NO. 31.

EXCESSIVE RAINS.

George W. Hutson of the Concord neighborhood, one of the most successful cotton farmers in the county, was here Tuesday, and desiring to keep posted on county affairs, paid for the Herald to visit him one year. Mr. Hutson has a large crop of cotton and works about thirty hands all the time. He says he has had no trouble on account of the scarcity of labor, but that excessive rains have given considerable trouble, and that the crop of the county, as a whole, is in a very unsatisfactory condition, which will grow much worse if the present series of rains do not shortly cease.

New Medical Firm.

Dr. W. H. Denton of Braggadocio moved his office fixtures to this city Saturday and will office with Dr. W. A. Swearingen over I. Kohn's store. Dr. Denton's family, with the household goods, arrived Wednesday morning, and now they are residents of Hayti. Drs. Swearingen & Denton will equip their office for all kinds of microscopical and surgical work. One of the first acts on the part of Dr. Denton was to enroll his name on the Herald's honor roll. We welcome the Doctor and family as residents of this city.

Dee Sorrell and Ernest Powell, of the John T. Buckley store, with their families, spent Wednesday on Wolf Bayou, fishing. Mr. Buckley gave them this day off as a vacation for faithful service. Mr. Buckley has quite a corps of workers in his store now, and he believes in showing them that he appreciates their help in his behalf.

World's Press Congress.

Twenty-nine countries have selected representatives in the World's Press Congress in Sydney, Australia, in 1918, according to Dean Walter Williams of the School of Journalism of the University of Missouri at Columbia, president of the congress. The journalists of five countries have voted to unite with the organization since its formation at the Exposition in San Francisco last July. The countries now holding membership are: United States of America, United States of Colombia, China, England, Australia, Japan, Germany, India, New Zealand, Argentina, Honduras, Salvador, Guatemala, Costa Rica, Canada, Ireland, Switzerland, Portugal, Russia, Cuba, the Philippine Islands, Italy, Venezuela, Denmark, Sweden, Persia, Brazil, Chile and Belgium.

The office of the president is the permanent headquarters of the congress. The congress will meet triennially at the world's capitals. Its first formal meeting will be, upon the invitation of the government of New South Wales, in Sydney.

Likes Our School System.

W. D. Hart of Sikeston was in this city Tuesday and called around at the Herald office. He came in to get a copy of the Herald of some weeks back relative to an article about our city schools. He told us that a good school was one of the best things a community can have, and this is what attracts him to this city. He is a successful farmer, and will likely locate in this city. We will be glad to welcome him and family.

Misses Nell Morgan and Annie McClure left this (Thursday) morning, for Paragould and Memphis, for a short vacation which they will spend visiting Miss Morgan's sisters, Mrs. Schleicher and Miss May Morgan—Kennett Democrat.

Mrs. Tom Curtner of Cairo, Ill., came down Friday night for several days' visit with Mrs. Mary Curtner and family.

SEVEN YEARS AGO.

The financial statement of the school district showed a balance in all funds at the end of the school year of \$2,306.67. This was a pretty good showing for the school at that time.

The Herald read: Mrs. Vic Smith of Hot Springs, Ark., was born July 25, 1850, on the old homestead adjoining Hayti, and died at Hot Springs, Ark., June 5, leaving a husband and one son, Harry, and two sisters—Mrs. S. V. Gordon of Kansas and Mrs. C. D. Tresenriter.

This city had a dog law in force and was enforcing it, too. What is the matter with the ordinance now? It hasn't been repealed yet. Then let us have it enforced or take it off. There are altogether too many worthless dogs running the streets in Hayti.

Mrs. Chas. A. Crow died at the family residence in Caruthersville Wednesday night at 8 p. m. She was then the wife of Congressman Crow.

The Dunklin Democrat carried an article stating that for several days several of its representative citizens were taking options on land in Dunklin, Pemiscot and New Madrid counties, and in the future expected to drill for oil. This has been done several times, but as yet we don't see any oil flowing.

Mr. and Mrs. F. M. Gwin were among those from this city who attended the Confederate Reunion at Memphis.

