DR. R. F. CHASTAIN
Mt. Pleasant Township.

SURVEYOR

JOHN H. ETTER,
Mt. Pleasant Township.

JOS. A. FLAMMANG

"FREE FROM BITTERNESS."

Bro. Burgess' assurances that "A Democrat," who seems to hold the position of contributing editor to his paper, was fighting for the party when we were in "swaddling clothes" is indeed chivalrous inasmuch as it places Mr. Burgess in the attitude of standing sponsor for "A Democrat's" attacks on Democratic leaders. This is especially to be regretted by those who had hoped the editor of the Democrat was sincere in his desires, expressed some weeks ago, for a campaign, free from personal attack and bitterness. However, in view of the strong Major sentiment which has developed in the county, much may be overlooked for Mr. Burgess in his zeal as secretary of the "club" which has agreed to "carry the county" for Mr. Cowherd.

While Mr. Burgess' assurances of "A Democrat's" Democracy carry great weight with us, we believe that his name would be the best evidence.

There are a number of gentlemen who were fighting for the party while we were still in "swaddling clothes" who now use the same "Democratic" tactics, "A Democrat" is now using. The only difference between them and Mr. Burgess' editorial writer, seems to be that they do not claim to be Democrats now.

Roach Predicts Victory.

Jefferson City, Mo., July 3.—Commenting on the outcome of the Baltimore Convention today, Cornelius Roach, Secretary of State, said:

"I think the democracy of Missouri very keenly regrets the defeat of our distinguished favorite son, Speaker Champ Clark, but I feel equally sure that not only the democratic voters of Missouri but all others of the progressive type are pleased with the nomination of Gov. Woodrow Wilson. Gov. Wilson and Gov. Marshall will command the support of the progressive Republicans and the progressive independents of all parties, as well as

the Democratic Party. There will be left to Taft, whose nomination was secured by the vote of stolen delegates, only the bourbon standpatters, the federal pie-biters and those that may be controlled by the liberal use of campaign contributions donated by the predatory interests. Champ Clark will be re-elected Congressman and Speaker by an increased majority, and the electoral vote of Missouri is assured to Wilson and Marshall by a larger majority than we received in 1896. The national ticket is exceptionally strong and, considering the awful conditions that prevailed at Chicago and the unprecedented defections existing in the Republican party, "Mr. Taft will have to relinquish the White House to Wilson next March."

Timmonds for Supreme Judge.

Our readers should understand that at the August primaries there will be nominated three candidates for judge of the Supreme Court—one for Division No. 1, and two for Division No. 2. Among the candidates aspiring for nominations, there is one we deem worthy of special mention, namely, Judge H. C. Timmonds, of Kansas City. Judge Timmonds formerly resided at Lamar, in Southwest Missouri, where he was raised and spent most of his life, and where, immediately before going to Kansas City seven years ago, he served six years as judge of the circuit court in the 26th Judicial Circuit, composed of the counties of Barton, Cedar, Dade and Vernon. During his term on the bench he was called to different parts of the state, to hold court for other judges, and made quite a reputation for judicial impartiality and integrity, as well as for judicial courage and legal learning. At the last general election, in 1910, the Democratic State Committee, composed of two members from each congressional district in the state, put him on the state ticket for judge of the Supreme Court, to fill the vacancy on Division No. 2, caused by the death of Judge Fox. But, notwithstanding he carried the rest of the state by 27,162, he, with Judge Gantt and the rest of the ticket, went down under the unprecedented Republican vote in the county and city of St. Louis, which unprecedented vote was procured by fraudulent practices in that city and county.

Judge Timmonds is now submitting his name to the Democrats of the state, asking them to again endorse his candidacy for the same position. It is generally conceded that he is entitled to the nomination. His elevation to the Supreme bench will be an honor worthily bestowed, and we feel assured that his judicial record there will reflect credit in that high court. Let Democratic voters be sure to remember him when they go to vote at the August primaries.—Henry County Democrat.

Liberty Bell Falling Apart.

Philadelphia, Pa.—Wilfred Jordan, the curator of the Independence Hall Museum, is authority for the statement that the liberty bell ought not to be removed from its resting place again, as the old crack has extended for more than six inches in the past few weeks and the relic shows signs of disintegration that may cause it to fall apart.

Some time ago Mr. Jordan had Prof. A. E. Outerbridge, the Franklin Institute metallurgist, inspect the bell. The bell has already been recast and it is said by experts that the original defects were never entirely overcome. An effort will be made to have it subjected to some additional tests, and if it is possible, find some way in which the relic may be preserved indefinitely.

Hung to Post During Cyclone.

Uncle Chas. Rathburne was one of the persons who had a very thrilling experience during the recent cyclone. He had just moved into a house on the Howe farm a few hours before the storm. When he saw the monster approaching it was too close for him to get out of its path so he laid flat on the ground and grabbed a fence post which he held with bull dog tenacity until the storm had passed. It made a whip cracker of him and beat him furiously, but he did not release his grip and came out alive, although he was badly bruised up and is still very sore from the beating he got. Uncle Charley says that there seemed to be more electricity than wind in the whirler. He wants no more experiences like that in his.—Adrian Journal.

Farm for Sale.

95-acre farm 3 miles west of Lee Summit. Reasonable terms. Part time. Mrs. G. S. Carnie, 36-4t Butler, Mo., Route 6.

BATES COUNTY SCHOOLS AND TEACHERS

By Supt. P. M. Allison.

The district clerk's meeting to be held July 15 promises to be one of the best ever held in the county, and especially of interest to a greater part of the people in general. There will be something of interest to all on this program. They have not spared any pains in securing the best talent available.

The forenoon session will be devoted to business more particularly of interest to the clerks of the district but should be of interest to all. In the afternoon Hon. J. Wallis Lewis will talk on some problems in school legislation and will tell how a measure may get through and may explain some things that will be of interest to those who are interested in the new law.

Mr. McClure of Warrensburg will talk on "How Boards May Know Qualifications and Fitness of Teachers Whom they Employ." This will be of interest to school boards as this problem comes up each year. Teachers might be interested in knowing what should be expected of them. Many persons who are not directors now maybe next year, so they should be interested. Those who have children to send to school should be interested.

Mr. Emberson is the rural school man of Missouri State University and is considered one of the best school men in the state. Mr. Emberson will talk on "The Board's Duty to the Community." This will be one of the best talks ever given on an educational subject in the county.

This will be a good opportunity for boards who have not employed a teacher to find out about one and a good opportunity for teachers who have no school to find out about schools. It will be a good opportunity to get acquainted and know your fellow workers.

One thing about the new certificate law does not seem plain to some of the teachers. If a teacher applies for a first or second grade certificate and then takes out a third or lower grade certificate than applied for, they will have to pay another fee when they finish.

The county clerk informs me that he is short fifty-six reports from district clerks on attendance. Now these should have been in by the first day of July and the clerk must make his report to the State Superintendent not later than July 15 in order to draw the state funds. Now some districts may lose on this unless the clerks get busy. One clerk has not sent in the enumeration list yet and I made one out as best I could so that the district might not lose all. The clerk has been notified and a member of the board has been asked to have it sent in, but they both have neglected to attend to the matter. A report is due this office not later than July 15 and it is hoped that they will all be on time for once. The clerk cannot legally draw their salary until this report is in and receipted for.

The program for the August Meeting will be ready for distribution as soon as the list of teachers can be made up; however, this may take some time as a few boards have not elected yet. We hope to make this one of the most interesting meetings of teachers we have held.

Clerks are very generally planning to attend the meeting July 15. Mr. Emberson has written that he will reach here Sunday night so he may be ready for work at any time he is needed. Mr. Emberson is every ready to assist in any way he can on anything that will make the schools better.

Carpet rags dyed with PUTNAM FADELESS DYES will not fade, and the colors are bright and pretty.

Nevada Encampment Begins

Nevada, Mo., July 7.—The two-week encampment and maneuvers of the national guard army started at the government reservation here today with the arrival of the First Missouri Regiment from St. Louis and the Third Regiment from Kansas City. The First and Third arrived early in the morning on four special trains. The camp this year will be known as Camp Rumbold. Next Sunday morning the First and Third will return home and the Fourth and Sixth Regiments will arrive. One battalion of the Seventh U. S. Infantry regulars will remain throughout the encampment. The school of instruction for officers will be under charge of Maj. James McRay, Thirtieth U. S. Infantry.

ARE YOUR KIDNEYS SICK?

Many Butler People Have Kept Well By Keeping Their Kidneys Well.

The first symptom of kidneys trouble may be only a slight pain in the back, a feeling of stiffness or soreness in the loins, or some annoying irregularity of the urinary passages. Urine is discolored and sediment gathers upon standing. Next comes a dull, throbbing backache, sharp, knife-like pains, headache, dizziness and usually lameness when arising in the morning. No one can afford to delay until these troubles become serious. Begin using Doan's Kidney pills, the tried and tested kidney remedy that has cured thousands. Butler readers that should find convinced proof of merit in the following statement. It's from a residence of this locality.

Mrs. T. J. Stubblefield, 204 Chestnut St., Butler, Mo., says: "Doan's Kidney Pills have been used by two members of my family with good results. I can say that this preparation can be relied upon to bring prompt relief from pain and lameness in the back and other distressing symptom of kidney and bladder complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo New York, sole agents for the United States.

Remember the name—Doan's—and take no other. 37-2t

New Home Township Sunday School Convention.

Below will be found the program for the Sunday School convention to be held at the old New Home school house, in New Home township, Sunday, July 14.

We hope to make this one of the best conventions ever held in the county. But to do so it will be necessary for every Sunday School endorser to be present and lend any help in their power. Everybody come, at least to listen.

10 a. m.—Regular Sunday School class work with consolidated classes from all Sunday Schools attending, with Miss Nina Culver, superintendent of Elementary Department, in charge of the class work in this department.

Noon Intermission.

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as strictly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases. It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't tinker with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.
