We are authorized to announce HERMAN RABICH as a candidate for Representative of Cape Girardeau county subject to the will of the Republican voters at the Primary election August 2, 1910.

Jack Johnson defeated Jim Jefferies in fifteen rounds on the 4th at Reno, Nev. He is now the heavy weight champion of the world. It is estimated that 15,000 people witnessed the affair.

A dispatch from Jefferson City dated July 6, states that Secretary of State Roach has refused to accept the petition of the Republican State Committee to redistrict the senatorial and legislative districts of Missouri on the ground that they are unconstitutional.

Chief Justice Melville W. Fuller of the United States Supreme Court, died suddenly of heart failure last Monday at Sorrento, Maine. He had long been a sufferer from Bright's disease. He held the position of Chief Justice for twenty-two years. He was in his 78th year. There is much speculation as to who will be his successor. It is intimated that ex-Gov. Hughes of New York will succeed him.

A Twentieth Century flyer on the C. H. & D. railroad, going at a speed of 50 miles an hour, near Middletown, Ohio, on the 4th, ran into a freight train that was backing into a siding, demolishing both engines and smashing the combination coach into kindling wood and partly demolishing another and badly telescoping a third. Nineteen persons were killed and more than twenty injured. The killed and injured were all residents of Ohio.

In the proper column of the Herald will be found the announcement of Herman Rabich as a candidate for Representative, subject to the will of the Republican voters at the primary election. Mr. Rabich is well known to most of the citizens of this county. He is one of our county judges, and in that capacity has shown himself to be a capable and careful servant of the people. He has been a member of the city council of Cape Girardeau and is a well known business man of that city; being connected with a large real estate firm beside other interests. If Mr. Rabich is chosen by the Republican voters as their choice for Representative they will make no mistake.

Mrs. Yount of Yount's Hotel, on the evening of the 4th lost a roll of bills amounting to \$38.00. On Tuesday morning she had some bills struck announcing her loss and had them scattered over town. Now, on the evening of the 4th Mr. Mike Owens of the Central Hotel, in going to the postoffice found the money on High Street. On Tuesday morning after being out driving and on returning to the hotel saw one of the bills telling of the loss and he hastened to make Mrs. Yount a happy woman. Printer's ink will do the busi-

JEFFERSON CITY LETTER.

Chairman Dickey Doing Effective Work.

Special to the Herald.

If the initiative law adopted by the people two years ago and made effective by an act of the legislature of 1909 stands the test to which it will be subjected the Democrats will never again be able to hold the state senate in their grasp against the popular will as they have done heretofore.

It is the duty of Con. C. Roach, Secretary of State, to place on the ballot to be used at the November election the amendment to the constitution proposed by Governor Hadley and other Republican leaders and promoted by the Republican state committee under the leadership of chairman Walter S. Dickey and secretary Rush C. Lake. This amendment provides for a division of the counties of the state into twenty-four senatorial districts, Kansas City and Jackson county into three and the city of St. Louis into seven. The twenty-four districts made up of counties are described and fixed in the amendment, having been arranged so as to be compact, and so that each, as nearly as possible, may contain approximately 100,000 population and without reference specially to whether a majority of the people therein may vote the Republican or the Democratic ticket at senatorial elections. The city districts are to be arranged by the circuit judges in St. Louis and Kansas City—and these judges will follow the example set for them in the amendment and be governed by a purpose to make the city districts compact, orderly and representative instead of mere divisions of party majorities.

Since June 20 thousands upon thousands of the qualified voters of the state have signed petitions for the submission of this amendment to a vote of the people in November. The initiative law requires that a petition for submitting a constitutional amendment shall bear the signatures of not less than "five per cent of the legal voters of at least two-thirds of the congressional districts in the state." Although the first printed forms of the petitions for this amendment were not sent out till June 20 by June 30 from all but two of the sixteen congressional districts petitions had been received by Chairman Dickey bearing the signatures of more than five per cent of legal voters in each district, and in some of the districts more than 10 per cent of the legal voters had signed. By July 5 the districts had all reported and the number in each district was in excess of what the law requires. After carefully examining the petitions, setting aside all that were not in legal form, and counting the names of those ready for filing it was found that the monster array of signatures far exceeds the limit of the law and represents the best citizenship of the state, including Democrats, Republicans, Socialists, Prohibitionists, Labor Union and independent voters. Among the names are those high in political, business and social life as well as thousands of humbler citizens. It is not likely that a more representative petition has ever been deposited in the office of the Secretary of State. And it is beyond peradventure that it is in every way legal and sufficient under the initiative law, if it is not then that law is a farce. What Secretary Roach will do with it cannot be determined at this writing but this much is certain—it must be accepted in good faith or rejected on reasonable and clearly legal grounds else its dynamic force will make it a dangerous thing for public men to handle. It indicates most force-

bly a general demand for the change proposed in the amendment. That demand will not decrease in force.

Chairman Dickey and Secretary Lake have worked most earnestly and incessantly in preparing this monster petition, and have had the assistance and co-operation of devoted party leaders and committeemen throughout the state. The success of the undertaking is an omen of the success of the campaign to be conducted by Republican leaders and workers next fall. Party workers are organized, alert, enthused and harmonious. When they are called upon to perform party or public service they respond. Such men cannot be easily defeated in a state campaign.

4TH OF JULY ACCIDENT

Boy Badly Hurt by Kick of Horse

During the 4th of July celebration in this city several balloons we sent up during the afternoon, and several small boys would chase after them in order to get them when they descended.

Little Frank Goodwin, the 6-year-old son of Mr. and Mrs. L. A. Goodwin, was one of the number. When one of the balloons floated over a pasture owned by William Henderson, Frank crawled through the fence into the field. Mr. Henderson saw him and shouted to him to stop and to get out as he had several wild horses in the field, but the boy kept going. Mr. Henderson started to catch the boy but before he could reach him the little fellow, intent in watching the balloon and not looking where he was going, ran up behind a Mexican pony and the animal kicked him in the forehead crushing the skull. Mr. Henderson caught the child up and carried him to his home and summoned Drs. B. W. Hays and R. T. Haskill. The physicians removed ten pieces of crushed bone. The boy was removed to the home of his parents Tuesday morning. He is resting easy and is slowly regaining consciousness. The physicians are hopeful of his recovery.

MEAT TO GO HIGHER.

According to a bulletin issued by the department of Commerce and Labor, all meats will continue to soar skyward. The report says:

The price of nearly all meats have advanced, in some cases to an alarming degree in the last year. The average export price of fresh beef in May, 1910, was 10.8 cents per pound, as compared with 10.1 cents in January and 10.2 cents in May, 1909.

Canned beef in May, 1910, averaged 12.1 cents against 11.1 cents in January and 10.7 cents in May, 1909.

Bacon in May of the current year showed an average price of 15.3 cents per pound, against 13 cents in March, 12 cents in February, 11 cents in August, 1909, and 10.8 cents in May last year, an advance of practically 50 per cent during the year.

For Sale.

A splendid investment at a bargain. 55 acres adjoining the west city limits of Jackson, Mo., a fine farm with house and two barns. Has three perpetual springs with running water the year round. Two orchards and grape arbor with other small fruits. Just ten minutes walk from the heart of the city. Good title—abstract made to date. Since I have decided to move to St. Louis to live, I will sell my place, the cream of the J. W. Fulenwider, farm at a very reasonable figure. Apply to Mrs. J. W. Fulenwider, Jackson, Mo., Box 24.

ORGANIZED IN 1904.
