Married, on July 20, at the residence of the bride's parents, at Van Buren, Mo., Mr. H. A. Smalley and Miss Bessie Carter. While teaching in Van Buren in 1896, we had the pleasure of boarding with the parents of Miss Bessie, Mr. and Mrs. Alex. Carter. A more clever, hospitable family it has not been our lot to meet. At that time Bessie was our pupil. She was a studious, bright girl, and we hope that in her choice of a husband she has done well and will live happy.

Pleasant to take, always safe, sure and almost instantaneous. All dealers. About a week ago an old ex-slave visited Jackson, working, as he stated, in the interest of a fraternal association that has its headquarters in Arkansas. He solicited names of ex-slaves from whom he collected \$1.25 to register their names. All ex-slaves who so registered were to get so much pension if a certain bill passed congress. Aunt Harriet Williams had him arrested for getting money under false pretenses. He was tried here Monday before Justice Ben J. Miller, and fined \$5 and costs. Not being able to give bond the prisoner went to jail. Attorney Edw. D. Hays made a telling defense in behalf of the defendant.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For great many doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Son, Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Son, Toledo, O.

Sold by druggists, 75c. Hall's Family Pills are the best.

Booming the New Railroad.

A party composed of Major Brooks, E. W. Flentge, R. W. Russell, J. A. Horrell, Wm. Paar and T. D. Hines went out in the county Tuesday in the interest of the right-of-way of Houck's railroad from here to Perryville. The right-of-way, with a few exceptions, has been secured to Oak Ridge. Now, it is nothing more than right that Mr. Houck should receive the right-of-way, and if a few persist in having damages the citizens of Jackson and Cape Girardeau should make up enough money to buy their right-of-way, for the railroad would be of lasting good to this county. Mr. Houck has now completed his railroad work in the southern counties and is ready to turn his attention to this road as soon as the right-of-way is secured. Many prominent farmers around Jackson have told us that they were anxious for the road to be built.

Opening of the J. M. A.

Arrangements have been made whereby the Jackson Military academy will open about the middle of September under the principalship of Prof. Vincent C. Poor, of Oketo, Kansas. Mr. Poor comes well qualified and commended for this work, and will begin at once an active canvass in behalf of the school. He will arrive the last of this week. The friends of the school are asked to stand by it at this time. Much time has been lost and we are late in beginning, but if all its friends will faithfully work for it a large school may yet be gathered. Prof. Poor will take immediate steps to secure a full corps of thoroughly competent teachers and catalogues will soon follow this notice. Rally around "Old J. M. A."

A New Company.

The Southeast Missouri Mining, Manufacturing and Developing company of Jackson is now an assured thing, with a capital stock of \$80,000. The company will own and operate the Jackson tiling factory, and the business of the company will be to develop southeast Missouri's resources, mining interests and manufacturing capacities. The officers are A. J. D. Burford president, P. H. Felker, of St. Louis, vice president, T. E. McNeely, secretary, and H. R. English treasurer.

The farmers will meet again in Jackson next Saturday to discuss the elevator project and it would not surprise us in the least that a farmers' mill will be put up in Jackson in the not far distant future.

Attend the sale of the late T. J. Bast land at Bloomfield September 12, if you want to buy some valuable land cheap. Notice the ad. about it in this issue.

The picnic at Wilhelm's grove last Saturday must have been a swell affair, judging by the heads and noses of some of its participants.

"NERVE WASTE." One of the most helpful books on nerve weakness ever issued is that entitled "Nerve Waste," by Dr. Sawyer, of San Francisco, now in its fifth thousand. This work of an experienced and reputable physician is in agreeable contrast to the vast amount of false teaching which prevails on this interesting subject. It abounds in carefully considered and practical advice, and has the two great merits of wisdom and sincerity.

It is indorsed by both the religious and secular press. The Chicago Advance says: "A perusal of the book and the application of its principles will put health, hope and heart into thousands of lives that are now suffering through nerve impairment." The book is \$1, by mail, postpaid. One of the most interesting chapters—chapter xx, on nerves and nerve-tonics—has been printed separately as a simple chapter, and will be sent to any address for stamp by the publishers, The Public Pub. Co., 2888, San Francisco.
