PRAYED NOT TO SEE MORNING

Pitiful State Of Stomach Invalid Who Recovered After Taking Black-Draught.

Elmsford, N. Y.—"Only a few months ago, I prayed I would not see morning," says Mrs. Charles E. Jones of this town. "For five long years, I was an invalid, and tried everything I heard of to obtain relief. My husband spent over four hundred dollars trying to get me well. I read in one of the Ladies' Birthday Almanacs about Theodor's Black-Draught, and decided to try it. I took five packages, and am able to say that I can sleep like a baby, and eat, and drink anything I want, and walk two miles, easily. Feel better than I have for years. Before taking Black-Draught, I was troubled with my heart, had indigestion and constipation. Twice, I was given up to die, but thanks to Black-Draught I did not. I cannot say too much for Black-Draught."

For indigestion, constipation, head ache, dizziness, malaria, and all disorders of the liver and stomach, Theodor's Black-Draught has proved itself a safe, reliable and valuable remedy. It is composed of pure, vegetable herbs, contains no dangerous ingredients and acts gently, yet safely. Good for young and old, and should be kept in every family chest. Get a package of Black-Draught today. Only one cent a dose.

FOR WILSON and MARSHALL

FOR PEACE PREPAREDNESS and PROSPERITY

TO TAXPAYERS.

The taxpayers of Pemiscot County, in the year 1915, paid \$12,957.36 into the state treasury. Judge Lamm says that money was wasted by the Democrats. Let's see if it was. According to the records at the county court house in Caruthersville, in the year 1915 Pemiscot County received from the state the sum of \$27,183.50. These figures not only show that the state government is not costing Pemiscot County a cent, but they also show that this county makes a clear profit from the state of Missouri in the sum of \$14,226.23 per year.

All this is directly due to the broad, liberal and efficient policy of the state administration in extending state aid to roads and district schools. There are ninety-five other counties situated just like Pemiscot in this respect. What do the taxpayers of Pemiscot County think of this situation? Do they want to change it? Judge Lamm says this is nothing but "extravagance" on the part of the state government, and he is going to wipe it out.

Taxpayers of Pemiscot County, when Judge Lamm reverses the fiscal policy of the state and shuts off the \$27,183.50 per year you are now getting from the state, how are you going to make good the loss? Where will you get the money? You will go down into your own pockets for this money. That's where you will get it; or else you will close your schools. Now, isn't that the truth? Figure it out for yourself. There is no reason why any Pemiscot County taxpayer should vote for Lamm this year.

WE NEED WILSON.

The new crisis precipitated by the submarine attacks in the waters off the northeast coast of the United States brings forcibly to mind the ever present peril of this country until the war in Europe is ended. One false step might involve us in the struggle. President Wilson's wisdom is still needed in Washington, and will be needed until the European conflagration is ended. This latest submarine attack on our very shores is a striking refutation of the statement of the Republican campaign managers that the United States was never in less danger of war than now. In the light of facts such an assertion is reckless. There have been many times in the past two years when one false step would have precipitated us into the middle of the European horror, and the danger was never more present than this very moment. Every thing indicates that Hughes, Roosevelt & Co. are elected we will be at war within a very short time. Else why do they criticize President Wilson for keeping us out of that great "game of hell broke loose on earth"? Voter, if you love your country, your home, your life, you will seriously think the situa-

WHAT THE PRESIDENT ACTUALLY DID TO AVERT STRIKE DISASTER

Before I consulted with them (the railway executives and the representatives of the employes) I made myself acquainted with the points at controversy.

The first thing I told both sides was that I stood for the eight-hour day. We believe in the eight-hour day because a man does better work within eight hours than he does in a more extended day. I said to the railroad executives: "You are asking that the result of the eight-hour day be predicted and the prediction be arbitrated. The reasonable thing to do is to grant the eight-hour day not because the men demand it, but because it is right and let me get authority from Congress to appoint a commission to observe the results and report in order that justice may be done the railroads in respect of the cost of the experiment."

That was the proposal which they rejected and which Congress put into law, a proposal which I made to them before I conferred with it, which I urged upon them at every conference, and which when the one side rejected and the other accepted I went to Congress and asked Congress to enact. I did not ask either side whether it suited them, and I requested my friends in Congress not to ask either side whether it suited them. I learned before the controversy began that the whole temper of the legislative body was in favor of the eight-hour day.

In the House of Representatives the plan was passed, was sanctioned, by a vote which included seventy Republicans as against fifty-four Republicans. In the Senate the Republican members held a conference in which they determined to put no obstacle in the way of the passage of the bill. Now, this was because the proposal was reasonable and was based upon right.—From President Wilson's speech to New Jersey business men at Shadow Lawn, N. J., Sept. 23.

tion over before voting for Hughes, the candidate of those who want war.

SAYS NONE WILL MAKE MISTAKE

B. E. Cox Declares People Can't Go Wrong In Trying Tanlac.

Joplin, Mo., Oct. 18.—"No one will make a mistake in trying 'Tanlac,'" B. E. Cox, well-known Joplin man, who lives at 1722 Grand avenue, said recently.

"I tried Tanlac for catarrh of the head, throat and stomach," he continued. "It was very severe. When I arose in mornings there was a full feeling in my head and I felt listless. I hawked and spit mucus continually. Usually I had a dull, throbbing headache. I nearly always had a dull pain in the pit of my stomach and kidney region. I simply felt stuffed up and worn out and my hearing had even become affected."

"Tanlac acted like magic in my case. One bottle of the medicine cleared my head and banished most of my catarrh. My stomach feels right now. My appetite is good. I'm stronger and I've gained weight. Tanlac is the only medicine that has really helped me."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, loss of appetite and the like.

Tanlac is now being specially introduced and explained in Hayti at Lefler Drug Store. adv.

A new syrup treat—

Dunbar's New Northern Syrup

Nothing you have ever tasted gives you an inkling of the flavor of this tasty syrup. It has taken the good eaters of the south by storm. It will appeal instantly to your "sweet tooth." It has the splendid flavor of rich, pure maple.

With pancakes, waffles, corn bread, hot biscuits—it is simply immense.

As a cooking syrup, it adds many delightful new dishes to the stock-in-trade of the good cook.

Dunbar's syrups are made in a new, model, sanitary plant. They are as pure and wholesome as they are delightful.

Dunbar's New Southern Syrup is another great favorite for table and cooking.

It has the tempting taste of pure Louisiana cane syrup.

Order a can of this delightful syrup today from your grocer. Special trial size—5c. Regular size—25c and 50c.
