

COAL RATES CONSIDERED BY COUNCIL

Neighboring Towns and Local Dealers to Be Asked for Assistance.

FAVOR OIL CO. PLANT

Kettle River Quarries Co. Must Repair Streets on Suit to be Filed.

At the regular meeting of the city council Monday night, the principal business to receive attention was the report of the special committee which some time ago was appointed to investigate the matter of coal rates. The report of the committee was read; also a letter from Attorney Walker of Washington City to Hummelberg-Harrison Co. making a proposition to represent the city before the Inter-State Commerce Commission. On motion of Councilman Gill the committee was instructed to correspond with the cities of Chaffee, Thibodaux and other towns interested in coal rates, and also to interview the coal dealers in regard to what proportion of the expense they would bear, as they are interested in the matter as well as the city.

The usual officers' monthly reports were read and approved, and a communication of the Board of Health asking the council to enact an ordinance to prevent the keeping of hogs in pens during certain months of the year was referred to the judicial committee with instructions to carry out the request of the Board of Health.

Property Owners Consent.

Communications were also received from property owners giving consent to the occupancy of the block in Jefferson Heights Addition, bounded by Morganstark, Fountain, Walnut and Asher streets, for the purpose of conducting a coal oil business.

The bond of the Kettle River Quarries Co., executed in 1909 and 1910 as a guarantee for the faithful performance of the several contracts made with the city for street construction, and also the further guarantee that said streets were to be kept in repair by said company for five years after acceptance by the city, were each read by the clerk for the information of the council, following former instructions given him to have said bonds read. On motion of Mr. Gill, the clerk is instructed to notify the sureties on the several bonds calling their attention to the fact that the principals, the Kettle River Quarries Co., and as they are in very bad condition at present that they are ordered to repair same within 30 days else said bonds will be entered on the bond.

The petition to improve Bellevue street from Linnier to Pacific was referred to the Street and Wharf Committee to prepare plans and specifications to be admitted at the next meeting.

C. H. Walter made a proposition to rent the woodland of the new city cemetery for pasture purposes which proposition was received and filed.

VISITORS SUSPICIONED

Colored Woman Asks Police to Locate Two Men Who Called.

Ethel Smith a colored woman who lives on Frederick street appealed to Officer Kane Monday night to aid her in the apprehension and capture of two colored gentlemen of this city named George Miller and Charley Hill.

It seems that Hill and Miller were visiting at the house of Miss Smith Monday and suspicion points toward their perhaps having some knowledge of what became of a purse containing \$37 which made its disappearance from the Smith household about the same time the men took their departure.

Miss Smith stated to the officer that while she was gone from the house for a bucket of water Hill and Miller left the premises and upon her return she noticed that a large purse hanging on the wall was open, and upon investigation she found that the smaller purse containing the money had been removed.

Officers are on the lookout for the suspects but up to this time have been unable to locate them.

Grandpa Heeb was born Feb. 2, 1829, was married Feb. 2, 1854, and was buried Feb. 2, 1914. He leaves six living children, 37 grandchildren and 15 great grandchildren.

ROBBERIES EXCEPT ON SABBATH

Two Unusually Bad and Pious Men Picked Up on Gotham Streets.

SAY THEY ARE BROTHERS

Police Department Shocked Beyond Measure by Confession of Nervy Pair.

New York, Feb. 4.—Two well-dressed men sauntering along Central avenue here this morning attracted the attention of detectives. Closer scrutiny was given the two men. Both men have been identified by finger prints as old-time burglars.

The police authorities and even the detectives stood aghast when the two crooks, admitting to be brothers, boldly admitted that they had been committing daily robberies for the past several years—except on Sundays.

The precious pair of "lamb" attended church on Sunday, they confessed to the police.

A detail of sleuths has been assigned to make a thorough investigation into their thievery, of which there seems to be little doubt.

SOPHOMORES WIN AT BASKETBALL

Score of 18 to 9 Piled Up in First of Inter-class Games at "Open Night" Meet.

OTHER GOOD FEATURES

High Jumping, Potato Races, 20-yard Dash—all Add Materially to Good Program.

The Sophomores won the first inter-class basket ball game by a score of 18 to 9 at the first of the "Open Nights", Monday evening. These open nights will be held every two weeks at the Normal.

