Found Mangled

Wednesday morning at Neely's Landing, twenty miles north of this city, a man by the name of Sam Colburn was found on the railroad track, in a mangled condition, by Agent Fulbright.

The agent gave the injured man attention and sent him to this city for treatment at the county's expense as the man was a trespasser. He is in a serious condition and is not able to tell much of the accident. H. E. Russell of Neely's Landing accompanied the wounded man here.

After Agent Fulbright had done all the good he could he went to the station and found that the express office had been burglarized during the night. Five packages of express were stolen. Railroad detectives were detailed to the scene.

IMPORTANCE OF HEALTHY KIDNEYS.

Jackson Readers Should Learn to Keep the Kidneys Well.

The kidneys have a big work to do. All the blood in the body is coursing through the kidneys constantly to be freed of poisonous matter.
