

THE HAYTI HERALD.

VOL. II.

HAYTI, MISSOURI, THURSDAY, OCTOBER 28, 1909.

NO. 1.

BASKET BALL.

On last Friday the Hayti High School basket ball team played Portageville and overwhelmingly defeated them by the score of 65-2. The Portageville team showed a lack of practice and were not able to either pass or catch the ball, attempting to strike the ball instead of catching it. The Hayti boys passed the ball swiftly and accurately and very seldom fumbled, for the first game of the season. All of the boys played excellently and displayed good team work in advancing the ball to their goal. In the first half John Dorris led in points scored with a total of 14. In the last half Dawson Wells led with 28.

Hon. C. A. Crow, republican congressman from this district, seems sure of the nomination from this district as his party's candidate for the next term. Charley, as every one knows him, has had many misfortunes since his election, losing his wife, and also the sight of one eye, which kept him away from his post of duty much of the past session. We think it is only fair that Charley should be given another chance by his party, and if elected we are sure his efforts will be spent in the way he thinks is right. He is a good man, and we can fellowship with Charley in everything but politics, but while he is in office he is "our'n," too.

In reporting the load of cotton the other day that nearly "halved" itself the figures were not correct, as the per cent. of loss had not been deducted. The yield of lint was about usual.

TO TEST THE SOIL.

H. Krueskoph, graduate of State University at Columbia, is in charge of the work of making a survey of the soils of Pemiscot, Co., Mo. He has a corps of men under him and will take samples from each forty acres of land, which will be sent to the chemists at Columbia and Washington. These samples will be tested as to what plants they will best produce. The information thus obtained will become a part of public records and may be obtained free from the department at Washington.

This work is being done jointly under appropriation by congress and the state legislature and will, when completed, be of vast importance to the farmers who desire to improve their farms and engage in diversified farming.

Robert Silvester Murray, a deserter from the regular army, who deserted from Ft. Riley, Kas., about a year ago, was arrested by City Marshal Lefler Sunday evening. He was "hobooing" and called at Mr. Lefler's home to beg something to eat. Mr. Lefler is accustomed to question such visitors, and the young man confessed. Marshal Lefler left with the prisoner Wednesday at noon and will deliver him at Jefferson Barracks.

Geo. Curtner died at Caruthersville last Friday and was buried at Braggudocio Saturday, under the auspices of the Masonic lodge. Mr. Curtner was a pioneer citizen and has held several county offices. Although his health has been bad for several years, his death came as a surprise to his many friends.

We are sorry to leave out the names of our subscribers this week, but there are so many renewals and new subscribers coming in that we haven't room to publish them. We thank each one, however, and promise our best efforts to give to them the worth of their money.

R. B. West of Caruthersville was in Hayti Sunday.

REV. H. PATTERSON.

By unanimous vote the Hayti Baptist church has again called Rev. H. Patterson of Portageville as its pastor. Rev. Patterson resigned his pastorate here about four years ago, when all the church begged him to stay. This time he can only give half his time to Hayti, but the church feels fortunate and congratulates itself on securing even this much of this good man's services. He preached excellent sermons Sunday and Sunday night, with the old-time ring, to large and appreciative audiences.

Hon. J. J. Russell of Charleston is a new subscriber to the Herald. Hon. Joe will be down this way before many months, and it is likely he will do some good work for nomination. Joe is an old "war horse," and it is only natural that we should love him for what he has done.

Protracted meeting at the Methodist church will go on all this week. Two have been converted and the church revived. The pastor, Rev. T. G. Falin, says the boy preachers are doing fine, and invites every one to come out and hear them.

Andy Hampton of Black Island brought in the largest load of cotton that has come to Hayti, which he sold for \$156.04. Mr. Hampton has bought a farm near Hayti, and we welcome him among us.

A full line of Waltham, Egin, Hamden, Springfield and South Bend watches. We handle no 2nds. Nothing but the best, that has passed inspection at the factory. Chas. Goodrich, Caruthersville. 30

The Jackson Herald boasts of an up-to-date "head-setter." For God's sake, when you get through with him, don't send him this way for a job.

Ice users should get our coupon books. Saves worry and time making change, avoids mistakes, always ready. Terms cash. Money refunded any time. Books carried on wagon, Hayti Storage. 30tf

Hina Schult, Jr., of Caruthersville, was a Hayti visitor Sunday.

\$ \$ \$ \$ \$

DOLLARS COUNT

It takes longer to make money than to spend it. Every man should try as hard to save money as to make it. Saving is to accumulate---saving is the key-stone to independence.

Don't forget this point. Your future depends upon the present. The dollar saved in your daily purchases is a dollar made. To help you save money is my stronghold in business, for if I could not aid you I could not expect your trade.

Come and let's figure it over and let me prove to you that this is true. Isn't this fair?
