

JACKSON HIGH DEFEATS CARLETON

Last Sunday afternoon the Carleton college football team arrived here from the Cape after suffering a defeat of 59-0 by the Cape Normals, Saturday afternoon.

Monday afternoon the Carleton team met the Jackson High on the local gridiron and attempted to even up things before returning to their home, but again they were compelled to relent to a severe trouncing at the hands of the local team, before a crowd of 300 spectators.

The Farmington team outweighed the home boys about 8 pounds to the man but the sparkling plays of Metje, Litzelfelner and Mabrey was too big a puzzle for the visitors to solve.

The Jackson high played a sterling game and won the admiration of all the spectators for their pluck, courage and ability to handle men at their own game. The score was 23-0 in favor of Jackson. The high school girls were on the sidelines in large majority making use of their vocal organs with all their might.

Sikeston defeated the local boys last Friday by a score of 5-0.

Jackson Choir.

The choir of the Evangelical church went to the Cape last Saturday morning to take part in the installation of the new pastor of the Evangelical church, the Rev. Bemburg, of Little Rock, Ark. In connection with the installation two mission services were held in the afternoon by Rev. Herman on "Home Missions," and one by Rev. Suppa, on "Foreign Missions."

Gun Club.

The Jackson gun club had a shot Friday and the following scores were made: Wagner, 20; Alsop, 16; Miller, 13; Voges, 20; La Pierre 18; Russell 17.

INSANE WOMAN FOUND IN WILDS NEAR CAIRO

A telephone message was received at Sheriff Nellis' office yesterday afternoon giving the information that a wild woman was roaming around in the woods between the Mississippi levee and the river, says the Cairo Bulletin. Sheriff Nellis immediately sent out Deputy Sheriffs Mulham and Hazzard to hunt the woman. They found her in a tent, lying on the ground, with only a blanket to sleep upon. She was surrounded by six dogs—her pets. She appeared to be only partially demented, but according to some people who had seen her before she seemed to be in a very bad mental condition. The deputies took charge of her, and placed her in the patrol wagon, but she was so determined to have her dogs taken with her that they placed them also in the wagon, and the outfit was taken to the county jail, where the woman and the dogs were put in the same cell.

Just how she got to this locality and when is not known, but a man from Wickliffe last night made the statement that she had roamed about the woods of Ballard county for the past month. At the time she was there she had a pony with her. When asked what had become of the pony she said it had been poisoned by some one. In her rational moments she seems to be an intelligent woman. She will not state why she is living such a life. She says she is an eastern woman, her father was a New Yorker and her mother a Pennsylvanian. She is a fairly good looking woman, but her hair is unkempt and she looks more like a wild woman that had not seen civilization for many years. The negro cook at the jail was called upon to search her. In doing so she discovered that she wore under her dress a man's pair of trousers, in which was a revolver and knife. She also had on two vests, which belonged to the masculine gender. She gave her name Hykell Nell.

53 Years Young.

The choir and a number of the members of the Evangelical church surprised their pastor, Rev. F. W. Hermann, last Friday evening with a donation party, the occasion being Rev. Herman's birthday. Those present were: F. Bienlien and wife, J. P. Kies and wife, Louis Wagner and wife, Fred Schneider and wife, Misses Sophia and Amanda Schneider, Misses Alma and Linda Wagner, Miss Elizabeth Bienlien, Miss Josie Harenberg, Miss Hulda Volker, Misses Fredericka, Lidia and Dora Kies, Misses Lulu and Roena Rosa, Miss Elsie Heyde, Albert Roloff, Ritter, Jack Hoffman, Theodore and John Ade.

Robbed Benefactor.

For some time car robberies have been reported on the Frisco division, near Willow Springs, and after several months virgil a detective finally caught J. F. Bunch a car inspector, who had been in their services for the past 15 years. He acknowledged other robberies and gave another man in as his accomplice by the name of Henry Watson. Both men were respected in their community.

For Lease.

The Jackson opera house is for rent for a year or longer. Applicants may inquire at W. B. Schaefer, Louis Milde or A. Kuellmer.

THE RECORD

THE RECORD of a political party is the only thing that you have a right to go by. And upon its record the Republican party has a right to ask you for your ballot on November 8th. It deserves it.

Who stopped election frauds? Who has honestly enforced the laws? Who has kept the State treasury from depletion? Who has made State departments effective? Who has undertaken to develop Missouri's vast natural resources—neglected during 40 years of Democracy?

A Republican Executive—backed up by a Republican Lower House and the rank and file of the Republican party!

Missouri is the "show me" state. And you have been "shown" both sides of the political fence. You know what it IS that has done you the most good and what it WAS that did you the most harm.

Is blind partisanship and the old game of "sweeping sight unseen" going to land you again on the rocks—the rocks of hard times, low prices and "Old Guardism"?

The Republican ticket is the ticket of effective, progressive administration, honest elections, honest redistricting of Senatorial and Congressional districts, law enforcement and continued State development.

It is the only ticket that is!

Your ballot cast for Republican State, Legislative and Congressional candidates is a ballot cast for these things!

