NO. 8

CONSUMPTION IN THE FIRST STAGES CAN BE CURED

A Pretty Matron Threatened With Consumption Saved By Pe-ru-na.

Miss Amelia Weymer.

Handreds Have Been Cured of Incipient Consumption by Pe-ru-na.

The Following Letter From a Thankful Woman Tells Its Own Story.

Miss Margaret Fahey, 49 Adams St., Troy, N.Y., writes: "We have used Pe-ru-na in our family for years and am very pleased to say that it cured me of catarrh of the lungs when the doctors gave up all hope of my recovery."

"I used Pe-ru-na for six months and at the end of that time my cough had disappeared, my appetite was much better, I had gained ten pounds and looked the picture of health. I am in perfect health, now, and feel that Pe-ru-na not only cures catarrh, but builds up the system and is therefore a grand medicine."—Margret Fahey.

Pe-ru-na cures the first stages of consumption by removing the cause, which is chronic catarrh. The catarrh having been cured the cough and other disagreeable symptoms cease.

Doctors Gave Him Up. Mr. Lewis Kitchin, 214 Worth street, Cincinnati, Ohio, writes: "I cannot thank you enough for the good your

Mrs. Bertha Southworth, Laurens, Ia., Treasurer W. C. T. U., and President Christian Workers of Laurens Christian Church, writes:

"I was a sufferer from catarrh of the lungs for years and my health was in such a state that we were all very much alarmed over it. I always had a little cough and the slightest cold would settle on my lungs and cause distress in breathing. I had night sweats, and a pain in my side continually. I was greatly reduced in flesh, was very feeble and had no appetite whatever. After trying many doctors and medicines, I finally took the advice of a friend and bought a bottle of Pe-ru-na. My delight was great when I found I was improving before the first bottle was taken. I used several more bottles and am now perfectly well, and have regained my weight and appetite. I am glad to say a good word for your medicine."—Bertha Southworth.

CATARRH CAUSES CONSUMPTION

Pe-ru-na Never Fails to Cure Catarrh Wherever Located.

THE medical profession has so thoroughly prejudiced the minds of the people against patent medicines that it is with great reluctance that anyone can be persuaded to try such a remedy at first.

In nearly every one of the thousands of remarkable cures that Pe-ru-na has made the patients had to be persuaded by friends very strongly before they could lay aside their prejudice against it.

A large multitude, of course, hold out against the persuasions of friends and die simply because they have allowed their minds to be poisoned against this very excellent remedy.

But, fortunately, there is another large multitude of people who are able to shake off their prejudice and try Pe-ru-na before it is too late. These people are rarely disappointed. They generally try other remedies at the beginning of their troubles. They allow a cold to develop into catarrh of the head. They allow catarrh of the head to gradually become catarrh of the throat.

They still use the doctor's medicine or some other ineffectual remedy. The catarrh stealthily spreads down the bronchial tubes and reaches the lungs.

Then they become alarmed. Faith in the doctor begins to disappear. The patient reaches a state of mind in which he is willing to try almost anything. A bottle of Pe-ru-na is sent for.

The first week it produces a decided change for the better. A few weeks' continued treatment cures the patient.

Thousands of Testimonials. We have on file thousands of testimonials from people whom the doctors had given up to die with catarrh of the lungs, but who were fully restored to health by the use of Pe-ru-na.

Address Dr. Hartman, President of The Hartman Nautarium, Columbus, Ohio. All correspondence held strictly confidential.

MISSOURI GIRL TO SING

MELBA'S ROLE.

TRIUMPHANT HOMECOMING.

Miss Elizabeth Parkinson of Kansas City, Six Years in France.

New York, Dec. 19.—Among those who arrived on the Majestic to-day was Miss Elizabeth Parkinson of Kansas City, a protegee of Mme Melba. Miss Parkinson went to France six years ago to study music. Her first experience was in Marseilles. This was during the Boer war. The company failed to please, and she returned to Paris and joined the Opera Comique. Continuing there but a short time, she went to London, where she sang in private, attracting considerable attention. It was while singing there that she met Mme Melba. The latter was attracted by the quality of her voice and asked her to come to this country. She will sing but twice while on this side.

She will take Melba's place at the concert in Boston on Sunday night. On January 4, she will also sing with Melba in Kansas City. Next season Miss Parkinson has a contract to appear at convent garden.

No Negro Legislation Now.

Washington, Dec. 20.—Representative E. F. Crumpacker of Indiana, after conferring with the President and leaders of both the House and Senate on his cherished plan for reducing the representation of Southern states in Congress, has given up the fight for this session. He will leave for Indiana to-morrow, firmly convinced that he has done every thing practical to promote his favorite project, but confident that further efforts would be futile.

"Congress is not going to enact any legislation on the negro question at the present session," said Judge Crumpacker. "In the first session of the fifty-ninth Congress, however, there is going to be a showing of hands on this proposition. The declaration of the Chicago Republican convention in favor of a new basis of congressional representation will be binding on the Fifty-ninth Congress and I am confident will be done. It does not bind the present Congress."

Personally I should like to see a commission appointed at this session to take the whole subject under consideration, visiting all the states where disfranchisement is practiced, North as well as South, with instructions to report to the next Congress, but it is evident that the leaders do not intend that even that step be taken. As I have said, however, there will be a showing of hands in the next Congress."

Judge Crumpacker will not resume the fight after the holidays. He thinks that the bills introduced by Senator Platt of New York and representative Morrell of Pennsylvania have no show of passing. It is understood that Judge Crumpacker did not receive the support he had expected from the President. A year ago he had great hopes of enlisting the President on his side.

Four Killed on a Warship.

Philadelphia, Dec. 17.—Four men were killed and two were so badly injured that they will die in an explosion upon the battleship Massachusetts, which is lying in the League Island navy yard. The men were working in the engine room making repairs to the big vessel when a manhole blew out. All the men were terribly burned and mangled.

Here's a rare chance! We want a local, and district agent for one of the oldest and best life insurance Companies in existence. Write to-day and give references. C. C. Courtney, State Agent, Massachusetts Building, Kansas City, Mo.

"After all, there is nothing like DR. PRICE'S CREAM BAKING POWDER I have used it with satisfaction for nearly forty years."

J. J. Butler's Father-in-Law.

St. Louis, Mo., Dec. 17.—Richard D. Lancaster, who had been in Missouri State and national politics more than thirty years, is dead at his home here as a result of surgical operation. Mr. Lancaster was the father-in-law of Congressman James J. Butler, and a life long friend of the late United States Senator Geo. G. Vest. He was born in Ireland in 1836 and came to St. Louis in 1849. He was appointed to the office of surveyor of the port in 1885 by President Cleveland.

Took a Big Whiskey Outfit.

Muskogee, I. T., Dec. 15.—A posse of deputy marshals ran onto a gang of whiskey peddlers near Ada the other day and there was a hot fight. About twenty shots were fired, but no one was injured except a deputy, one of whose hands was hurt. Six whiskey peddlers, their wagons and teams and about thirty gallons of whiskey were captured and taken to Ada. There is great activity among the whiskey peddlers as the Christmas season approaches.

A Pile of Corn Brought \$9,000.

Muskogee, I. T., Dec. 17.—What is believed to be the largest cultivated farm in Indian territory lies in a big bend in the Arkansas river in the Osage nation. This is known as the "Bill" Connor ranch. The river at that point makes a sweeping curve around twelve sections of land. It is a leasehold owned by H. Gilliland of Ponca City. A large per cent of this land is under cultivation. Last year there was 125,000 bushels of corn raised on the ranch in addition to a big cotton crop and other crops. The crop this year is larger than it was last. The corn is husked and piled on the ground in large ricks. One of these big piles of corn was sold several days ago as it lay on the ground for \$9,000 in cash. It is believed that the value of the corn crop on this farm this year will be \$35,000 and that the other crops will swell this amount to \$50,000.

CASTORIA. The Kind You Have Always Bought. Bears the Signature of J. C. H. H. H. H.

Alleged Murderer Free

After Long Term in Jail.

Guthrie, Okla., Dec. 19.—Ed Filson, who has been in jail at Oklahoma City for thirteen months, was given his freedom to-day, following the verdict acquitting him of the murder of Effie Fisher, or Mary Taylor, of Centralia, Ill., said to have been the daughter of a city official. On the night of November 13, 1903, in Oklahoma City, she was sitting by an open window, when, without warning, two shots were fired through the window from a shotgun, and some forty shot took effect in the woman's body. Shortly after the killing, the Fisher woman summoned a policeman to summon a attorney, stating she desired to make her will, declaring her belief that Filson would kill her, as she claimed he had frequently threatened to do so, and had several times assaulted her. This was the basis of the suspicion, and the only evidence against him.

Among Oklahoma Cattle.

Guthrie, Okla., Dec. 19.—Cattle in Guthrie to-day ordered Sheriff Osburn to remove the territorial quarantine line from the head of estada which they claim illegally brought above the line. C. Berglan, a prominent county cattleman. Prosecution Berglan has commenced. County farmers report a small outbreak among

GEN. STOESEL IS

AGAIN WOUNDED

Junk Run Blockade

London, Dec. 18.—A dispatch from Che Foo says that the steamers that lately ran the blockade at Port Arthur carried American cargoes. One took in a thousand tons of flour. Many junks continue to enter the port. The dispatch also states that Gen. Stoessel has been wounded again, but not seriously. His former wound is healing. The correspondent reiterates that a large Japanese warship, not the Hai Yeng, sank off Lalo Ti Shas in November. It is rumored that an admiral was on board of her. A news agency furnishes a statement that Gen. Stoessel according to rumors has arrived at Che Foo. There is no confirmation of the report.

New Move on "Trusts."

Washington, Dec. 20.—President Roosevelt, it is said, will, after the holidays, transmit to congress a special message on the "trust" question. In the message he will urge the wisdom of requiring all corporations doing an interstate business to organize under federal charters and thus pass under the control of the government so far as their corporation capacity and conduct are concerned.

To Cure a Cold in One Day. Take LAXATIVE BROMO QUININE Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature on each box, 25c.

Sentenced To Life In

Prison For Killing Sister.

Victoria, Tex., Dec. 19.—Steve Ricks was to-day convicted of the murder of his sister, Mrs. Delia Von Roeder, and sentenced to life imprisonment. She was trying to protect her husband from her brother when shot. Ricks fired through a door which his sister refused to open, mortally wounding her. He knew she was behind the door.

A Guaranteed Cure For Piles

Itching, Blind, Bleeding or Protruding Piles. Druggists refund money if PAZO OINTMENT fails to cure any case, no matter of how long standing, in 6 to 14 days. First application gives ease and rest. 50c. If your druggist hasn't it send 50c in stamps and it will be forwarded post paid by Paris Medicine Co., St. Louis, Mo.

Ball Causes Trouble.

Washington, Dec. 18.—It is possible that the inaugural ball may be held under the dome of the capitol and the dancing will be in the rotunda and statuary hall. Congress must decide where the ball shall be. The senate favors the pension office building and the house favors the congressional library. The capitol is being considered as a compromise.

Husband Kills Alleged

Defamer of Wife's Name

Tecumseh, Okla., Dec. 18.—J. W. Fields was shot and instantly killed here to-day by Charles Neal. It is alleged Fields had made derogatory remarks against Mrs. Neal. Ball damage is claimed.
