Do not let your coal pile run low, and do not wait too long to buy. Remember, at this time of the year there is usually an advance in the price of coal, and if you will need more to run you through the winter, it will pay you to buy it now. Take a look and see, and phone or send your orders to The Hayti Storage, Chas. Morgan, Mgr. 6-1f.

The check for \$500 insurance on the life of W. T. McClanahan, who died a few days ago, was received Sunday morning by Alcee Jackson, clerk of the W. O. W. This will be a great help to the family and in point of the promptness of payment speaks a great deal for the order.

The extremely cold and bad weather of the past few days has made it almost impossible to gather news—in fact, has almost done away with news, as this issue of the Herald will demonstrate. The people could be of considerable help to us, however, if they would only think to tell us the many little things they know.

The old fashioned winter weather of the past few days should serve as a good reminder to careless people that it is always well to be prepared for the worst. Too many people live entirely in the present and the emergencies of life find them entirely unprepared. So far as we know, but little if any suffering has occurred in this county, but in the larger cities the suffering from cold, hunger, etc., has been great.

Among the citizens of Hayti who attended court at Caruthersville last week, as witnesses in the Hayti city hall case, were: Elmer Stephens, J. L. Dorris, A. J. Dorris, G. W. Dorris, L. L. Laffer, Guy Sanders, F. M. Perkins, Dr. J. G. Crider, Virge P. Adams, F. M. Gwin, Henry Hayes, Otis Popham, A. D. Popham, Sebastian Popham, R. L. Popham, J. M. Argo, D. D. Herbert, Geo. B. Webb, Ed Gotcher, I. Kohn, Tim Dorris, Tom Bissett, Moreau Gaskins, L. C. Averill, Dr. J. W. Johnson, H. M. Ransburgh, Mrs. Artie Hayes. There were about 40 witnesses subpoenaed, but only a small part of them used, as the testimony were about all along.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by P. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, The. Take Hall's Family Pills for constipation.

the same line, that Dr. Granville M. Hayes intended and represented that the square was to remain public forever. Judge Walker took the case under advisement, and briefs and arguments will be offered at Kennett some time in February. The case looks good for Hayti, and it is predicted on every side that Hayti will win.

News has been very scarce the past week, and the people being so backward about telling us the news, we wait every one to read over this issue of the paper carefully and call to mind the number of nice little items you could have told us. It is simply impossible to get the news unless the people assist by telling the paper what they know.

Hon. Louis Houck of Cape Girardeau was one of Hayti's witnesses before Judge Walker's court at Caruthersville, in the public square case, last week, and he was one of the most important and convincing witnesses before that court. Mr. Houck has a great mind, and the old days, when Hayti was first started by himself and Dr. Granville M. Hayes, was still fresh in his memory.

Wm. Knight is expecting a shipment from the state fish and game department of six China ring neck pheasants, which are due him, L. C. Averill and Jas. Hicks on their last year's hunting license which they forwarded to the department. These pheasants are a beautiful bird and multiply fast, and they will be put out to the very best advantage. This calls to mind the fact that very few people take advantage of this offer from the department to send in their expired license and receive in return for same either a pair of Hungarian quail or China ring neck pheasants. The best way to do this is for several to club together, send their old license together, and get the birds in one shipment. If this was looked after as it should be, our county would soon be stocked with game birds. Other counties are doing this, and we had just as well have our part.