The winners of the events were: The high-jump—1st place, Parker, 2d place McKay; 3d place, Cobble; The Potato race—1st place Hartman; 2d place Swan; 3d place Cline.

The 20-yard dash—1st place Hirsch; 2d place Hartman; 3d place Harris.

First place counts 10 points, second place 7, third place 5, fourth place 3, fifth place 1 point.

All the events were strongly contested. This made it necessary to have trials for the final events. Hirsch, who won first place in the 20-yard dash, is a training-school boy, and has the making of a good sprinter. Cline is also a training-school student.

Cobble was the star of the basketball game, he throwing 16 out of the 18 points made by the Sophomores team.

The gymnasium team went through various kinds of exercises, which pleased the audience very much. The Gymnasium was packed to the doors. The program was a great success every way, thanks to Dr. W. S. Cobb.

Daily Thought.
Weakness on both sides is, as we know, the motto of all quarrels.—Voltaire.

Quite sew.
"What makes you so sure that all dress-makers go to heaven when they die?"
"Why, they must necessarily."

Leave it to Her.
"I asked your husband last evening if he had his life to live over again if he would marry you, and he said he certainly would."
"He certainly wouldn't!"—Houston Post.

Even So.
"I maintain," pursued the opinionated man, "that a woman ought to stay at home attending to the dinner."
"You're wrong," persisted his equally opinionated friend. "If Eve had been out lecturing instead of passing around the fruit we'd have been spared a mighty sight of trouble!"

Dreadful.
"Merely, child!" exclaimed Mrs. Harlow. "I never would have believed my little boy could use such language. Been playing with bad children again, haven't you?"
"No'm," replied her little boy. "Teddy Bacon and I have been playing with a parrot his uncle sent him from Chicago."

Was Returning.
Sam Jimson, colored, had a colored neighbor of some means, who was unkind enough to build a high board fence about his yard, wherein grew many luscious melons. One day Sam found a hole in the fence, and flicking his lips, he started to crawl through. The neighbor happened to be standing near the hole. "Heah, you!" he cried, "whah you gwit?"
"Ise gwine back," said Sam, quickly sulking action to word.

EMBARGO ON ARMS LIFTED BY WILSON

President Predicts Sound Will Result in Trouble-Burdened Mexico.

RELEASES WAR MUNITIONS

Recognition of Rebels May Be Next Step—Huerta's Downfall Seems Imminent.

Washington, D. C., Feb. 4.—The raising of the embargo on arms for use by the Mexicans, the result of the action Tuesday by President Wilson is causing much speculation here today. It is believed that munitions of war are pouring across the Mexican border from the United States today.

This was only the first step in a more drastic policy that will hereafter be followed, supplanting the policy of "watchful waiting," which, apparently has been awarded by the development of conditions justifying the first move.

The next step is in doubt and no one of authority will say positively, but the removal of troops from the border and recognition of the rebels would cause no surprise in Washington. The executive order emphasized that it was the desire of the United States to be in the same position of neutrality toward the contending factions in Mexico as were the other powers.

President Wilson's act in raising the embargo was what senators of the Foreign Relations Committee of the Congress had advised and what some had insisted upon in debate in the Senate. It was discussed at the meeting of the foreign committees with the president a week ago Monday and at the cabinet meetings. The proclamation was issued following Tuesday's cabinet meeting. American embassies and legations abroad were instructed last Saturday to inform foreign governments of the decision and Secretary Bryan informed the members of the Washington diplomatic corps, Tuesday.

WHY NEGROES ARE LAZY

SCIENTIFIC EXPLANATION OF AN UNKNOWN FACT.

Army Physician Asserts That They Need a Tropical Climate to Bring Out Their Best.

(WNT News Service.)
Paris, Feb. 5.—The scientific controversy over the theory that the color of the negro's skin is a protection has brought out the information that the pigment in the black man's epidermis protects him from the ruinous effect of ultra violet rays.

This invokes another theory from Dr. Miramond Roquette, an army physician, who states that negroes are lazy when living in temperate zones and cold climates because they draw the greater part of their vital energy directly from the sun through their skins, which are especially adapted to absorbing solar energy, whereas white skin is not.

The negro, therefore, thrives best in tropical, sunny lands, while the white man deteriorates and loses his energy, he says.

