 miles north of Newton, is believed to have sustained serious and probably fatal burns today in an explosion of chemicals. He was experimenting with a compound of linseed oil and turpentine, intended for use as a liniment, when he accidentally dropped some strong acid into the combination. There was an instant explosion, in which the man was frightfully burned about the head and shoulders. Frenzied by his burns, he rushed to a creek near by and jumped in. There is a slight chance that his quick action may save his life. The house was also partly destroyed as a result of a fire caused by the explosion.

Garland's Frock.

New York Press.

When Mr. Cleveland insisted that his Attorney General should appear at Cabinet dinners in evening dress, Mr. Garland, who had been a member of the Confederate Congress, Governor of Arkansas and United States Senator—all in a frock coat, and probably the same one—quietly remarked that he would resign first. He declared that he was unalterably opposed to dress suits, and if his frock coat was not good enough he would leave the Cabinet. The President allowed him to have his way.

News Service Extended.

The St. Louis Republic recently made arrangements with the cable companies, whereby direct news from all sections of the civilized world are received. It now prints more authentic foreign news than any other paper and continues to keep up its record for publishing all the home news. The outlook for the year is one of big news events; fast succeeding each other and they will be highly interesting to everyone. The price of The Republic daily is \$6 a year, or \$1.50 for three months. The Twice a Week Republic will remain the same—one dollar a year, by mail, twice-a-week.

Nevada Mail.—Wm. Y. Robinson,

who sold out his personal effects and rented his farm west of town preparatory to starting to Halifax, Nova Scotia, is a bright example of what a man of energy and pluck can accomplish in this country. He came here about 16 years ago on foot and without money. He hired out on the Cogswell farm and today he owns that farm besides other land, over 200 acres in all. His sale netted nearly \$1500 and he has large possessions otherwise—all of it accumulated right here by strict attention to business. Mr. Robinson goes to Halifax to care for his aged mother.

Clinton, Missouri.

Mr. A. L. Armstrong, and old druggist, and a prominent citizen of this enterprising town, says: "I sell some forty different kinds of cough medicines but have never in my experience sold so much of any one article as I have of Ballard's Horehound Syrup. All who use it say it is the most perfect remedy for cough, cold, consumption, and all diseases of the throat and lungs, they have ever tried." It is a specific for croup and whooping cough. It will relieve a cough in an minute. Contains no opiates. Sold by H. L. Tucker.

Will Plead Guilty.

Kansas City, Mo., April 7.—It will be the last of this week or the first of next before the Grand-jury takes up the case of James H. Aldrich, the defaulting cashier of the Memphis Railway. There is no question of indictment, and John O'Grady, his attorney, says that he will plead guilty when arraigned in the criminal court and seek as light a sentence as possible. In the meantime Aldrich is out on a \$15,000 bond.

Standard Oil.

New York, April 8.—The Standard Oil stock jump is the wall street sensation of the week. Since Saturday there has been a rise of 19 point in its certificates. All is based on rumors. The well guarded books of the company supply no facts on which the boom is based. The Standard last year distributed \$27,000,000 in dividends and 31 per cent on the capitalization of \$90,000,000.

Up In Arms

New York, April 8.—News from Porto Rico shows that the people of the island have risen against Spain. Two battles have been fought—at Yacuo and Adjuntas. The uprising seems to have been timed to assist the Cuban revolutionists. The news of the uprising reached Dr. Julio Henna, President of the Porto Rican Revolutionary Committee in this city, and was confirmed later in the day by a well known banking firm in Wall street, which has close business relations with the leading bank of Porto Rico.

"The information contained in the cablegram," said Dr. Henna, "though important, is meager. It reads as follows: 'Our country up in arms. Movement started at Yacuo and Adjuntas.'"

The Spanish Garrison in Porto Rico

The Spanish garrison in Porto Rico is composed of about 6,000 soldiers. The population of Porto Rico is about 950,000 persons, of whom about 70,000 are native Spaniards.

Building Blown up.

Key West, La., April 1.—A Spanish military train was attacked and derailed by insurgents near Artemisa. The troops took refuge in a plantation near by, proceeding to fortify themselves in a large building. Presently a tremendous explosion occurred, blowing the building to atoms and killing upward of 300 soldiers and wounding the rest more or less seriously. The house had been mined by the insurgents, who expected that the Spanish force, once driven out of the cars, would occupy it, and electric wires had been run to an electric battery in the woods near by, by which the explosives were fired.

NELS' CLERK.

Durrant Doomed to Death.

San Francisco, April 5.—The Supreme Court of California Saturday denied the application of Theodore Durrant for a rehearing of the application for a new trial, previously denied. This settles Durrant's fate so far as the State Courts are concerned. He will now ask for interference of the Federal Courts. Failing in that he will appeal for executive clemency.

T., April 8.—Ed Newcomb, a desperate outlaw, who has twice robbed the Lonsaph station, was shot and mortally wounded by Deputy Marshal Bud Ledbetter yesterday evening a few miles west of Caney, Kan. A 16-Year-Old Girl has Nervous Prostration

THE REVIVIFYING EFFECTS OF A PROPER NERVE FOOD DEMONSTRATED.

Several months ago, Miss Cora Watrous, the sixteen-year-old daughter of Mr. I. C. Watrous, a locomotive fireman, of 61 Clinton Street, Bradford, Penna., was seized with a nervous disorder which threatened to end her life. The first symptom of the ailment was a loss of appetite. For some little time Miss Watrous had no desire to eat and complained of a feeling of extreme lassitude. This was followed by severe pains in the head. For three weeks the young lady was nearly crazed with a terrible headache and nothing could be procured to give her relief. Finally, after trying numerous remedies, a physician was called and began treating the patient. He said the trouble was caused by impoverished blood, but after several weeks of his treatment the young lady's condition had not improved and the parents decided to procure the services of another physician. In the meantime Miss Watrous' nervousness had increased, the all the elements necessary to give new life and richness to the blood and restore specific nerves. They are an untiring shatterer of such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of erysipelas, palpitation of the heart, pale and sallow complexion, all forms of weakness, either in male or female, and all diseases resulting from vitiated humors in the blood. Pink Pills are sold by all dealers, or will be sent post paid on receipt of price, 50 cents a box or six boxes for \$2.50—(they are never sold in bulk or by the lot.) by addressing Dr. Williams' Medicine Company, Schenectady, N. Y.

Miss Watrous concluded that her cure was complete and left home for a visit to relatives in the grape country near Dunkirk, N. Y. She stopped taking the medicine and by over-exertion brought on the ailment back again. As soon as the returning symptoms were felt, Miss Watrous secured another box of pills and the illness was soon driven away. She is now in better physical condition than she has been for years and declares that she owes her life to Dr. Williams' Pink Pills.

Mr. and Mrs. Watrous were interviewed by a reporter at their home on Clinton Street. Both are loud in their praises of Pink Pills. "My daughter's life was saved by the medicine," said Mrs. Watrous. "Her condition was almost hopeless when she commenced taking them, but now she is as strong and healthy as any one could be. I cannot recommend the medicine too highly."

An analysis of Dr. Williams' Pink Pills shows that they contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore specific nerves. They are an untiring shatterer of such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of erysipelas, palpitation of the heart, pale and sallow complexion, all forms of weakness, either in male or female, and all diseases resulting from vitiated humors in the blood.
