A Frisco Meeting.
A meeting of the Safety First and Freight Claims Preventive Committees will be held Friday night, May 12, at the Odd Fellows Hall, for the purpose of talking over plans and thereby devise means of reducing freight claims and reducing loss of life.

In the Shadow.
J. D., the little son of Mr. and Mrs. Chas. Spencer, died at the family home in this city Tuesday, May 9th, being 10 months and nine days old.

Oh; it's hard to give him up,
But God doth all things well;
How much it grieves our hearts,
No mortal tongue can tell.

A precious one from us has gone,
A voice we loved is stilled,
A place is vacant in our home,
Which never can be filled.

Budded on earth only to blossom in
Heaven. MOTHER.

The little fellow was buried at Dry Bayou cemetery, from the Undertaking Shop of G. W. Dorris.

Monday, May 8, was a record day in the history of Pemiscot county's jail prisoners, there being only three prisoners incarcerated on that day. And these were placed therein since the term of the last Circuit Court.

J. D. Spencer and wife and Steve Spencer of Paragould, Ark., came up Monday at noon and attended the funeral of Mr. Spencer's namesake, little J. D., son of Mr. and Mrs. Chas. Spencer. They returned home Thursday morning.

CALOMEL WHEN BILIOUS? NO! STOP! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tone" is Harmless To Clean Your Sluggish Liver and Bowels.
Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.
Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful and if it doesn't straighten you right up, and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.
I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't grip and they like its pleasant taste.

For Representative.
In this issue of the Hayti Herald will be found the announcement of Joe Foust for Representative in the General Assembly of Missouri from Pemiscot county, subject to the action of the Democratic voters at the primary, Tuesday, August 1. R. E. Foust, or "Joe," as he is familiarly known by his friends, and in fact in his community, or Concord, is a native Pemiscotian, having been born and reared on the farm he now occupies, and owns a very extensive tract of land there and cultivates about 400 acres.

Owing to the amount of land he has in cultivation this year he will not be in a position where he can get around and call upon all the voters, but asks that every Democrat carefully consider his claims.

"Joe's" education was acquired in the district school, supplemented by attending the Normal at Cape Girardeau. He is a staunch Democrat of the un-terrified and militant type, who has always voted the ticket as it came from the printing press, thus laying all responsibilities for mistakes on the printer.

Mr. Foust is 53 years old, and is neither too old nor too young to attend to the duties of representative, and should he be elected, Pemiscot county may rest assured he will do all within his power and ability to safeguard her interests. He is a progressive farmer, and always has been a close observer of current events and a student of public questions.

Really, we know of no greater tribute to be paid to a man than saying, he is a good man, good citizen, good neighbor, and a good Democrat.

Hugh Harbert of the Hayti High School attended the track meet at Cape Girardeau this year and in the races came out third, the first and second places being taken by Webster Groves of St. Louis county. Prof. Sharrock of Caruthersville and Bailey Brooks of this city acted as coaches in this track work.

Judge B. F. Pikey of Conran send us a dollar for the Herald another year, and along with the dollar comes a letter that we appreciate.

A fine boy arrived to make his home with Mr. and Mrs. Geo. A. Klinkhardt last Friday. Dr. W. A. Swearingen attending.

Miss Naomi Hall of this city was the guest of Miss Nelle Morgan at Kennett Sunday of last week.

GIVE VOLUNTARY RAISE IN WAGES

Santa Fe Railroad Company Recognizes Its Duty to Its Employees.

INCREASE IS 10 PER CENT
Practically All Workers for the Corporation Affected by the Advance—Union Men Urged to Wear Dress Suits at Their Social Affairs.

There was a pleasant surprise for Santa Fe employees when they drew their monthly pay last month. They found the company had raised their wages about 10 per cent voluntarily and without saying anything about it in advance. The increase affects all the machinists in the employ of the Santa Fe in all shops and also the station men. The machinists' wages have been advanced 1 1/2 and 2 cents an hour. The men on this road work on the bonus system, which allows them to make almost any amount they desire. Regardless of the time they put in, however, they will receive 1 1/2 to 2 cents an hour more than they have in the past. The station men are advanced an average of 10 per cent, the increase being based on the terms of service. Every section foreman on this system had his wages advanced an average of 10 per cent March 1. That increase also was unheralded. A rule of the Santa Fe requires an employee to return to the company any amount of money he receives over his salary, the idea being to guard against mistakes in the paymaster's office.

