

Dan Rice, Again.

"Josh Wise says: 'Charles Meyers of New York, has laid a wager that he can travel around the world without smiling'. We're in on that. Bet him all he likes he can't visit Hayti and read Bill York's 'slogan' carried over the date line of the Herald without bursting four vest buttons." —Caruthersville Democrat.

And again the acrobatic propensities of Bill Lacey is manifesting itself and he is pulling off his periodical stunts—it's his change in the moon, and his signs in the zodiac are right. If we had skinned the cat and turned back-somersaults to the amusement of a fun-loving public as often as has our friend Bill Lacey, we, too, might fail to look upon the serious side of passing events. But the boat has left you, Bill, and you remain upon the little island of your own creation.

The "slogan" under the date line of the Herald that gives Bill his frozen laugh is: "The Only Recognized Straight Democratic Newspaper in Pemiscot County." If Myers of New York is guilty of cutting the same kind of political didoes and high-jink monkey shines as Bill Lacey, and of meeting with the same results, we guarantee that if he laughs at all the grin will be on the back of his head or his lower posteriority. To any straight democrat whose conscience is not so stricken by sulking in the ranks, kicking over the traces and knifing his party, the "slogan" may afford a pleasant smile of gratification, but there is no laugh in it for men like Lacey, with the results of the recent campaign staring them in the face. We are pleased that our "slogan" has so early been called into notice, for while the matter is fresh in the minds of the people they will, perhaps, appreciate more fully its merits. Most every one knows that the Herald was the only paper in Pemiscot county that supported the straight democratic ticket, which, we think, to say the least, very justly earns for our paper the slogan we have adopted. But under the circumstances there is no laugh in it for Mr. William Lacey—not even a grin.

ELECTRIC LIGHTS.

Since our mention last week of running the electric power from Caruthersville to this city, we have heard much discussion, pro and con, but to save our life, if the deal is properly made and the franchise properly drawn, we cannot see the least undesirable thing in the way, but a great many things in its favor.

Electric power is generated at the Niagara to light and furnish power for many cities.

In California, the electric power is generated far up in the mountains, in the great canyons, to light the cities in the valleys, to operate electric car lines and to furnish power.

The reason this is done is because it can be done better and cheaper than any individual city can do it. It is on the same system as a railroad, telegraph or telephone system, which would be a very poor service and very expensive if conducted individually.

Again, it will not be many years before all of this country is in the hands of an immense electric company and every city will be connected by electric lines and trolley cars. In making this step, we are only taking a step in that direction.

Surely the people of Caruthersville could not be induced to run their lines over to Hayti if they did not see and realize the importance and the future of Hayti, and our interest being identical, they are willing to join with us for two united towns, which that little copper wire would go a long ways to bring about.

Caruthersville and Hayti are no longer at war, but as sister cities each feels the need of the other. Both cities are too large, too important and have too much at stake to tolerate for a moment anything that would keep alive dissension and strife; in fact, the day is in the future when Caruthersville and Hayti will be one city, the largest between St. Louis and Memphis. We have

the finest location on earth and an ideal territory, when all our swamp lands are reclaimed, to build a great city, and railroads will come to our doors from every direction.

LOCAL AND PERSONAL.

We just want you to keep an eye on our subscription list to see how the Hayti Herald is growing. Of course many would never know it, unless we tooted our own horn, now and then.

Mrs. Perry Vaughn, who has been seriously ill for several days, is reported much better and will be up in a few days.

So many of our lawyers and citizens are attending court at Caruthersville this week that we cannot mention them all.

Chas. Hall and Oscar Chainey of Caruthersville were in Hayti Tuesday, on their way home from Texas, where they have been with a string of race horses.

Rev. and Mrs. C. L. Dorris of Lilbourn visited Rev. and Mrs. J. B. Lyle of this city last Saturday. Rev. Dorris is pastor of the Methodist churches at Lilbourn and Marston.

Pete Meatte was in Portageville Wednesday. He informs us that City Marshal Ira Brock, who killed Sid Ellis, has returned from the hospital, but he will never be able to walk again, being paralyzed from the hips down. This is one more illustration where the law is inadequate to protect a good citizen who is trying to uphold the dignity of the law, losing all the usefulness of his after life on account of some worthless character. If there ever was a case where a pension was deserved, it is in a case like this.

Hunting Season Now Open.

The fall hunting season is now open in Missouri. It is lawful now to kill ducks, geese, plover, brant, jacksnipes and ducks for home use, but the season for other varieties of game does not open until a little later. The law on open season as follows: "Periods certain birds may be killed—penalty:—No person shall take, capture or kill, by any means whatever, any game bird except the following named birds between the following dates: Wild turkey, November 1st to December 31st; quail, bob white, partridge, from November 1st to December 31st; ducks, geese and brant, September 15th to May 1st; deer, November 1st to January 1st; doves, September 1st to January 1st; plover, September 1st to January 1st; Squirrel, July 1st to December 1st; Snipe, September 15th to May 1st. The right to take or kill deer or birds during the open season is limited to one deer, two turkeys, and twenty-five birds of any one family for each person in one calendar day, and no person shall take, kill or have in possession at

any one time more than two deer, four turkeys and fifty birds of any one family. Any one who shall violate any of the provisions of this section, shall upon the conviction thereof, be punished by a fine not less than \$25, and not more \$50, for each offense, and an additional fine of \$5 for each bird injured, killed or possessed."

Lawyer Von Mayes attended to legal business at Caruthersville Thursday.

We had the pleasure of visiting and going through the handsome new residence of I. Kohn Thursday, which is now about completed, and we must pronounce it one of the best modern buildings in town. Mr. Kohn is proud of his home, and is now planting trees and shrubbery.

It was a pleasure for us to meet Judge Hina Schult of Caruthersville, while he was in this city Thursday. Judge Schult is one of our pioneer leading citizens, and he is also one of the Hayti friends who may be instrumental in giving us a greater and better Hayti.

WINTER GOODS

Comforts and Blankets.

"Now is the winter of my discontent," say some people, because they do not know just where to get those good, warm comforts and blankets like Spencer & Stubbs have to sell, and they sell 'em so cheap that you will wake up in the night and feel that you stole them. All kinds of blankets, wool and cotton. Better see 'em.

Dry Goods, Clothing.

Ours is not the biggest stock of dry goods and clothing in town, but we have about the best, newest and most up-to-date, and of course it is not necessary to tell you about our prices. Do not fail to see our line of pants, hats, caps, ladies' and gent's underwear, canton and outing flannels, dress goods; domestics, etc.

UNDERWEAR

COMFORTS

Star Brand Shoes.

Our line of Roberts, Johnson & Rand shoes is the pride of the town. You are always talking about wanting something good for the money, then buy a pair of Star Brand shoes and see if you will ever wear any other kind. Do not take our word for it, but buy the shoes and test them. You will be convinced and will never buy any other kind.

SHOES

BLANKETS

Groceries, Hardware.

Everybody eats, and nearly everybody uses hardware. Then the next question is where to buy these articles. You do not have to take our word for anything. We believe that if the people can only see and test an article, they will know, and of course the price cuts some figure. Our store has formed the happy medium of price and quality.
