

A Home For The Future

Most every young man has the hope and ambition to some day have a home of his own. Such an ambition is commendable, yet of itself, it will not bring results. Energy and purpose together with ambition and a savings account will bring him to the desired goal almost before he knows it.

There is no better way of saving than by the savings account. We will open an account for one dollar. We pay four per cent interest on time certificates for either six or twelve months. We treat all customers right. We will do the same by you. Let us help you realize the hopes of a home of your own.

IT WILL BE DOLLARS FOR YOU

The lesson of money-saving is best learned by opening a bank account. Once started you have an incentive to better habits and the immense satisfaction or reserve against adversity. Aside from the fact that your money will be safe from theft and fire, it also affords a convenient method for the payment of bills; and as the checks are always preserved and returned to you; they serve as receipts for amounts paid.

"THE TRUEST FRIEND IN TIME OF ADVERSITY IS THE BANK ACCOUNT"

We want your account, and you to call this "Your Bank;" have you feel interested in its growth and worth in the community

Plants May Be Kept Throughout The Winter

Throughout zero weather you can keep your house plants by using Cole's Original Hot Blast Heater.

This heater maintains a steady even temperature day and night. It will hold fire and heat over night and you can heat your living rooms for two hours next morning with the coal put in the night before.

The patented construction of

Cole's Original Hot Blast Heater

enables the manufacturer to guarantee it to remain always air-tight.

You have perfect control over the fire at all times. Thus, the coal does not waste away and you don't have to kindle a fire in the morning as with other stoves.

Think of it! Your dressing rooms and breakfast rooms warmed by the fuel put in the night before.

This truly great heater is growing in popular favor year after year. The following is a message just received from the manufacturer:
