## Model Clothing Company.

The best way to avoid sickness is to keep yourself healthy by taking Hood's Serravallo's, the great blood purifier.  
 John Bozby has THE TIMES sent to his address at Frisco, Benton county.  
 Our old friend Estes Smith of Mingo, was in the city Saturday and made us a pleasant call. He reports the democrats in his township enthusiastic for the whole ticket and will all turn out and vote.  
 There are a large number of middle-of-the-road populists who are conscientiously opposed to fusion with any party. These gentlemen will not have their rights bartered away by a few politicians who expect to gain by the deal.  
 G. B. Ludwick, of Florence, Col., is in Butler visiting his relatives and friends. He made us a pleasant call and gave us an insight into the workings of the mills for reducing the quartz and freeing the gold. He holds an important position in one of those mills. He had the figures on the margin of his paper set forward to 1900.  
 The New York Journal prints a poll of the state on the gubernatorial election, which indicates, it says, that Van Wyck (democrat) will be elected governor by 35,000 plurality. The poll indicates that Roosevelt will come down to Greater New York with 50,000 plurality. The Journal says Greater New York will overcome that and leave Van Wyck 35,000 over Roosevelt.—Ex.

Our highly esteemed friend C. Grant, of Summit has the dates of his paper set ahead for another year.  
 Our good republican friend Frank Voris paid us his annual compliments. He is one of our wealthiest and most influential citizens.  
 Our old friend Newton Allison, one of the most influential farmers of Lone Oak favored us substantially while in the city Saturday.  
 A. L. Gilmore, a prominent and prosperous young farmer of Deep Water township, gave us a pleasant call and had his name enrolled for the Booming Times.  
 Mr. Atkeson's motives in withdrawing from the judgeship race may have been of the purest and we have no doubt were, but he will have a hard time in convincing the people to that effect.  
 A very interesting and instructive program has been arranged by the Ohio street M. E. Sunday School for next Sunday morning at 10 o'clock. It being the annual rally day, there will be but one service, the S. S. and preaching service being all in one. Every member of the church is urged to be present and all friends will be cordially welcomed. Come.  
 Judge Dalton was at his office Monday attending to business again. He attended camp meeting a week or so ago near Johnstown, the trip was too much for him, owing to the fact that he had just recovered from a severe sick spell, and a slight back set was the result. The Judge's many friends are glad to know he is on his feet again.

**GOOD ROADERS CONVENTION.**  
 A Large Gathering and Much Interest Taken in the Work.  
 The good roads convention held at the court house last Saturday was well attended by farmers from every section of the county who manifested much interest in the work. Judge W. W. Graves made a short talk on the importance of good roads to county and state and displayed much knowledge of the subject, showing he had given it some thought.  
 Miss Harber, of St. Louis, Sec. of the State good roads association, then explained the work that the association is doing in the State. They are assisting in perfecting organizations in each county in the State to agitate and educate the people upon the best methods of permanently improving the high ways. The object is to obtain proper legislation that will make the cities, which have two-thirds of the wealth of the State, bear their proportionate part of the expense.  
 Miss Harber is an educated lady, who has given this subject much thought, and her exposition of the plans of the association was thorough and satisfactory to her audience.  
 Rev. Jewell delivered a thoughtful address in which he compared the roads of foreign countries to our own.  
 The chair appointed the following committee on permanent organization and by-laws: John B. Newberry, Pierce Hackett and J. D. Allen.  
 The report of the committee was adopted and the following officers elected: E. A. Bennett, president; E. S. Carrithers, secretary and Chas. R. Radford, treasurer. A vice-president from each township, a full list of which has not yet been received.

