How To Gain Flesh

Persons have been known to gain a pound a day by taking an ounce of SCOTT'S EMULSION. It is strange, but it often happens.

Somewhat the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food, which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking

Scott's Emulsion

You will find it just as useful in summer as in winter, and if you are thriving upon it don't stop because the weather is warm.

THE BEST IS THE CHEAPEST.

Not how cheap, but how good, is the question. The Twice-a-Week Republic is not as cheap as some so-called newspapers. But it is as cheap as it is possible to sell a first class newspaper. It prints all the news that is worth printing. If you read it all the year round, you are posted on all the important and interesting affairs of the world. It is the best and most reliable newspaper that money and brains can produce—and those should be the distinguishing traits of the newspaper that is designed to be read by all members of the family.

Subscription price, \$1 a year. Any newsdealer, newspaper or postmaster will receive your subscription, or you may mail it direct to THE REPUBLIC, St. Louis, Mo.

BRIGHT'S DISEASE.

The largest sum ever paid for a prescription changed hands in San Francisco, August 30, 1901. The transfer involved in coin and stock \$12,500 and was paid by a party of business men for a specific for Bright's disease and diabetes, hitherto incurable diseases.

They commenced the serious investigation of the specific November 15, 1898. They interviewed scores of the cured and tried it out on its merits by putting over three dozen cases on the treatment and watching them. They also got physicians to name chronic, incurable cases, and administered it with the physicians for judges. Up to August 28, eighty-seven per cent of the test cases were either well or progressing favorably.

There being but thirteen per cent of failures the parties were satisfied and closed the transaction. The proceedings of the investigation committee and the clinical reports of the test cases were published and will be mailed free on application. Address John J. Fulton Company, 429 Montgomery St., San Francisco, Cal.
