THE HERALD GIVES A SQUARE DEAL

We want every contestant to have a square deal. We play no favorites. Every girl has the same chance as far as the Herald is concerned. Little work, small prize; much work, good prize; no work, no prize. From now on we do not know how the contestants stand, so please do not ask us for this information. However much we would like to tell how each contestant is running we can not give the information, because all voting is done at the banks, secretly, if desired. Work for the girl of your choice.
