AGREES TO PEACE PARLEY

CARRANZA WILL NEGOTIATE WITH CARBAJAL.

U. S. Will Recognize Only a Peacefully Formed Administration, Says President Wilson.

Monterey, Mexico.—Fighting by constitutionalists is over in Mexico if plans announced here by Venustiano Carranza go into effect.

Gen. Carranza declared his main object now would be to conduct negotiations for the constitutionalists to enter the City of Mexico and establish their government without further bloodshed or damage to property.

Gen. Carranza was unable to say whether these negotiations would be conducted through the A B C mediators or direct with the federals. Unconditional surrender, however, will be the only condition on which these negotiations will be successful.

Washington.—The United States instructed John R. Silliman, American consul at Saitillo, to inform Gen. Carranza that if he arrives at a peaceful agreement with the Carbajal government for the transfer of power at Mexico City recognition will be extended to the resultant administration.

Should Carranza refuse to complete the settlement of the internal conflict by diplomatic means and insist on a forcible entry into Mexico City, recognition will be deferred until there is a legal election. American forces, according to present plans, will not be withdrawn from Vera Cruz until a government is recognized.

LEY DE FUGA CHARGE FALSE

Vera Cruz Court Inquiry Says Reporter's Story Involving American Marines is Baseless.

Washington, D. C.—Rear Admiral Badger reported that sensational news dispatches sent from Vera Cruz by Fred L. Boalt, an American newspaper correspondent, charging that "the law of flight" had been applied to Mexican prisoners by an American naval officer, had been found without foundation by a court of inquiry. Secretary Daniels directed the investigation, while Secretary Garrison's order for the cancellation of Boalt's correspondence credentials and his deportation was held in abeyance.

The findings exonerate Ensign William A. Richardson of the battleship Arkansas, who was named by Boalt as authority for his stories.

CROP MOVE RECORD BROKEN

Wheat Belt Roads Handle Yield Better Than Ever—Roads Have No Congestion.

Ablene, Kan.—The railroads of the wheat belt are handling the immense crop far better than in any previous season. By placing on every available sidetrack all the empty cars possible they have the cars well distributed in the counties where there is the largest yield.

Threshing has commenced and wheat is being sold directly from the machines, but rainy weather has made progress slow, so that while 1,000,000 bushels of wheat went into Kansas City one day this week, breaking all records, the roads have no congestion.

EDITORS' DUEL CALLED OFF

Seconds Decide There Was No Adequate Reason Why Frenchman Should Challenge German.

Paris, France.—The seconds appointed by Paul de Cassagnac of the Authorite and Carl Lahm of the Lelpic Tageblatt decided there was no adequate reason for a duel to which the Frenchman had challenged the German.

The cause of the quarrel was the publication in Germany of some remarks approving the imprisonment of an Alsatian cartoonist, upon which Lahm was told by Cassagnac to leave France in 48 hours.

SLEUTHS TAKEN FOR MOB

DETECTIVES SHOOT EACH OTHER IN STREET BATTLE.

One Officer Killed and Three Wounded in Fight When They Meet After a Levee Raid.

Chicago, Ill.—A gun fight between two parties of plain clothes police, said to be due to a misunderstanding, resulted in the death of Stanley Birns, a detective sergeant; the serious wounding of Detective Sergeant John Shoop, Joseph Morrel and Fred Mart, detectives, and James Carroll. The latter is not a policeman.

A squad of detectives under Maj. M. S. Funkhouser, known as the vice squad, had raided several resorts in the old levee district and were followed by a jeering mob who resented their intrusion in the district. Detective sergeants from police headquarters were walking west on Twenty-second street, when they encountered the mob. They did not recognize the Funkhouser detectives.

"Halt!" cried one of the Central men. The Funkhouser men continued to advance, and as the Central detectives drew their weapons, believing they were hemmed in by two mobs, the morals squad also drew their revolvers and began shooting.

More than 25 shots were fired. Four detectives from the Central office were lying on the sidewalk when the firing ceased, and Carroll was in the street shot through the body.

Ever since the enforcement of the law against immorality was taken from the regular police there has been ill feeling between them and the vice squad.

TO ARBITRATE DIFFERENCES

Federal Board Will Meet in Chicago Monday—Would Prevent Strike of 55,000 Enginemen.

Chicago, Ill.—Engineers and firemen on all railroads west of Chicago who threatened to strike have agreed to arbitrate their differences.

Chicago, Ill.—Federal mediation of the wage differences between 55,000 engineers and firemen and the management of 98 western railroads was asked by the railroad managers' conference committee. Formal notification of the appeal to the federal board of mediation and conciliation was given to the heads of the engineers and firemen's unions in a letter from the managers' committee.

7 BURIED IN QUICKSAND

BODIES MAY NOT BE RECOVERED FOR MONTHS.

Cave-In Fills Every Crevice in Mine as Thirty Workers Rush to the Mouth of the Tunnel.

Iron River, Mich.—Seven miners were killed in the Balkan mine at the Alpha location near here when sliding sand caused a cave-in. Crews of miners are digging for the bodies.

The miners were drilling into a roof. The drill hit quicksand, and with a shout the men, about 30 in number, began a rush for the mouth of the tunnel.

Seven of the miners were overtaken and killed in the quicksand, which filled every crevice in the mine, and the seven cannot be taken out for weeks or even months.

The rest of the men ran for their lives, pursued by the sand. Two were caught while trying to reach a ladder. One of these was compelled to shed his clothing.

He struggled naked from the mine. The other man lost his boots, which became entangled, and which he kicked off.

RECORD JULY CATTLE PRICES

Kansas City Packers Predicting 14-Cent Beef—Last Summer's Drought Blamed.

Kansas City, Mo.—Thus far this year 150,000 fewer cattle have been marketed in Kansas City than in the same period in 1913, the receipts being the smallest of any similar period in 20 years. The decrease is attributed to the drought in the southwest last summer.

July cattle prices are the highest ever known for this month. The demand now, cattle men and meat packers say, must be supplied mostly from grass-fed cattle. Another crop of prime, corn-fed beefs cannot be made, they say, until the corn crop of 1914 is available, probably not sooner than the middle of November.

If August prices for corn-fed steers are as much higher than the July level as they were in 1912, next month will see prime beefs bringing \$11 a hundred pounds in Kansas City.
