MISSOURI NOTES.

St. Clair county had an independent ticket at the recent election that received one vote, and as it cost the taxpayers \$112 the St. Clair County Democrat is in some doubt as to whether it was worth it.

A couple over in Henry county celebrated their golden wedding anniversary one day last week and among those present at the celebration with the bridesmaid who "stood up" with them fifty years ago.

Miss Heleu Galloway left Lamar Thursday evening for San Antonio, Texas, where she became the bride of Captain Harry Hall, of Company C, Second regiment Missouri infantry. The captain has been on duty at Laredo, Texas, with his company.

William Cluster, 18 years old, killed himself with a revolver in a Wellsville jewelry store Friday morning. Disappointment over the defeat of Hughes was ascribed by Cluster's friends as the cause of the suicide. It would have been a tough joke on him if the recount had shown the election of Hughes.

Four persons were overcome by fumes from a hard coal baseburner at Hannibal Saturday. They were John Burns, who may die; Mrs. John Burns, Miss Mary Hining and Miss Mary Smith. A local physician called at Burns' home to see John Burns, who has been ill. He found the four unconscious. A pulmoner saved the life of one.

The death at Clinton Thursday of Mrs. Eugenia Bushnell, 82 years old, took one of Henry County's best known pioneers.

She was a daughter of the late Judge C. C. Bronaugh. In her home she had entertained many noted men of the state and Nation. A brother, Wall C. Bronaugh, and a sister, Cora Bronaugh, live in Kansas City.

The other day when a fire broke out in Sheldon the fire engine was found fenced up in the jail yard and could not be got out without tearing the fence down. And when the engine finally was gotten out and the water turned on the hose had several blow outs but otherwise the apparatus was in good serviceable condition says the Sheldon news. The building? It was burned up.

A motor car comes in pretty handy on the farm, as anyone can see by glancing at the Hume Telephone. The Telephone tells of the rescue of two cows that fell into a well on the John Coon farm. Ropes were tied about the animals, they were hitched to a car which "in low," drew the cattle to safety. In the same issue is told the story of Ceran Thompson, who uses a motor car as a 1-man tractor in gathering corn. Mr. Thompson hitches a wagon to his car which has the steering gear set straight ahead. He then trails in behind, gathering the corn and throwing it into the wagon. On account of the scattering crop this year the task is comparatively easy.

Literary Friday, Nov. 17.

There will be a literary and debate at the Tripp school house Friday night, Nov. 17. Question, "Resolved, that the simultaneous method in hog cholera should be prohibited in the state of Missouri." Everybody welcome.

L. W. Keel.

M. J. Gordinier Re-Elected Fire Chief.

At the annual meeting of the fire department Thursday night Jay Gordinier was re-elected chief for the fifth time. Mr. Gordinier is one of the charter members of the department and is one of the most efficient chiefs that has ever filled that office. E. J. Campbell was elected secretary and Chas. Hupp treasurer.

The members of the fire company are: M. J. Gordinier, Chas. Hupp, E. J. Campbell, Wm. Barber, Ralph Thomas, Jas. Beeler, Wm. Graves, Lloyd Graves, Geo. Kersey, Ed Hawley, Elmer Butler and Ray Vantrees.

Butler has one of the best and most modern fire departments to be found in any town of its size in the country. It is housed in a modern brick fire house and its equipment is the latest and most up to date fire fighting machinery to be had. A well trained, well matched team of horses pull a wagon on which is carried a chemical tank, hose and other things needed at a fire. George Kersey is employed to stay at the fire house and look after the team and to drive it to fires.

There were 27 fire alarms during the year and 39 buildings were damaged by fire. Damage to buildings and contents \$18,017.33. Insurance paid, \$14,601.00.

McDaniel Loses His Fight for Re-Election.

Oscar McDaniel, prosecuting attorney of Buchanan county, who is facing a trial for first degree murder following the mysterious killing of his wife last July, lost his fight for reelection Tuesday. He was beaten by about three thousand votes.

A ZAPATA BAND SLEW 100

Only One Man Escaped From a Train Near Conteras.

Laredo, Tex., Nov. 12.—Nearly one hundred persons, including men, women, children and Caranza soldiers, were killed November 7 in an attack by Zapata followers on a passenger train near Conteras, state of Morelos, according to the City of Mexico newspapers received here today.

The passenger train was preceded by a military convoy train eight kilometers in advance, which passed the Zapatistas safely. The passenger train, the newspapers state, was halted in a mountainous region and an indiscriminate massacre started, only one person, so far as is known, escaping death. This was Capt. Antonio Priegos.

When the attack, which it is stated continued for only fifteen minutes, ended, soldiers and men and woman passengers and even babies lay dead in heaps along the track. The soldiers on the train were unarmed, their accoutrement being aboard the convoy train. Among the list of dead is the name of Col. Garido Alfaro, commander of the detachment; two majors and three captains.

When a relief train reached the scene several hours later, it found the express car empty and the Zapatistas scattered in the mountain fastness, the papers state.

Fire, lightning and tornadoes have no rules of warfare, they come as a thief in the night. You should prepare to meet them at any time. Place your insurance with Choate & Fulbright—an old and reliable agency with sixteen of the leading old line companies, having a total capital stock of over \$20,000,000.00. \$1-15

Senator Fallon Left No Will.

That George Falloon left no will was the conclusion arrived at by Circuit Judge Burney, of the Jackson county circuit court last Friday.

Senator Falloon died May 7, 1915, leaving a large estate and his widow, Mrs. Ellen Falloon, set up the claim that he had made a will leaving her, among other bequests, 900 acres of valuable farm land in Bates county, but that the will in some manner disappeared from a safety deposit vault before it could be probated. A daughter by a former marriage, Mrs. J. F. Miller, of Sheridan, Kansas, contended that there was no will and the court sustained that contention. E. B. Silvers, of this city, and Hargus & Hargus, of Kansas City, were attorneys for Mrs. Miller.

Mr. Falloon was formerly a state Senator in Ohio and left an estate valued at about \$95,000.

Record Prices for Wheat and Lambs.

The highest price ever quoted on May wheat and May corn in Kansas City, were listed on the Board of Trade Friday morning. May wheat was quoted at \$1.88 7-8, one and one-fourth cents higher than the record price of Thursday.

May corn was listed at 92 1-2 cents, the highest speculative price ever listed on the Kansas City market. The new record prices are a result of the heavy export demand.

The Heinie Klecker Commission company on the same day sold for the Emporia Elevator and Feed company 536 lambs averaging 84 pounds, brought \$11.75 per hundred pounds, another record price.
