THAT MOB.

Relative to the mob formed at Caruthersville on Tuesday night of last week to lynch the negro who was confined in the Kennett jail for safe keeping, charged with cutting the two white men, Lee Flemming and Albert Dugger the previous night, the Caruthersville Democrat copies the following from the Kennett Democrat:

"Some, at Caruthersville, even say that the mob was formed at Hayti, and not at Caruthersville."
As no explanation is offered by either paper, we trust it shall not be considered out of place for us to say that the crowd was formed at Caruthersville and the train run from that place. However, had the same conditions existed in Hayti we have no doubt but what some of our citizens would have been aroused to such an extent as to have caused them to do what was done. It is well known that the negro was at first confined in the Hayti city jail, and that he was removed from this jail to the depot to be taken to Kennett in day light without the least demonstration on the part of the citizens of our city.

From the way concrete walks are going in over town, it will not be long until Hayti will be up with and ahead of her sister cities. We are glad to see this work going on and hope that it will continue. The city has given many orders to build walks, and it seems that most people intend to comply with the order. Of course some may object at first—that is always the case—but when they see their neighbors going right ahead complying with the law, they will become ashamed of themselves and put their walks in. When it comes to sidewalk, concrete is almost a necessity, as it is safe and permanent, and in the end is cheapest. One thing, now, the city council should do, and that is to pass an ordinance to prohibit any one living within the city limits from turning horses and mules upon the streets. If this is done, very few country stock will bother us.

What a man says in anger, or in the heat of passion, or even in fretfulness, is generally his honest opinion and just exactly what he thinks of you, and it only requires the opportunity for it to come out. He may apologise for it and offer to make amends, but that does not change what he has said, and words once spoken can never be called back. Good breeding and education goes far toward making a man a gentleman even under the most trying circumstances, and if he is truly a gentleman he will carefully guard his tongue, even though greatly provoked.

The Senath Leader is a new paper published at Senath, having been moved from Clarkton to that place. The Leader is a nice little paper, well printed and seeming to be fully capable of giving the people of Senath a paper that will be a credit to the town. Senath has been unfortunate in having a great many newspaper failures and of course many people there are discouraged, but that should not be. Senath is a good town, and all it needs to have a good paper there is for the right man to get hold of it and stick to it.

If the shoe don't fit, do not try to put it on.
Now is the time to build that new cement sidewalk. The Welsh Lumber Co. unloaded a car of Continental Portland Cement last week. 441

And instead of coming to the editor, he comes to the printer for an explanation of an item he takes to himself, although no name was called. The editor of this paper, is responsible for what goes in it, and he is supposed to explain. Any one desiring any explanation as to anything that is printed in this paper will please confer the favor of consulting the editor.

Cannelton (Ind.) Enquirer:
We take the pledge right now to never again say a word against the hair rats and puffs the girls wear. Actually, we don't believe we ever saw a homelier set than that bunch that turned out at 1:30 Monday morning at the fire in negligence without their rats and puffs. Wear 'em, girls; you don't have any idea, unless you look in the glass before you start to a fire, how these appendages help you slip one over on the boys. You can't imagine how rats and puffs help pull the wool down over the eyes of—the boys.

In those days there came a man out of the land of Pieville who was accused of murder, and the "Ripsaw" raised a great commotion because he was not thrown in jail. But now, in these days, the lion has lain down with the lamb, and there is spooning between the son of the man of Pieville and the "Ripsaw."

The Hayti City Marshal needs a few more to "cuss" him. That is the way to have a good officer. If a few of those people who know so much would assist the marshal in enforcing the law, instead of rearing back on their hind legs and abusing him, he might be enabled to find some of those things some of he people know so much about.

Josh Billings once said: "When a man cums ter me fer advis, i find out the kind ov advis he wants, and then i giv it tew him—this satisfy's him that he and i are 2 of the smartest men living." And none will dispute that Josh Billings had human nature sized up about as she is.

We are in receipt of a complimentary ticket to the Kennett fair, October 11, 12, 13 and 14. These fairs used to be good, and we are promised that this year will be even better. Dunklin is a large, rich county, well able to have one of the best fairs in the state.

Phil Hafner, the editor of the "Kicker" at Benton, Scott county, has been sued by John McWilliams, prosecuting attorney of that county, for \$8,000 actual and \$4,000 punitive damages, for certain defamatory statements made by the Kicker against the official conduct of McWilliams.

Yes, there are other newspapers which have a few subscribers, and they are fast learning which paper to look for the unbiased truth.

Every man, woman or child who takes the Hayti Herald pays \$1.00 for it, in advance.

Beware of Ointments for Catarrh That Contain Mercury
as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.
Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

Better pay \$50 than \$100, especially when the job is only worth \$14.

New Poll Tax Law.

A new poll tax law passed by the legislature last winter goes into effect after the collection of this year's taxes. Under it all poll tax will be payable in cash and the work on the roads will hereafter be paid in cash and be let out by contracts. Under the new law the road overseer will make out during February and deliver to the county clerk by March 1, a list of all the able bodied men of the district in which he resides, between the ages of 21 and 50 years; also a list of all other citizens over the age of 21 years. These lists will be certified back to the road overseer who will proceed to collect in cash the sum of not less than \$2 from each of the first list (able bodied men between the ages of 21 and 50 years) and 50 cent from those on the second list, which we understand to mean those under 50 years who are not able bodied, and those over that age. In case the poll tax is not paid by July it will be placed in the hands of the constable of the township, who will proceed to bring suit for collection.—Ironton Register.

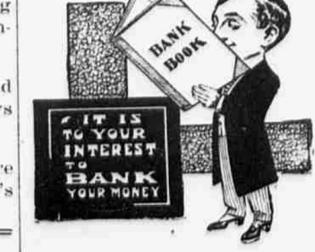

Not A Bake Shop.

Some people are always wanting a "roast" out in the paper. He takes this as a shield to keep from getting his head broke. How about the newspaper man's head? How about the enemies he makes? Some people think the sole province of a newspaper is to pull their chestnuts out of the fire. Every time some fellow has a little trouble he comes to the newspaper for a "roast." If he fails to get connection he wants the telephone company roasted, it's the same with the railroads, street cars, and various other things. Some men want us to "roast" the preacher. When a man whips his wife, the neighbors, instead of having him arrested, come around for the newspapers to "roast" him. People shouldn't expect newspaper men to do what they themselves are afraid to do.—Republican Era.

STOP THAT DANDRUFF

Before it kills your hair. You know dandruff is a germ disease and it leads slowly and surely to baldness and there is only one way to cure dandruff and that is to kill the germ that causes the trouble.
Greasy salves will never do this. ZEMO and ZEMO SOAP kills the germ and are guaranteed to cure dandruff, itching scalp and all other germ diseases of the skin and scalp.
ZEMO and ZEMO SOAP are the true scientific remedies for these afflictions. To show our faith in ZEMO and ZEMO SOAP we have instructed the druggist selling them to refund your money if you are not satisfied with the results from the very first bottle and the first cake of soap.
We can afford to make this offer because one bottle of ZEMO and one cake of soap are sufficient to show their healing qualities and if used according to directions, they will effect a permanent cure.
Sold by druggists everywhere and in Hayti by LEFLER'S Drug Store.
