### GENERAL NOTES

A verdict of guilty in the first degree was returned Saturday by the jury trying Archie Sweet at Syracuse, Kas., on a charge of killing Nellie Byers, a country school teacher.

Secretary of the Treasury McAdoo has designated 164 stations in the United States where government employes can secure free of cost, preventive treatment for typhoid fever.

Alvin Smith, 16, was kicked into the river at Canton, Ills., by his pet calf and drowned. The boy struck at the animal with his hat, frightening it. Heavy rubber boots he wore weighted him down.

President Wilson Saturday signed the Army Reorganization Bill, first of the important preparedness measures passed by Congress during the present session. The President has been studying the bill carefully for more than a week.

The French government has decided to exclude the Germans from France and all French colonies forever in the same way as the Chinese have been excluded from the United States. A bill to this effect is before the Chamber of Deputies and will undoubtedly be passed.

While arguments on the contest for his seat was being conducted before the national committee in the coliseum, A. W. Wood, 73 years old, national Republican delegate from Oklahoma, died in the Wesley hospital at Chicago. News of his death reached the coliseum at noon, but the contest was continued despite of it.

The British house of commons passed the second reading of the bill which would reduce by 15 per cent the output of beer. The object of the bill is to save the space in ships now used for importing foreign hops. The measure empowers the government to prohibit the importation of hops unless the home-grown supply is insufficient to meet requirements.

Fletcher Deaton, the 70-year-old Breathitt County, Kentucky feud leader, was taken to the state reformatory to serve a life sentence for complicity in the assassination of Sheriff Ed Callahan of Jackson several years ago. The Deaton case has been carried through all of the state courts and into the supreme court of the United States. Deaton is said to be the last of the leaders of the Deaton-Callahan feud that waged for years in Breathitt County.

Bouck White, pastor of the Church of the Social Revolution, who Thursday night participated in the burning of the American flag and other national emblems in the rear of his church in New York, was Friday found guilty by the Court of Special Sessions of desecrating the American emblem and was sentenced to 30 days in the Penitentiary and to pay a fine of \$1,000. The offense of which he was convicted was the desecration of the American flag in circulars he caused to be distributed some weeks ago.

### Villa "Dead" Again.

El Paso, Tex., June 5.—Fresh reports have been received here that Francisco Villa is dead, having been shot by his own men, but the rumors are not credited. Villa is believed to be at Nuevas, a small town near Rasorio and Parral.

The bandit chief is said to have recovered from his wound, but will be lame the rest of his life.

General Luis Herrera, commander of a Carranzista army, has established headquarters at Parral, but evidently has made no effort to capture Villa.

Gen. George Bell, Jr., has announced that the United States troops in El Paso will be reviewed on Wednesday.

### La Follette Out Third Time for Nomination.

Chicago, June 5.—Senator Robert M. La Follette will, for the third successive time, be a candidate for the Republican nomination at Wednesday's convention. He will be placed in nomination as Wisconsin's favorite son by M. B. Olbrich of Madison.

Four years ago La Follette made a spectacular pre-convention fight for the nomination, broke with Roosevelt and was counted out in the steam roller and the putting over of Taft as the nominee.

### GREATEST NAVAL BATTLE OF HISTORY.

#### British and German Fleets Come Together off the Coast of Jutland.

London, June 2.—A naval battle—probably the greatest in history—was fought Wednesday in the North Sea off the coast of Jutland between the British and German high-sea fleets, and it resulted in a victory for the Germans.

The scene of the battle was in the eastern waters of the North Sea. It is probable that the fleet was on one of the excursions into the North Sea which it has taken from time to time during the war and met, whether or not by design, with the British fleet.

Skagerrak is an arm of the North Sea between Norway and Denmark. The point referred to in the official German statement as Horn Riff probably is the reef of the horn on the southwestern extremity of Denmark. This would indicate that the battle was fought off the coast of Denmark. From the reef to the Helgoland, the main German base in the North Sea, is about 100 miles.

Previous to this battle Great Britain had lost during the war 10 battleships, 11 cruisers and various smaller craft. Germany had lost 18 cruisers, 19 auxiliary cruisers, chiefly converted passenger liners, and numerous smaller vessels.

London and Berlin do not agree on the losses on either side but the latest reports give the losses about as follows:

British: Battle cruisers Queen Mary, Indefatigable and Invincible; cruisers Defense, Black Prince and Warrior; destroyers Tipperary, Turbulent, Fortune, Ardent and Sparrowhawk and later reports may increase this list.

