

"Will Mr. Crow Please Explain?"

Under the above head, last week, speaking of a certain township in a certain county in this district, which Mr. Crow claims had only 2,000 population and east more than 1,500 votes in the election of 1906, our type made us say "1896." We call attention to this typographical error for the reason that we want our statements to be absolutely correct, and desire to afford Mr. Crow every opportunity to explain, as the people have a right to know what township he meant.

LOCAL AND PERSONAL.

W. A. Meate is a new subscriber. Wm. Dorris of Harrisburg, Ill., is visiting in Hayti.

Ethel Perkins, Edna Merrill, Nettie Gaither and Nellie Morgan, made the Herald a pleasant call last Tuesday.

Yesterday Mrs. Fannie Fisher received a check for \$2,000, insurance of her husband, John Fisher, member of the M. W. A., who died about a month ago.

Mrs. S. E. Juden went to Cape Girardeau Tuesday, as a delegate to the district convention of the Knights and Ladies of Security, which met on Wednesday. Eddie Virg went along of course, to take care of his mother. They will remain several days, visiting relatives and friends.

How about Attorney S. J. Jeffress of Hayti for representative? So far, no one has announced for this important office, and Hayti feels that she should have some share in the political pot. Mr. Jeffress is well qualified to represent this county, and we believe he would be a wise selection.

The snowstorm of last Sunday and Monday was something very uncommon, and seems to have been pretty general. Much damage has been done in some places. In this section however, the damage was slight, as the temperature was not freezing, and vegetation was not frosted.

Hon. A. T. Edmonston, Supervising Statistician of the Bureau of Labor Statistics, was in our city this week and gave the Herald a pleasant call. Mr. Edmonston has been with the Bureau for five years and the highly efficient work which give us a most valuable fund of information is evidence of his value as a Supervisor of Statistics. Mr. Edmonston is a pleasant and courteous gentleman, whom it is ever a pleasure to meet. He is an old newspaper man, having spent 18 years in the profession.

FROM OUR EXCHANGES.

Sharpshooter: The Sharpshooter started the ball rolling that parties having a political axe to grind, wet or dry, must pay the editor for turning the stone, and now half the country editors in the State are taking up the cry, "our space is our stock in trade and if you want to use it pay for it."

The new gold field discovered in Caledonia and Vernon parishes, Louisiana, has caused great excitement. A great vein of 62 per cent pay dirt runs through Southwest Louisiana and Eastern Texas. A government assay is said to verify the opinion that the field is the richest south of Alaska.

There are two factions at Trinity Springs, Ind., in the Christian church. One purchased an organ and the other refused to hear its peals, saying: "God wants to hear no man-made music. He created man after his own image, and of course he wants to hear only the human voice." If the Lord should hear brother Johnsing and sister Browning, one singing in the "a" note, the other down in "d," don't you imagine He would be glad if they had an organ, and could accompany it in the same key? We do. EX.

An editor approached St. Peter at the Golden Gate and handing him a long list of delinquent subscribers: "Look this list over carefully and see if any of these fellows have sneaked through the pearly gates." "No said St. Peter, there are none of them inside, but a fellow slipped through here the other day who took the paper a year without paying for it and had the postmaster mark it 'refused,' but we are after him and when caught he will be consigned to the place where he properly belongs. He is meaner even than the delinquent subscriber, and Heaven is not his home."

In the Methodist church at Portageville last Sunday night, as the congregation were assembling for worship and just before services began, James C. Young was shot to death by his cousin, Welton Rieburg. So far as we can learn, the trouble was caused by Rieburg's interference in the courtship between Young and Miss Cinda Swilley, and that Young had threatened Rieburg. Rieburg was immediately arrested.