A movement to have union workers appear at their social affairs in dress suits has been started by the molders' organization at Worcester, Mass. In connection with plans for its annual concert, to be held this week, the union has sent out word that male attendants should wear formal evening clothes. Officers of the union said that the idea found such ready acceptance that they had taken steps to extend it to other unions, with a plan in mind to have it made the subject of official action. "There is no reason why the laborer should not appear at his after-dinner affairs properly garbed. It would remove one of the artificial lines that now separate the classes, and, believe me, some of our workmen would look fine," said Richard J. Thornton, business agent of the union.

An official decree was issued at Berlin to the effect that minors engaged in gainful occupations shall not receive more than eighteen marks weekly of their earnings, together with a surplus amounting to not more than one-third of the amount paid in excess of eighteen marks. The residue must be deposited in a savings bank, not to be withdrawn during the war. This measure was decided upon owing to the fact that exceptionally high salaries are being paid, and that in some instances the money has been wasted because the fathers or guardians of the minors, being at the front, are unable to exercise proper supervision.

Five girls who refused to quit their work in a strike at Warner Brothers' corset factory, Bridgeport, Conn., were discharged by officials of the concern when the differences were settled. Since the strike trouble last summer the company and their union girls have lived up to the terms of their agreements. An unusual feature of the case was that the girls who refused to go out on strike were members of the union. The other girls of the department refused to work with them, and the company at first offered to transfer them to other departments, but there also the employees would not work with them, and so they were discharged.

A report reached Chicago that 200 employees of the Chicago Pneumatic Tool company, the Colburn Machine Tool company and the Producers' Supply company at Franklin, Pa., had gone out on strike. Local officials of the Chicago concern said that there has been no trouble at their plant in Chicago Heights, where about a hundred men are working nine hours a day. The strikers ask the reinstatement of several discharged men, an eight-hour day and better shop conditions. The plants employ a total of 700 men.

Regulation for boyblacks' working hours was favorably recommended to the Minneapolis city council by the committee on ordinances and legislation. The ordinance was introduced at the request of the state labor bureau to shorten working hours of young foreigners employed in shirting establishments and give them more opportunity to attend night school.

The city commissioners of Cheyenne, Wyo., have passed a Sunday-closing ordinance. The Retail Clerks' union and other trade union organizations were strong supporters of the measure.
Domestic mills and factories used 540,711 bales of cotton last month, 16 per cent more than a year ago and 18 per cent more than two years ago, the census bureau has announced.
Farmers have dropped to second place as employers of labor. In 1914 the railroads of this country paid out for labor more than twice as much as was paid by the farmers.

Notice of Letting Contract for the Completion of Laterals in Drainage District Number Eight, in Pemiscot County, Missouri.

Notice is hereby given that sealed bids and proposals for the construction of laterals 4, 6, 8, 9, 10, 11, 12, 13, 16, 17, 18, 19, 20, 27, 28, 29, in drainage district No. 8, of Pemiscot county, Missouri, will be received by the clerk of the county court of Pemiscot county, Missouri, until one o'clock Wednesday, the 7th day of June, 1916, at which time all sealed bids and proposals submitted will be opened and examined, and the contract for said construction and completion let by B. O. Bennett, the civil engineer of and for said drainage district No. 8, and heretofore appointed to act in this behalf, to the lowest and most responsible bidder on said work and construction, said engineer reserving the right to reject any and all bids and proposals submitted, said bids to be accompanied by a certified check for \$500.00 (Five Hundred Dollars.)

The opening of said bids and proposals and sale of construction and completion of said laterals in said drainage district No. 8, will be at the time aforesaid, held in the office of the county clerk at the court house in the city of Caruthersville, Pemiscot county, Missouri.

The said work consists of the following, to-wit: Uncompleted work on laterals No. 4, 6, 8, 11, 12, 17, 18 and 20, containing an aggregate number of 103,739 cubic yards; and all of laterals No. 9, 10, 13, 16, 19, 27, 28 and 29, containing an aggregate number of 378,348 cubic yards; total cubic yards to be let is 482,087; these laterals are from 8 to 14 feet bottom width, with side slopes of 1 to 1.

All of said work to be completed on or before the first day of June, 1917, and payment to be made therefor when the same is completed, according to contract, and the work accepted and received by the engineer of said district, whose acceptance or rejection of said work shall be final and binding upon all contracting parties receiving said work.

The bidder or bidders receiving any or all of said above described work shall be required to give a good and sufficient bond of Twenty-five Thousand Dollars (\$25,000.00), which bond shall be approved by the aforesaid engineer, and shall be conditioned for the completion of the work within the time and within the manner prescribed, in accordance with the contract made by said bidder or bidders and the engineer of and for said drainage district No. 8.

