The Republicans of this county have nominated a good ticket, and so have the Democrats, hence the people of each party have good men to support. The Republicans however have too big a majority for our Democratic friends to overcome. E. W. Flentge Republican candidate for railroad and ware house commissioner, from this county made a hit in a speech delivered in St. Louis Aug 22. In this speech he pleads for shippers equal railroad rates. Will give speech in full in next week's issue, as many of his supporters who read the Herald, and do not read the St. Louis paper will want to read it. This speech should be read by every Republican voter in the state.

A bath cleanses the skin and rids the pores of refuse. A bath makes for better fellowship and citizenship. Not only should the outside of the body be cleansed, but occasional use of laxative or cathartic opens the bowels and clears the system of effete matter. The Food Value of a Soda Cracker

You have heard that some foods furnish fat, other foods make muscle, and still others are tissue building and heat forming.

You know that most foods have one or more of these elements, but do you know that no food contains them all in such properly balanced proportions as a good soda cracker?

The United States Government report shows that soda crackers contain less water, are richer in the muscle and fat elements, and have a much higher per cent of the tissue building and heat forming properties than any article of food made from flour.

That is why **Uneda Biscuit** should form an important part of every meal. They represent the superlative of the soda cracker, all their goodness and nourishment being brought from the oven to you in a package that is proof against air, moisture and dust—the price being too small to mention.

ANNOUNCEMENT.

Missouri is in need of a broad and progressive system of road management, that will give to the state good country roads in every county. There has never before been a time when all the people of the state were so greatly interested and so deeply in earnest about this subject as they are today. For the purpose of trying to crystallize public sentiment and to agree upon some plan that will not only give to the state better roads than we now have, but that will give us the best roads of any state in the Union, the State Board of Agriculture in cooperation with the citizens of Chillicothe and Livingston County has arranged to hold an Interstate Good Roads Carnival in the vicinity of Chillicothe, Mo., continuing for one week, from September 3-8, 1906. The good people of Chillicothe, through the leadership of one of their leading

citizens, Mr. G. H. Lawson, have provided a fund of several hundred dollars to pay premiums for exhibits of road machinery and for practical demonstrations in road construction. Several miles of road are to be improved during the week and visitors will be able to witness the best skill in the different methods of road making. We now have the assurance of a demonstration in road work that has never before been excelled.

Governor Folk, the State Board of Agriculture and the people of Livingston county, all heartily join in an invitation to the members of the county courts, to road offices, commercial organizations and all kindred associations in Missouri to send delegates to this convention, and to every citizen interested to attend; and witness the demonstrations and hear the discus-

sions of the greatest question before the people of the state today.

No pains have been spared by the State Board of Agriculture to secure the presence at this meeting of the best talent of the country, as a perusal of the program will verify.

Let all farmers, business men, statesmen and every one interested in this important subject, endeavor to get together and provide for this grand old commonwealth, a fair, reasonable, equitable and adequate system of road revenue, and for furnishing the best skilled supervision that will give to Missouri the best system of public roads of any state in the Union. Respectfully,

NORMAN J. COLMAN,
H. J. WATERS,
G. H. LAWSON,
GEO. B. ELLIS,
Committee on Invitation.