It is a ballot cast for Missouri—for yourself!

CHARLES D. MORRIS, Chairman,
Republican State Committee.

The Corn Show.

The Frisco Corn Show held at the Cape last Thursday brought out the finest corn that has ever been seen in this county. Expert F. H. Demare complimented it as being the finest corn he has ever seen since he has been on the job as corn judge.

The corn on exhibition was of extra good quality, which goes to show this county can rank in first place for fine corn if properly cared for.

B. F. Sides, who has had charge of the exhibit for the Frisco corn show, deserves much credit for his excellent work and untiring efforts to make of it a success. He devotes much of his time in the work for better methods of farming, and is never weary of preaching good farming in all its phases.

Medics Meet.

Physicians from all over Southeast Missouri convened at Illmo last Tuesday and Wednesday in their thirty-fourth annual session.

The citizens of Illmo entertained the doctors with a smoker, luncheon, historical program and a band concert. The doctors pronounced their visit a nice one and were loud in their praise of the little city of Illmo.

Dismissed.

The public and high schools were dismissed Thursday for the rest of the week; the teachers will attend the Southeast Missouri Teachers meeting at the Cape.

UNIQUE PENSION SCANDAL REVEALED

Mrs. Sarah Kinder, who had been held in the Christian county jail for the past six months on the charge of drawing a pension to which she was not entitled, was released from custody by Judge McFerson in the Federal court at Springfield last week, the statute of limitations operating in her favor. She is now free, but no longer draws a pension as the widow of the late Samuel Kinder. She is over 90 years of age and destitute, with a family of several children, and these facts appealed to the sympathies of the judge and the court officials.

She and Kinder came to Ozark county about ten years ago, living on a farm near Udall until he died, in 1904, when the supposed widow and her children came to West Plains and remained until last year, when they moved away, and she was thereafter arrested for defrauding the government. It developed, through the government's investigation of the case, that Samuel Kinder was not the husband of Sarah, but her step-father; that they had eloped from Lebanon, Ill., and that the woman's mother, Mrs. Nancy Kinder, now living with another daughter, at Granite City, Ill., was the real widow of the deceased soldier. Her application for a pension on that account, which Sarah was drawing, started the inquiry by the Federal authorities which resulted in the uncovering of the above facts.—West Plains Journal.

Fined \$200.

The Italian fruit merchants of the Cape plead guilty last week to selling liquor. They were fined \$40 and costs. After the state collected, Blucher Sperling stepped in and collected Federal license on the above charge. The fines amounted to \$200 each. They promised to leave the Cape.

Irish Slave Traffic.

For the next three Sundays at Robert school house among other subjects Father Collins will lecture on "Irish Slaves and their Descendants." The English kidnapped within a few days over 6000 children of Catholic Irish and transported them to the West Indies, to Carolina and Georgia raising them as strangers to all they believed or knew. Over 100,000 adults were transported to Virginia and Kentucky where they were sold as slaves rather than to give up Catholic faith. No descendants of these Irish "slaves" need blush for their ancestors. But what grief it would cause them if living to learn their sacrifices for their faith and for their posterity was in vain.

A Girl and a Burglar.

Last week in Northwest Missouri, a young lady caught a burglar ransacking her home. Without hesitating she emptied a double-barred shot gun at the man, missing him and killing a cat. Two days later he returned his stolen plunder, leaving it on the gate post with a letter saying he intended to reform, and live an honorable life; that he was of a well respected family, who have no suspicion that he would do such a thing and thinks him to be learning an honest occupation. I am going home and make a man of myself and I want you to forgive me.

FARMERS INSTITUTE AND CORN SHOW

Arrangements are about completed for the big farmers institute to be held here on Oct. 31 and November 1 and 2.

The exhibits will include everything in the way of agricultural products and many of our farmers have signified their intention of entering their produce in competition for prizes.

A special corn exhibit will be held in connection with the other exhibits which will undoubtedly, prove interesting and instructive.

Messrs Williams and McDowell, of the agricultural department of the Missouri University will deliver lectures on the modern methods of farming.

A large number of farmers from every section are expected at these meetings.

On another page is a list of the premiums to be awarded.

Communication.

Editor Jackson Herald:—As a rule very little attention is paid to the Constitutional Amendments submitted to the voters before election day.

Amendment No. 3 provides for a road tax of 5c on the one hundred dollars assessed valuation, to be used for road and bridge purposes only. As 70 per cent of the amount collected by this levy would have to be paid by the cities of St. Louis, Kansas City and St. Joseph, we ought to give this amendment our unanimous support.

The cities are willing to help up build roads if we adopt this amendment. It is case of the strong helping the weak. In other words it means that if we will put up 30c we will get a dollar in return. Are we going to vote yes on this proposition?

Every day it is becoming evident that we need more revenue for our public roads, and as the press, the most potent agent in moulding public sentiment, is every ready to fight for better roads, I am going to ask you to explain this amendment to your readers and give it your support, in the columns of your paper this and next week.

Hoping that you will be able to assist in helping to improve the road conditions in this way, and again thanking you for past favors, I remain,

Very truly yours,
D. M. Scivally