MARGARET TINSLEY,
Clerk of the County Court of Pemiscot County, Missouri,
Caruthersville, Mo., May 10, 1916.

"DIRT ROADS" AND RAINFALL
Easy to Be Seen That Good Roads Proposition Gets Down to Question of Dollars and Cents.

Back in the boom days of railroad building many a county in full many a middle West and western state voted hundreds of thousands of dollars' worth of bonds to get a railroad to cross its boundaries. This was in the old days of pioneer poverty when lands were selling anywhere from \$1.25 to \$15 an acre. Some counties are still paying off railroad bonds, some repudiated the debt and others have had half a century of litigation over them. However, for the most part the roads were built and agricultural development followed their coming.

Something like three-fourths of all the freight hauled by railway lines must, first or last, pass over public highways. It has been shown over and over again that every ton so moved costs 23 cents a mile. It is easy to see that the good roads proposition gets down to a matter of dollars and cents.

Next March, or maybe April, when we have to walk to town across the fields; when it takes a six-horse team to move a load of hay a mile; when the mail carrier cannot get around for a week and the children miss school on account of the mud—then we are all for good roads. As the mud dries and the chuck-holes fill, we get lukewarm. When the road-bond proposition comes up we begin to talk high taxes and either stay away from the polls or vote against it.
Good roads will never come till we change our views and keep them changed. Left to themselves a dirt road and a rain will always mean mud.—Farm Progress.

Economic Maintenance.
The split-log drag has contributed to a large extent toward the economic maintenance of public highways. It is an improvement which can be built or purchased at a low price and is easily operated by anyone who can drive a team.

Good Roads Would Help.
It costs \$2 to haul a ton of freight a hundred miles by rail. It costs \$2 to haul a ton ten miles on the ordinary country road. Would good roads help?

DID YOU KNOW THAT—
A cat will not rear a pussy willow?
It's no use crying over the Milky Way?
Nobody knows whether the twinkle of a star is a humorous twinkle or not?
A mouse does not know how to build a skyscraper and doesn't need to, because it builds its house the opposite way?

Methodist Meeting.
Rev. H. A. Shoemaker of Morehouse will be here Sunday night, May 14th, to conduct a series of revival meeting under the tent located on the corner opposite the lumber company.
The tent will not be moved until Monday, but services will be held where it stands on Sunday night.
Rev. Shoemaker is an interesting young speaker of much ability, and it will do you good to attend the meeting.
All Christians are invited to help us bring about some good results. Our town needs the result of some good revival effort.
K. V. PROPST, Pastor.

FROM NEW NOVELS
"You can never lay down rules on love."—"The Individual," by Muriel Hine.
"If a man is in love, it is up to the woman to keep him there."—"The Kaleidoscope," by Hon. Mrs. Dowdall.

"Tell the fool that he's witty, and he'll be ready to clean your boots."—"Blind Understanding," by Maud Annesley.

"If a woman has a lot of men around her, she will probably fool the lot. If she has only one man, he will probably fool her."

"Isn't it funny how the nicest men often choose the worst wives, and the nicest women the worst husbands? Their very niceness, I suppose, makes them blind and unsuspecting."

It is usually considered a pleasant sensation to be engaged, but, oh, it is nothing compared with the wonderful untrammeled, joyous, free sensation of being unengaged.—"Dear Enemy," by Jean Webster.
Mrs. Wm. Gibson this week purchased from Fred Morgan and M. J. Conran, the lot next to the John A. Faris Milling Company property.

No. 8 Items.
The school intertainment at Cooter was well attended by the people of this community.
A protracted meeting started at Oak Ridge last Sunday in charge of Rev. J. L. Woolverton and J. S. Newsom. Everybody invited.
Mrs. Lyla Parham, who was on the sick list for the past week, is able to be up.
R. L. Woolverton of Willow Pole Crossing was visiting on No. 8 last Saturday and Sunday.
The No. 8 school is going to give an intertainment May 19th.
Several farmers of this vicinity are raising sunflowers this year.
Crops are looking fine in this community.
Misses Ludie Wilson, Floyd Wilson and Geraldine Criddles and Messrs Mike Wilford, Guy Wilson, Cecil Jenkins and Edward Criddles, all of Holland, attended church at Oak Ridge Sunday.

ARE YOU GUILTY?
A FARMER carrying an express package from a big mail-order house was accused by a local dealer.
"Why didn't you buy that bill of goods from me? I could have saved you the express, and besides you would have been patronizing a home store, which helps pay the taxes and builds up the locality."
The farmer looked at the merchant a moment and then said:
"Why don't you patronize your home paper and editorials? I read it and didn't know that you had the stuff I have here."