German: One battleship, two cruisers and numerous destroyers are reported sunk, but no names are given.

The announcement adds that, of three German battle cruisers, either the Derfflinger or Lutzow was blown up; another was seen to have been disabled and a third to be seriously damaged.

One German light cruiser and six German torpedo-boat destroyers were sunk and at least two more light cruisers were disabled.

The losses in the engagement must have been extremely heavy. The cruiser Indefatigable, for instance, from which the German Admiralty reports only two men were saved, probably had more than 900 men on board, and others of the vessels sunk carried complements of men equally or nearly as large.

### 29 KILLED IN STORM

#### Series of Tornadoes Sweep Arkansas Causing Great Loss of Life.

Little Rock, Ark., June 5.—Fifty-nine persons have been reported dead and more than a hundred injured in a series of tornadoes that swept Arkansas this afternoon.

All means of communication are crippled and it is feared the list of dead and injured will be greatly increased by later reports.

The Little Rock dispatcher's office of the Iron Mountain Railroad received a report that 18 persons had been killed at Judsonia, White County, and that there are 11 dead at Heber Springs. Immediately after this report was received the wires failed. Other means of communication was cut off.

Wire service is almost paralyzed throughout the State and many hours probably will elapse before the full extent of the storm is known.

Near Morrilton a negro was killed and a negro blown away in the storm. A white woman and several children also were hurt.

Near Fayetteville Mrs. Edward Wilson was killed and her child is missing. A dozen persons were injured. A score or more of persons, mostly negroes, were injured on the outskirts of Little Rock and towns close to that city.

Reports indicate that hundreds of buildings have been blown down throughout the State.

### Germans to Eat No Meat for Eight Weeks.

Berlin, June 5.—Eating of meat by civilians in Germany has been prohibited by royal edict for eight weeks. Herr Von Batocki, food "dictator," says the food problem in the empire is serious.

This regulation of meat eating, the new food minister said, should cause no elation in the camps of Germany's enemies.

### Mother of Editor of Rich Hill Review Dies in Nevada.

Mrs. Frances Virginia Lambert, aged 81 years and 1 month, died Sunday morning at 10 o'clock at her home in Nevada, Mo., after a brief illness of two days of pneumonia.

Deceased was born in Clarksville, Mo., where she spent most of her childhood. In 1849 she was united in marriage with Jas. M. Bean, editor of the Paris Mercury. To this union was born seven children, three of whom are living, viz: E. E. Bean, editor of the Review, Rich Hill, Mo.; J. H. Bean, editor of the Mail, Nevada, Mo.; and F. M. Bean of Salisbury, Mo.

Mr. Bean died in 1874 and in 1879 she married J. H. Lambert, who died about eight years ago, after which deceased came to Nevada to make her home. Mrs. Lambert was a splendid woman of christian character and had been a member of the Christian Church all her life.

A short service was held at Nevada, this Monday morning and the remains were taken to Paris, Mo., where burial was made late this (Monday) evening. E. E. Bean of this city and J. H. Bean of Nevada accompanied the remains to Paris where they were met by F. M. Bean of Salisbury.

The many friends of Mr. Bean and community at large deeply regret to learn this sad news and join in extending their sympathies in his hour of sorrow.—Rich Hill Review.

### Allen-Hoover.

A very pretty and quiet wedding was solemnized at the home of Mr. and Mrs. R. E. Hoover at 7:30 o'clock Thursday evening, June 1st, 1916, when their daughter, Miss Cora, was united in marriage to Dr. W. H. Allen of Maysburg, Mo. The ceremony was performed by Rev. J. G. Haynes, pastor of the Park Avenue M. E. Church in the presence of only the immediate families of the bride and groom. The happy couple left immediately for Maysburg, where Dr. Allen has established a practice.

The bride is the eldest daughter of Mr. and Mrs. Hoover and is one of Rich Hill's sweetest and most accomplished young ladies. She is a splendid musician and has a wonderful contralto voice and is active in musical and church circles.

The groom is the son of Dr. and Mrs. W. H. Allen of this city, and is a successful practicing physician at Maysburg, this county. He possesses fine social qualities, professional ability, and has a large circle of friends and acquaintances. The happy couple have the sincere wishes of a legion of friends for success and happiness.—Rich Hill Review.