**Rally! Rally!**  
 There will be a Sunday School rally at the Christian church next Sunday, October 30th, at 9:30 a. m. Special program, special music, an object lesson from a beautiful chemical experiment. Everybody come to the rally and see what they do.  
**POSTPONED.**  
**DICK ALLEN'S SALE.**  
 On account of bad weather I have been compelled to postpone my sale to  
 Wednesday, Nov. 2, 1898.  
 The sale consists of horses, cows, calves, bulls, hogs, (some thoroughbred) farming implements, grain, household goods, etc.  
 Remember the place, 1 1/2 miles east of New Home. R. N. ALLEN, JR.  
 The reelection of D. A. DeArmond to Congress by a large majority is demanded by the best interests of the district, State and general government. He is a leader in National politics and his reelection means that the speakership of the House of Representatives will come for the first time west of the Mississippi. Another thing to consider: In the event of the next Presidential election being thrown into the House, Mr. DeArmond will support the democratic candidate, while Jurden would even vote for Hanna for President should he be a candidate.—Clinton Democrat.

**Attended Some Cattle.**  
 Rich Hill Review, 20.  
 A man named Walker of Appleton City, Mo., was arrested a week or so ago for obtaining money under false pretenses. He had negotiated a loan of \$20,000 or so on cattle which he claimed to own in Kansas. This money was secured from the Tower Doyle Livestock Commission Co., of Kansas City.  
 Several days since Messrs. Geo. Campbell, Alfred B. Hurst, J. W. Adams and John E. Hale brought a fine drove of young cattle, 2 and 3-year olds to this city and put them on pasture, with the view of feeding on some of the surplus Bates county corn.  
 This morning an attachment was run on some of these cattle by the Tower Doyle people alleging that they were a portion of the stock on which they advanced Walker the \$20,000 loan.  
 Sheriff Mudd was down this afternoon to take possession of 304 head of this herd, and at last accounts the Tower Doyle Commission Co. had given a delivery bond of \$12,000, and were in possession of the live stock, which was in the Mo. Pac. R. corral, awaiting shipment to Kansas City.  
 A trial of the ownership of the cattle will likely follow, as Hon. Reece Turpin and State Senator O. G. Young, legal representatives from Kansas City, besides one or two other lawyers were here to look after this portion of the deal.  
**DeArmond Will Lead.**  
 The Washington correspondent of the Kansas City World, quotes a prominent Democrat in Washington as saying:  
 "DeArmond, a man with more brains than Bailey will ever have, is a gentleman in the first place, a scholar in the second, and a magnificent debater in the third. His speeches are models of clear out oratory, and he makes friends as easily as Bailey has made enemies. Just watch DeArmond. If he only keeps his health he will be sitting in Reed's chair one of these days."

**Built His Own Gallows.**  
 Atlanta, Ga., Oct. 22.—Robert Lewis, who killed J. F. Haynes several months ago, has been sentenced to be hanged on the gallows which he had himself constructed in the new jail.  
 A few weeks after finishing the gallows Lewis was employed on another building and, upon being discharged by Foreman Haynes shot him down without a word of warning. Judge Chandler sentenced him to hang November 10. The day before Lewis mounts the scaffold Wade Hampton, the one-legged negro who murdered a one-legged fellow convict, will be executed.

**PIMPLES**  
**CURED BY**  
**CUTICURA SOAP**  
 Before using CUTICURA SOAP, my face and hands were just as rough as could be and my face was all covered with pimples. I was unable to look at, but after using CUTICURA SOAP three weeks, my face was equal to velvet.  
 Feb. 6, 1898. PAUL DUPRE, Chatter, La.  
 I suffered with blackheads and pimples for two or three years until it became chronic. I tried everything imaginable, but it did me no good. CUTICURA SOAP cured me.  
 Feb. 20, '98. L. V. GILLIAM, Oak P. O., Va.  
 I was troubled for eight years with pimples on the face. I commenced using CUTICURA SOAP. In a very short time the pimples all disappeared and my skin is now in a healthy condition. JAMES FOSTER.  
 Feb. 17, 1898. Dixmont, Allegheny Co., Pa.  
 Sold throughout the world. Price 25c. FORTY DAYS AND NIGHTS. CUTICURA SOAP, Sole Proprietor, Buffalo, N. Y.

A horse fastened in a stall at the Nevada fair grounds for the past month without water or food, was released the other day. It had been fastened in the stall by Mr. Finnell, who found it running loose in the grounds, supposing the owner would call and get it. The horse had eaten all the pine troughs, mangers, and rafters in reach. When freed from its prison the animal went to eating grass ravenously.
