

## Conquest of a Continent

It took a wagon train about four months to cross the continent in the days of the "forty-niners."

The overland express carries you in five days. The transcontinental line of the Bell system carries your voice from New York to San Francisco, 3,400 miles, in one fifteenth of a second.

The Bell system with its 9,000,000 telephones and 21,000,000 miles of connecting wire makes possible the transmission of speech from one end of the country to the other.

In the Bell system there are more than 12,000,000 long distance routes reaching every part of the country, obliterating State lines, and making neighbors of communities far removed from each other.

## OH, JOY! THIS IS HOG KILLING TIME

Prof. Johnson Tells How To Use The Cracklings For Best Results.

By Prof. L. R. Johnson.

Hog killing time is at hand now and there will be a supply of cracklings in many a farm house. Often these are fed to the poultry, hogs or dogs but some housekeepers are well aware that a delicacy may be made of them when used as an ingredient in certain table foods. The use of cracklings to season corn bread is quite well known and such bread is looked back to with longings by many a townsman whose youth was spent on the farm. But there are other modes of utilizing the cracklings.

They make a fine seasoning for beans, to be added when the beans are half done. Onions with cracklings are recommended. The onions are first boiled, then cracklings added and all baked in oven till done.

As a poultry feed cracklings are not approved of for the reason that they contain too much grease. Grease does not contribute to egg material. It takes lean meat with its protein to do this. Therefore the regular beef scraps, prepared by the large packing houses sold for about 3 cents per pound are the best form of meat to feed poultry and, it may be added, there is nothing like a percentage of this animal matter in the daily feed to make hens lay.

If the fruit trees are very badly infested with the scale, it is better to spray right now or any time when it is not freezing weather. Spray now and spray again in the spring to make sure of exterminating most of them. Spring spraying answers very well, however, when the scale is not found in great numbers, that is, when it is not completely covering the limbs. Another reason for fall spraying is that scale in great numbers are liable to kill the tree during the winter before one has a chance to spray in the spring.

Several farmers can unite to buy a barrel of lime-sulfur in common and divide it out by the gallon. 50 gallons will make 450 gallons of spray, adding nine gallons of water to every one of the concentrated mixture. I think it can be bought for not over 15 cents per gallon by the barrel.

Where is the farm boy who will start a breeding kennel of Irish or Scotch terriers? A pair to begin with will cost about \$25 but it is certain that the puppies would sell readily right here in the county at not less than \$5 each, and at this price they would be a good investment. These breeds of dogs are very intelligent, very watchful and splendid ratters.

On most farms there is a serious loss of grain by rats. Cats are good but an active terrier is still better and he will keep everlastingly after the pests. There is no doubt he will save his cost every year. Who will be first to start a kennel of terriers?

If you ate nothing but meat how long would you expect to keep well? Then why should we expect to have healthy hogs when we feed nothing but corn?

## IDEAL BOWLERS WIN TITLE OF KING PINS

Martin G. Bender Makes Score Of 201 In A Single Game.

Although the Ideals had been given a handicap of 18 pins per game over the Royals on account of the former comparative scores of the two teams, the former aggregation of tenpin artists last night defeated the Royals with a score of 2391 to 2292.

The aggregate score of the Ideal team at 2391 is the highest team score that has been made this winter in the Bowling Association's tournament.

Martin G. Bender took the honors for the highest game last night with a score of 201 in the last game of the match. His total score for the three games was bested, however, by Robert G. Nunn of his own team, with a mark of 534. Bender fell down in the second game and bowled over only 128 pins whereas Nunn rolled a steady consistent game throughout.

The detailed score for the match				
	1st	2nd	3rd	Totals
A. Haas	135	154	144	433
Robert Harrison	166	158	174	498
C. Shawan	191	152	106	449
A. Brinkopf	137	163	155	455
Tony Gockel	112	154	128	394
Total				2229
Ideals.				
	1st	2nd	3rd	Totals
R. G. Nunn	165	182	187	534
A. A. Vogel	145	147	170	462
Doc Edwards	132	130	188	450
F. Woods	157	174	127	458
M. G. Bender	158	128	201	487
Total				2391

As a result of last night's game, the handicap that has been awarded to the Ideals probably will be removed and they will have to overcome a handicap in order to defeat their next competitors.

## CHRIS E. STIVER IS MADE MASONS HEAD

Enthusiastic Meeting Held at Annual Election—To Initiate Tonight.

Chris E. Stiver was elected Worshipful Master of the local Masonic lodge last night, at one of the best attended meetings held in many months. J. M. Shy was chosen Senior Warden and H. H. Haas, Junior Warden. Charles Schreiner was elected treasurer and Dr. George W. Walker, secretary. Dr. Walker also was chosen trustee.

The lodge will meet at 1:30 o'clock this afternoon at the lodge rooms to arrange for participation in the funeral of Dr. Tarlton. The Masons will have charge of the funeral ceremony. At 7:30 this evening, the lodge will hold a regular meeting and will initiate several new candidates.

