

THE HAYTI HERALD.

VOL. I.

HAYTI, MISSOURI, THURSDAY, JUNE 17, 1909.

NO. 34.

OUR PUBLIC SCHOOL.

At a meeting of the school board last Thursday Miss Alva Barrett of Kennett was elected teacher of room No. 4 for the next year.

Miss Barrett comes highly recommended as a teacher of several years experience. This leaves only one room of the school to be filled, that of first assistant, for which place a man of some experience is desired.

FINANCIAL STATEMENT.

The financial Statement of the Hayti school district for the fiscal year ending June 30, 1909, is as follows: Cash on hand July 1, 1908, all

funds	\$ 901 64
Received during year, teachers fund	3 229 93
Interest and sinking funds	667 38
	5 896 75
Disbursements:	
Paid to teachers	\$2 925 00
Incidental	315 29
Interest	250 00
Balance of teachers fund	304 93
Balance of incidental fund	370 19
Balance sinking and interest fund	1 701 55
	5 896 75

The above shows the money now on hand to be quite a respectable sum, all according to the certified statement of John T. Buckley, secretary of school board.

Mrs. Vic G. Smith of Hot Springs, Ark., was born July 25, 1859, on the old homestead adjoining Hayti, Mo., and died at Hot Springs, Ark., June 5, 1909, leaving a husband and one son, Harry, and two sisters—Mrs. S. V. Gordon of Kansas, Mrs. C. D. Tresener of the Cape. Mrs. Smith was a christian woman and noble wife to an afflicted husband. She leaves a son who is a bright, faithful, industrious young man, worthy the love and hopes of a truly good mother in the truest sense of the word. Harry holds a responsible position in one of the leading business houses of Hot Springs.—Cape Progress.

FIG TREES IN HAYTI.

The fact that there are several thrifty fig trees in Pemiscot county and that they stand the winters remarkably well, is not generally known. But it is a fact, and some of them bear heavy crops of figs every year.

This speaks volumes for our climate and indicates that we might stretch its possibilities.

Fig trees grow readily from cuttings from the limbs, and as the fruit is good for preserving, every home in Hayti should have its own fig tree.

World's Prize Alfalfa.

It is not generally known that Hayti is surrounded by some of the best alfalfa land in the world, and that at the world's fair at St. Louis the prize alfalfa was grown right at our doors, on the farm of James W. Gaither.

At the time this alfalfa was sent to St. Louis to place on exhibition Mr. Gaither did not think anything of the matter, as he had plenty of alfalfa as good as the sample sent, and naturally thought that some alfalfa grown especially for exhibition would take the premium, and when the premium was awarded to him he was as much surprised as any one.

Our cotton and corn land is also of the highest quality, and we have known it to produce as high as 3,500 pounds of cotton to the acre and 100 bushels of corn. We do not know the greatest production of alfalfa and other crops, but properly cultivated our land possesses remarkable productiveness and crop failures are unknown.

Through Judge Sterling H. McCarty, acting for the American Central Life Insurance Co., Mrs. Lala Dyer, wife of John F. Dyer, who died a few weeks ago, has received a check for \$1,000, the amount of her husband's insurance. Mr. Dyer had not been insured quite a year. Mrs. Dyer also takes the estate left by her husband.

Deal with our advertisers.

THE ECLIPSE.

Do not forget the eclipse of the sun this (Thursday) afternoon. The eclipse is scheduled to appear at about 6:20, as a partial eclipse, on the sun's northern limb, cutting off about two digets. It will be visible throughout the United States, except in the extreme southwestern portion, and the sun will set more or less eclipsed east of a line from Brownsville, Texas, through Jefferson City, Mo., to Mackinaw City, Mich.

Notice to Teachers.

The regular June examinations will be held June 25 and 26 at Caruthersville, in public school building, beginning at 8, a. m.

The order of subjects will be the same as on previous examinations.

B. S. STEANS.

Here is the way the Western Advertiser puts a truth: "If you toot your little tooter and then lay aside your horn, there's not a soul in ten short days that will know you were horn. The man gathers pumpkins is the man who plows all day, and the man who keeps it humping is the man who makes it pay. The man who advertises with a short, frequent jerk, is the man who blames the editor because it didn't work. The man who gets the business takes a long and steady pull, and keeps the local paper, from year to year quite full. He plans his advertising in a careful, thoughtful way, and keeps forever at it until he makes it pay. He has faith in all the future, can withstand most any shock, and, like the man of Scripture, has his business on a rock."

LADIES!

J. L. Dorris has a nice line of muslin underwear. What's the use in sewing, this hot weather, when you can buy the ready made garment as cheaply as you can buy the goods?

Hon. C. P. Hawkins of Kennett was in Hayti Monday.

HARD TIMES

If there was ever a time when people ought to save money it is when times are hard and money scarce. Have a talk with AVERILL.

It always did make me feel tired to hear a lot of people crying about hard times and high prices, and at the same time continue in their old way, buying blindly, without even asking the price, or paying \$2 freight on a \$3 order to some mail order house. Of course you have the right to do as you please, but you owe it to yourself to buy to the best advantage and save money, and I know that if you will buy from me you will

Now is generally the season of the year when times are hardest and dollars look like cart wheels, and AVERILL will sell you a whole cart load of goods for a dollar. Try him once.

SAVE MONEY

It would be foolish for me to ask you to my store unless I know that my prices are right, and the reason you do not come is because you do not know. Of course you are perfectly honest in your opinion, and an honest mistake is the greatest mistake in the world and he hardest to overcome. What I want is to convince you. Make out your bill and come and get my prices. If you will do this you'll find some of the leaks that make hard times harder and I may help you to save many dollars. Let's talk it over.

L. C. AVERILL

GUITARS
