Will your watch keep ship's chronometer time.
South Bend Watches, carried upon long sea voyages and protected only by an ordinary watch case, exposed to every variation of position, temperature and the incessant vibration and roll of the ship, keep perfect time, second for second, with the carefully guarded and accurate chronometer which every sea going vessel is compelled to carry.
They are proof also against railway travel, horseback riding, automobilizing, or any of the many jolts and bangs of everyday use.
We will be glad to show you our line of these watches at any time.

Most all of the youngsters went to a dance at the Hall on Tuesday evening the 8th, and some of them wished that they had stayed at home, because four or five of them had to come bareheaded, their hats having been stolen. Boys, be on the watch for hat thieves the next time you go to Jackson.
Mr. Martin Wilhelm came home from the dance with the measles, but maybe he's just got the blues because his hat got swiped.

Some one said the music at the Jackson Hall dance was first class, but Gee! wasn't it miserable to come home in that rain and sleet without a hat?

Mantz Bros. purchased some sheep at the McClain sale last week, and they are now pretty well stocked with those animals.
Mr. Henry Willa has bought a fine mare. He found he could not run his new farm with only one team.
The preacher's family arrived here last week.
Schonebec school is preparing for a big entertainment the last day.
The telephone line will soon come through here, and then some of the farmer boys won't do a thing but talk to the girls.
