

## EXCHANGE NOTES

**Dunklin Democrat:** According to the Malden Merit, Malden will also go after oil. June 14, a mass meeting of citizens was held at the city hall to discuss plans and best methods to proceed. A committee of five, consisting of L. H. VanCleve, H. P. Kinsolving, Adolph Lebermuth, W. J. Davis and M. B. Rayburn were appointed by Judge Downing, chairman of the meeting, to seek desired information, formulate plans for incorporating and report at next meeting. It is estimated that it will take \$10,000 to sink two wells. One gentleman who has had extensive experience in the oil business agrees to take \$2,500 worth of stock, and superintend the boring of the wells, if service is desired. The corporation will be composed of local men and the stock will be distributed locally, thus giving control and management to home men. When there is no doubt of the corporation being perfected, an effort will be made to secure leases on about 25,000 acres of land, thus guarding against the formation of other companies that would profit by the experience and success of the first company.

**Farmington Times:** Mr. T. P. Russell of Cape Girardeau and his brothers Arch and Dupe this week closed a deal for the Tetley-Klein Lumber Company's yards. In the deal 800 acres of land in Pemiscot County is exchanged. Messrs. Arch and Dupe Russell will have charge of the lumber yard. The Russell brothers, whose mother lives here, have many friends in Farmington and the surrounding country, and are known as reliable, hustling business men. The Tetley-Klein Lumber Co. has built up a large and successful business in the lumber line, and we have no doubt that the Russell Bros will hold and extend this trade. The Times wishes them the best success.

**Cape Republican:** Congressman Charles A. Crow of Caruthersville spent the forenoon here with friends. He is preparing to go to Washington Sunday in order to be there during the closing days of the special session. He will also arrange matters so that his secretary can return home the first of July. Mr. Crow is rapidly regaining his health and is looking better than for many months. After the close of congress he expects to take his children for a month's trip to the Seattle exposition.

**Dunklin Democrat:** Sikeston, experienced as it is, is just now having a case of canning factory fever. They are good things, but it usually happens that the promoter is simply out to sell the plant. Yes, he takes stock and, he provides a processor, but no one has ever heard of a canning factory in this section of the world paying a cent profit to its stockholders. This is not a "knock," but simply an observation. Ask New Madrid, Doniphan and Campbell.

August 15th is the date when new laws passed without the emergency clause will go into effect, according to Attorney General Major. There was some doubt as to the correct date, on account of November 1st being named as the date for revision bills, but it is held that this effects only the revision bills, not the session acts. The game law and other new laws, therefore, go into effect August 15th, which it would be well to remember.

**Sikeston Enterprise:** Thursday evening, his honor, the mayor, and one of the aldermen made a tour of the city and gave all male negroes notice to go to work by 7 o'clock Friday morning or else the city provide work for them without pay. The Board has decided to stop their loafing around town.

**Dunklin Democrat:** The Frisco is replacing all rails between Kennett and Hayti with heavier ones, 60-pound rails. The old ones are being delivered to the St. Louis, Kennett and South-eastern railroad, for its road from Kennett to Piggott. The rails are good, but not suited for extra fast travel.

**Dunklin Democrat:** In the Ste. Genevieve circuit court, this week, in the case of Morris vs. Stuttsman, the defendant won in the \$5,000 case and the other was settled. W. S. C. Walker, of Kennett, and C. B. Faris, of Caruthersville, were attorneys for Stuttsman.

Call for a bottle of Tip Top, Lemp's special brew. Caruthersville.

**Kennett Herald:** W. D. Goldsmith was in Hayti, Monday, inspecting and loading steel rails for the K. & S. railroad, here. These rails were purchased from the Frisco a short time ago.

**Argus:** Elmer Stephens of Hayti, was in the city this, Thursday, morning attending to some business matters.

### Narrowmindedness.

He that never changed any of his opinions never corrected any of his mistakes, and he who was never wise enough to find out any mistake in himself will not be charitable enough to excuse what he reckons mistakes in others.—Tupper.

### Not a Masterpiece.

Guyles married. His bachelor friends rallied him. One, less timid than the rest, blurted out: "Tell us all about the bride. Is she a beauty?" Guyles replied: "All I care to say is this—she is one of God's creations, but she is not His masterpiece."