### A Card.

I take this method of thanking the gentlemen who have so earnestly solicited me to become a candidate for circuit judge again this campaign; and also those who supported me so well six years ago when Judge Calverd was the successful candidate for the nomination. There are some other matters that imperatively require my attention, besides I am well satisfied with Judge Calverd as judge. He is competent, painstaking, fair, courteous and obliging, and in the discharge of his duty it can be said of him as I once heard it remarked of Judge Lay, a prominent lawyer, "he is a gentleman, notwithstanding he is circuit judge." Everything considered I concluded not to become a candidate.

Respectfully,  
W. O. Jackson.

### I. O. O. F. Memorial Day.

Sunday, June 11, will be observed by the local lodge I. O. O. F. as memorial day.

The members will meet in their hall in the Fraternal Inn building at 1:30 in the afternoon and march to the cemetery where an appropriate program will be carried out and the graves of departed Odd Fellows decorated.

The Daughters of Rebekah and all visiting Odd Fellows are earnestly invited to meet with them.

### Land Grant Bill Passed.

Washington, D. C., June 5.—Carrying slight alterations only, the Oregon-California land grant conference report was agreed on by the house this afternoon and goes to President Wilson for his signature. The bill turns back 2,300,000 acres to the government.

### GEN. CLARK THE FIRST TO TAKE NEW OATH.

#### Missouri National Guard the First to Comply With New Laws.

Jefferson City, June 4.—That the new federalization act radically changes the status of the Missouri national guard is shown by an analysis of the application of the new code by Adjutant General John B. O'Meara.

The first thing that was done was the issuance of an executive order by Governor Major in accordance with the terms of the law, the effect of which is the transfer of the state troops to the federal service. Under this order Brigadier General Harvey C. Clark, commander of the N. G. M., was the first officer to take the oath.

General O'Meara's analysis of the law, indicating the changed conditions under which the national guard will operate in the future follows in part:

"Immediately upon receipt of the telegram advising that the president had signed the new militia bill, the governor issued an executive order, the effect of which was to transfer the national guard to the federal service. In anticipation of the new law going into effect the new form of enlistment oath had already been placed in the hands of the various organizations and it is expected that all officers and men will sign the new oath which makes them a part of the new federal army, immediately. General Clark, commanding the national guard of Missouri, was the first officer to take the new oath and Missouri has been the first state in the Union to comply with the new law.

"The new federalization act radically changes the status of the state troops. They are now placed directly under the orders of the war department. The department prescribes the system of discipline and drill. The new bill provides pay for all officers and enlisted men. Officers of the grade of captain and higher grades are paid \$500 a year. Enlisted men receive one-fourth the pay of like grade in the regular army and are required to attend forty-eight drills each year."

### McAdoo to Quit Cabinet.

Chicago, June 5.—Secretary of the Treasury William G. McAdoo, President Wilson's son-in-law, is slated to become chairman of the democratic national committee and assume active management of the president's campaign for reelection. This being true, Mr. McAdoo will resign as secretary of the treasury immediately upon his election to the chairmanship.

This information came directly from Washington today and is understood to reflect the wishes of the administration.

The serious obstacle in the way of successful culmination of this plan, it is understood would be objection of the national committee to going outside its own membership to get a chairman, although precedent the other way was established only four years ago.

Fred B. Lynch of Minnesota, it is now known, will not be a candidate for national chairman and will not permit the use of his name in connection with the place.

### "The Canal Open Forever."

New York, June 1.—Maj. Gen. George W. Goethals, governor of the Panama Canal Zone, arrived today from his post on the United States fruit steamer Santa Marta to attend the fortieth reunion of his class at West Point and the graduation of his son, Thomas R. Goethals, at the medical school of Harvard University.

General Goethals said he believed that the Panama Canal never would be closed again to navigation.

"The backbone of the slides has been broken," he said, "and further slides will be washed down by the floods in the rainy season."

### Brandeis Takes Oath.

Washington, June 5.—Louis D. Brandeis of Boston was sworn in as Associate Justice of the United States Supreme Court at noon today, the oath of office being administered by James D. Maher, clerk of the court. Brandeis coughed nervously as he read the oath from a typewritten paper. He then took his seat at the extreme left of the bench.

The Supreme Court chamber was jammed with spectators and friends of the justice many of whom sent flowers.