The local Masonic order is making an unusual record in rapid growth. There has seldom been a meeting this year when one or more candidates were not taken in and five applications for membership are now pending. These will be acted upon at the meeting tonight and the applicants will be taken into the lodge at the next regular meeting.

## News From Dutchtown

CRUSHES HAND IN PRESS.

Ruby Schafer of Dutchtown Gets Fingers Caught in Cider Machine.

Dutchtown, Dec. 11.—Ruby Schafer, daughter of Mr. and Mrs. Martin Schafer, had all the fingers of her left hand badly mashed and lacerated when her hand got caught in the cog wheels of a cider press at her home.

The injuries are not dangerous enough to cause the amputation of the fingers, the physician declares. The little girl was playing around the cider press with a playmate cousin. The cousin was turning the wheels of the press when the Schafer child placed her hand on one of the cogs.

A year ago the Schafer child had two fingers amputated when she got her hand caught in a hay-rope that crushed her hand severely.

Phillip and Louis Sympher this week have loaded a car of corn for the Cape Milling Co.

Mr. and Mrs. Florentin Sean are the parents of a fine baby girl, born December 7. The mother and child are reported to be doing nicely.

## ORDER OF PUBLICATION.

State of Missouri, County of Cape Girardeau, ss:

In the Cape Girardeau Court of Common Pleas in Vacation, A. D. 1915. Ed. Sutton, plaintiff, vs. John C. Groseclose and Nannie A. Groseclose and others, defendants.

The State of Missouri, to above named defendants, Greeting: Now, on this 19 day of October, 1915, in vacation of Cape Girardeau Court of Common Pleas for Cape Girardeau County, Missouri, before November Term, 1915, of said Court, comes plaintiff herein by attorney of record herein, before said Clerk and on behalf of plaintiff files affidavit of T. D. Hines, for and on behalf of plaintiff herein, among other matters of action alleging:

That said defendants, John C. Groseclose and Nannie A. Groseclose, are non-residents of the State of Missouri, residing outside of said State of Missouri, and cannot be served in this State in the manner prescribed by the code of procedure of the State of Missouri, or in any other manner.

And it duly appearing to the Clerk of said Court, in vacation, that plaintiff alleges in his petition herein, that said defendants, John C. Groseclose and Nannie A. Groseclose are non-residents of the State of Missouri, so that the ordinary process of law cannot be served on them in this State.

And said Clerk, being from said petition and affidavit and otherwise, duly satisfied, and thereupon duly finding that process herein cannot be served on said defendant in this State in the manner prescribed by the code of procedure of and in the State of Missouri, or in other manner.

It is therefore ordered by said Clerk that said defendants, John C. Groseclose and Nannie A. Groseclose be notified by publication that plaintiff by petition herein filed of date 12th of May, 1915, has commenced against said defendants an action in equity, the immediate object and general nature of which is to enforce and establish a lawful right, claim and demand to and against certain real within the jurisdiction of said Court, to-wit: an action

## M. Ds. ENTERTAIN CAPE PILL-MAKERS

Lunch And Smoke At Commercial Club Rooms And Just Talk.

The members of the Cape Girardeau Physician's Club last night entertained the Cape's druggists with a luncheon and smoker at the Commercial Club rooms. The prescription writers and the pill makers got together on an elaborate array of sandwiches and coffee after which they sat around and smoked and talked in little knots of three and four each.

The entertainment feature was one given by the doctors in response to a similar luncheon that was extended to the doctors last spring by the druggists. At that time, the new Harrison anti-narcotic drug law had been placed in operation but a short time and the druggists and physicians got together on a discussion of the effects of the law.

As the subject was recalled last night from their former session, one of the physicians present remarked that the abolition of "dope" had not affected the Cape to any great extent.

"It never was used to any considerable extent here and so far as we were concerned, the operation of the law did not make a great difference," he said.

The "dope" law did not come up for general discussion last night, although several of the men talked about it among themselves.

The president of the Physician's Club is Dr. W. N. Howard, and Dr. H. L. Cunningham, secretary and treasurer.

## NO SCHOOL PARADE TODAY.

The parade of pupils from the various public and parochial schools in the Cape today will not be held in connection with the dedicatory exercises for the new Central High School. That feature has been cancelled on account of bad weather making the march impracticable.

The other features of the dedication will take place as planned by the members of the Board of Education. Mayor Kuge yesterday declared that he is not sure if he can attend the meeting on account of another engagement. He intends, however, to appoint City Councillor O. A. Knechans to take his place, if he is able to leave his home, where he has been confined with illness for some time.

to foreclose two certain deeds of trust in the nature of mortgages, executed by said defendants, one to secure a note to the Big Four Store Co., for \$800, assigned to plaintiff, the other to secure a note for \$1,000 to plaintiff, and a third note for \$231.10 to plaintiff, and alleged to be secured in same manner, subject to a prior deed of trust, upon the following described lot and parcel of land, situated in the City and County of Cape Girardeau, Missouri, to-wit: The East half of the East half of lots 19 and 20, R. G., beginning at S. E. cor. of said lot 19, run N. along western line of an alley, 150 feet; thence West along the line between 20 and 21, R. G., 45 feet; thence S. 150 feet to Good Hope st.; thence E. along N. line of said street to beginning, on which a dwelling house stands, 10 feet off of N. end, subject to easement for alley.