The Frisco was laying heavier steel and raising the track between Hayti and Kennett. The track was also rock ballast.

Mrs. Mary L. Buckley of Tennessee was in this city visiting her son, John T. Buckley. Mr. Buckley at that time was clerking behind the counters at the J. L. Dorris store. Now he is owner of one of the best general stores in this city, and his trade is enormous.

Quite a little agitation was being made over the rumor that the telephone company was thinking of cutting out the exchange in this city and operating from Kennett. However, it was not done.

R. N. Brasher, Arthur Allen and Julius Kohn were in Pig-gott, Ark., the first of the week. They attended the wedding of Douglas Z. Walker and Miss Juanita Tucker, of that city, which occurred Wednesday evening. Mr. Allen acted as best man at the wedding. Mr. Walker and bride have congratulations of friends from this city.

What kind of coffee do you use? Silver Moon and Excello are the best. Buckley's.

F. M. Perkins, secretary of the Pemiscot County Democratic Central Committee, left for St. Louis Monday night, where he will attend the big Democratic convention—and help nominate President Woodrow Wilson.

Mrs. Bill Klutch of Elaine, Ark., was here the latter part of last week visiting her sister, Mrs. Wm. Kennon.

None so good as Lee Brand. Sold only at Averill's Store.

David W. Hill of Campbell was in Hayti Wednesday.

Russell's Nomination Certain.

It is now certain that this gentleman will be nominated as the Democratic candidate for Congress in the Fourteenth District without opposition, and is pretty sure to be re-elected next November.

This is right and best for the people of our district. He has grown to be one of the most popular and influential men in the House, and we are all proud of the splendid record he has made by his accomplishments. He is not only the representative of the Democrats of this district, but of the individual Republicans as well. No person ever wrote him at Washington invoking his aid in legitimate official business that did not receive a courteous and prompt reply and have his best efforts. He has never cared or inquired as to the politics of the men asking his assistance. If a citizen of this district, Mr. Russell gave his request prompt and efficient attention.

Congressman Russell is the right man to represent this district and it is not possible that he will be defeated next November. We need him at Washington.—New Madrid Record.

Another City to Pave.

The board of Aldermen on last Tuesday met to receive bids for the paving of one-half mile on of Washington avenue, being that portion from College avenue west to "D" street.

Although several contractors had gone over the plans and specifications and had expressed their intention of bidding on the job and two of them were present, Mr. Carmean was the only one to file his bid; but as it was within the estimate and conceded by all to be reasonable, the work was awarded to him.

Mr. Carmean has been devoting his time to concrete work for a number of years, has laid practically all of Kennett's many miles of concrete walks, and his work has always been of the highest order; and the property owners interested, all of whom are his personal friends, are glad he secured the work.

This will be the first piece of paving for our city, but it will be closely followed by several other contracts; and, as with concrete sidewalks, the interest will grow until it covers the city, and it will not be long until all our streets are paved.—Kennett Democrat.

NIMBLE IKE.

A Good Offer.

Gee Whiz! Some of the state candidates are certainly liberal hearted. This week we received a regular letter from a state candidate seeking the office of Secretary of State, and in which he lost no time in paying compliments and asking that we devote space each week for the month of July for the interest of his candidacy. And all this for thanks. No, no. Not much, Mary Ann. Space in the Hayti Herald is for sale, and for cash, not for trade.

And, if you please, he sent along a lot of ro-print—everything ready to set, quite accomodating, we don't think.

Our columns are open to all advertisers for a legitimate business, and any candidate may have space if they send the money along with the copy.

Dr. C. E. Martin and Dr. George Washington Phipps of Caruthersville motored over to this city to see the sights Friday morning.

Are You a Sound Sleeper?

What I mean is, are you one of the kind that sleeps so sound you do not hear the thief prowling around, and then, after the mischief is done, you lock everything securely? That kind of preparedness is worth nothing.

The man who is so careless or so set in his ways that he lets his dollars slip away without anything to show for them is as bad as the man who locks his barn after his horse is stolen.

With each five dollars of cash trade we give a premium. They are constant reminders and, we hope, pleasing tokens of our appreciation of your patronage.