RECORD HOLDER TO BE SOLD

Campania of Cunard Line, Long in Service, is to Be Disposed of Soon.

(WNT News Service.)
New York, Feb. 5.—After buffeting the storms of the Atlantic for 21 years the old record-breaker Campania of the Cunard line is to be sold to ship breakers in July, after the new Leviathan, Aquitania, has made her first voyage to New York.

The Campania has made 240 round voyages to this port and Liverpool, and carried more than 100,000 first-class passengers. She was built in 1893 to beat the City of Paris and the City of New York of the American line.

Her fastest trip eastward was 5 days 9 hours and 13 minutes, and her record trip westward was 5 days 9 hours and 6 minutes. Her best day's run was 553 miles. The record of the Mauretania, which has not yet been beaten, from Queenstown to New York, is 4 days 10 hours and 41 minutes, and eastward to Queenstown 4 days 13 hours and 41 minutes. Her best day's run was 676 miles.

RAISES AND TRAINS DOGS TO HUNT MEN

Cape Man Engaged in Novel Industry That Promises Enormous Growth.

STARTS WITH PUPPIES

Now Ready to Chase Criminals and Their Capture Can be Practically Guaranteed.

There is now in active operation in the Cape a new enterprise devoted to the raising and training of bloodhounds.

The advent of this singular institution is due to the fact that Willis Martin, so long and favorably known in police circles here and elsewhere as an expert in the art of landing lawbreakers has through observation incident to the labor to which he has devoted the greater part of his life, been brought to realize the true worth of these dumb but intelligent creatures in the work of preserving law and order.

In accordance with these views, he secured two valuable bloodhound puppies several months ago, and set diligently at work in his efforts to give them the training necessary to their development. He has spared neither time nor pains to accomplish the required results, and while he has never had an opportunity to test them in a real criminal chase, he feels perfectly satisfied from their practice work that they will give a creditable accounting should they be called upon to render service in tracking a real criminal.

Mr. Martin contemplates increasing his stock of dogs and in the future will enter into the work on a larger scale, dealing extensively in breeding and raising dogs for the trade as well as training them for the work to which they are by nature so well adapted. His kennels are located at 925 William street.

P. H. HOOK SCORES VICTORY IN COURT

His Petition to Operate Saloon in This City is Favorably Considered.

WILL OPEN THURSDAY

Prescott Bar Headquarters—His Many Friends Will Be Pleased to See Him There.

P. H. Hook scored a victory in the County court at Jackson last Tuesday when his petition for license to operate a saloon in this city was favorably considered in the face of bitter opposition on the part of the anti-saloon league.

It was rumored that the Drys in their desperation had investigated the character of Mr. Hook in the vicinity of his old home with the intention of proving him unworthy from a moral standpoint, but if such were their intentions they evidently abandoned that feature of the fight, going no further in that direction than to allege in their remonstrance that he was not a law abiding citizen. This, of course, was disproved as the decision of the court will indicate.

The principal resistance offered to Mr. Hook's petition was that he was an employe and agent of the Cape Brewery & Ice Co. and sought license to operate a saloon in behalf of said company. This charge was also successfully overcome and license will issue.

Mr. Hook is a man of integrity and good moral character, such as are needed to insure the conduct of orderly and respectable saloon. He will operate the old Prescott Bar on Main street and expects to open his place to the public on Thursday.

VICTORY FOR VERBLE

Court of Appeals Affirms Writ of Restraint.

In the suit brought by Dr. I. L. Holt and L. L. Dalton to revoke the dramshop license of Sid Verble, the defendant through his attorney, Judge Edward D. Hays, obtained a temporary writ restraining the court and the plaintiffs from proceeding any further on the ground that the court was exceeding its jurisdiction.

The matter was argued in the Court of Appeals on the January 8, and on Feb. 2 a decision was handed down making the writ of restraint permanent, thus ending the whole controversy in Mr. Verble's favor.

OLD SOLDIERS SORE.

The fourth day of February has been looked forward to with considerable expectancy on the part of many of the veterans of the civil war, that being the day on which they were to receive their pensions. The Department was a little haggard, however, and the suspense of the old boys in blue will perhaps not be relieved until Thursday or Friday.