And it is further so ordered that said defendants be and appear in this Court on the first day of the February Term, 1916, thereof to be held at the City of Cape Girardeau, Cape Girardeau County, Missouri, on the fourth Monday of February, 1916, and then and there answer or plead to said petition, or in default therein said petition will be taken and adjudged as confessed, and judgment by default will be rendered against said defendants.

It is further so ordered that a copy hereof be duly published at least once a week for four consecutive weeks in the Weekly Tribune, a weekly newspaper duly printed, published and circulated in said Cape Girardeau County, and duly designated by plaintiff's attorney, and duly approved by said Clerk as most likely to give notice to defendants, the last insertion to be at least fifteen days before said term of said Court.

I, D. A. Nichols, Clerk, Court of Common Pleas, of Cape Girardeau County, Missouri, hereby certify that the foregoing writing is a full, true and complete copy of the original Order of Publication in said cause, as full as the same remains and appears of record in my office.

In witness whereof, I hereto subscribe my name and official signature and hereto affix the seal of said Court at my office in the City of Cape Girardeau, Cape Girardeau County, Missouri, this 20th day of October, 1915.

D. A. Nichols, Clerk of the Common Pleas Court for Cape Girardeau County, Missouri.

## SILOS SAVE MONEY, SAYS FARM AGENT

McWilliams Shows Remarkable Results From Feeding Silage In County.

By C. M. McWilliams, County Agent. With the popularity and general use of the silo in Cape County figures and instances of the economic value of silage for both beef and dairy cattle are not difficult to obtain. That good silage is a cheap and reliable feed is plainly indicated by the increase in the number of silos in the county. In less than four years the number has increased from seven to about two hundred, practically all types are represented.

The feeding discussed here was done last fall and it is a well known fact that feeding cattle the fall and winter of 1914 was a hazardous undertaking. Both feeding cattle and feed were high and the prices obtained for fed cattle on the market such that there was only a small margin between purchase and selling price. It is not surprising that a great many feeders lost money on high priced corn and hay.

The man who handled the cattle in question is a prominent farmer and stockman in the central part of the county. He has a 12x36 silo that was filled late in the summer with corn that was badly injured by the drought; two acres of stalks were put in after the ears had been removed, the remainder was put in stalk, ear and all. In October eighteen head of grade beef yearlings were purchased, four heifers and fourteen steers. They averaged 640 pounds in weight and except four that cost \$6.25 per hundred weight, were bought for \$6. They had the run of an ordinary stalk field and pasture until in November when they were started on silage and given some low grade weedy hay. After they had been on this ration for awhile one-half pound per day of cotton seed meal was given with the silage, this was later increased to one and one-half pounds per head. Both silage and hay was fed in an enclosed shed. No other feed was given and silage was by far the principal feed used.

In March the cattle were sold on the St. Louis market. They averaged 840 pounds and the four heifers brought \$6.75, the fourteen steers \$7.20 per hundred. The difference between the cost price \$695 and the selling price \$1125 is \$430. The owner figured that he received for the silage and pasture \$340. In addition to this six other cattle were fed silage, and about seventy-five loads of manure were left to be hauled on the farm.

Without a silo not over one-sixth of this amount could have been realized for the corn that went into the silage and it must be remembered that the difference between the cost and selling price is very small, in fact the margin is too narrow to return a profit by the ordinary method of feeding.

In the instance given above the function of the silo is well illustrated. It makes the entire corn crop available as feed and at a price that is economical. Cheap feed is necessary to return a profit on high priced feeding cattle.

Gordonville will have a corn and poultry show on the above dates. Liberal premiums will be awarded on all classes and several well known speakers will talk on agricultural topics and pictures showing up-to-date agricultural practices in this county will be shown.

For complete premium list or other information, write or phone Mr. Fred Rasche at Gordonville.

PUFF MARTIN IS PIKEWAY BASKET BALL TEAM SUB

Former Cape Athlete Who Stars in Football Will Make Berth on Goal Tossing Aggregation.

According to newspaper reports in St. Louis, "Puff" Martin, former Cape Normal football, base ball and basket ball star, will be a substitute on the Washington University goal tossing aggregation this year.

The Washington University five will be composed for the most part of athletes who played on the Pikeaway football team last fall and it is said the coach there is planning to use strenuous tactics in training his men to meet the other training teams.

Martin was a star half back on the Washington team. He formerly lived in the Cape and is well known here. St. Louis sporting writers say that "Puff" has improved his basket ball game wonderfully in the last year.
